REAL ARTISTS AMONG READERS

A considerable portion of Advertiser women readers must possess artistic talent of no mean merit, judging by the hundreds of well-drawn designs for the Easter bonnet contest, which closes today. The fashion editor says it is going to be very difficult to pick a winner among so many excellent and becoming millinery styles. Hats, flower and ribbon trimmed, hats be-feathered, hats mannish and hats typically feminine have all been sketched by the hundreds of comtestants. "Smart" ap-pears to be the adjective that best applies in many cases.

Many of the neatest designs have been sent in by girls of fourteen years and under. So excellent are they that The Advertiser and Messrs. Gray's, Limited, have decided to OF-FER A SECOND PRIZE for the best hat designed by the

girl, will be given, together with a picture of the successful hats.
