FORT GEORGE FARM LANDS—THE building of the Grand Trunk Pacific Railway through the wonderfully rich valleys of Central British Columbia means the opening up of the richest farming country in the West and the last vestige of the frontier. This coming spring will witness a great rush of settlers into that country, and prices of all lands are increasing very rapidly. These new farms need good men. We are spending large sums of money buying up the best land in the West, and opening up the country for settlement, and are offering special inducements regarding an exceptional opportunity to prospective settlers. Climate is delightful, progress of war and peace, hunting and fishing possible. We are offering selected farms at low prices—few dollars per acre—and the balance of the price can be paid in installments. We also allow you a one-year re-selection clause, giving you a full year to inspect your land. If you are not satisfied you may change your land for another of equal value. We are fair, and enables you to buy at our present low prices. In our London office we have samples of grain and grass, grown on the best of the land. This past summer, also pictures and maps of the entire country. For full particulars, regarding an exceptional opportunity, call on us or write, North Coast Land Company, Limited, Dominion Bank Chambers, London, Ont. 66c
