ary over-leasting.

Mrs. J. Beck, of 19 Cornwall St., Toronto, says:

For nearly two years I was troubled very frequently
with acute biliousness, nausea and gas around the
heart which brought on a smothering sensation so
bad that I sometimes felt as if I were going to choke.
This smothering sensation would come on suddenly,
sometimes in a morning and then again not until the
evening.

sometimes in a morning asserted bilious attack not long ago I was advised to try Blicans. I did so, and experienced speedy relief; I then took a short course, and I can say Bileans are absolutely unequalted. Before taking them I had tried one medicine after another, but nothing seemed to relieve me. For biliousness or gas around the heart there is nothing like Bileans. You are at liberty to use this statement for publication if it will benefit other sufferers.

A Doctor's Opinion of Bileans

Dr. C. H. Bennett, L.R.C.P., L.R.C.S., says:—
A number of samples of Bileans have been examined by me and I have tested their qualities very thoroughly, both in the laboratory and in—practice.
They are purely vegetable in composition, and have given me excellent results. I believe them to be a most useful and satisfactory family medicine.
