St. Thomas Club Got to Evans in First Inning for Enough Runs To Win With — Crippled London Team Could Not Do Much to Reilly.

"Dad" Stewart's collection of brakemen, sectionhands, wipers and other railroaders who spend their vacations in the Canadian League, drifted into this city yesterday afternoon after losing a game to the Reisling team during the morning in the Railway Town. There was nothing particularly exciting about their advent until they happened into Tecumseh Park, where a large crowd of local and St. Thomas bugs were collected. They were late in arriving, but there was nothing late about their efforts to wrest the afternoon pastime from the Tecumsehs. They wersted it in the first inning. The other eight were spent in making it more and more painful to the home folks who were looking on. The final result was 10 to 2.

"Flip" Reilly, the slowest slow-ball curver in the Canadian League, was elected to shoot them over for the Stewart aggregation, and his was a most pleasing performance, from a St. Thomas point of view. Opposed to him was "Lefty" brans the tall youth who pitches with his fork hand, but "Lefty" was a wee bit wayward. The first inning was enough to convince him, and anyone else, that his pitching left a lot to be desired. The opening frame proved a regular bonanza for the Saints. They counted four times before the side had been retired; and with that foundation under him, "Flip" Reilly just breezed through and, in ning left as lot to be desired. Brilliant catches in the outfield were made by Cy Reidy and Eddie Lamy, both grabbing off flys after hard runs on difficult chances. Gilbert Forgue, the Saints' shortstop, played a great game, accepting nine chances without a boot.

Jack Mote and Ashley Cooper wrestled for 55 minutes for the city championship at the Springbank Theatre last evening without either gaining a fall. All three cicy bowling clubs opened the season on Victoria Day, and, judging from the way the bowlers turned out and enjoyed the games, the sport has not lost any of its attractiveness in these stirring times. All three clubs celebrated the opening with matches between rinks representing the president and vice-president. In every case the vice-president's rinks won.

The greens were in fine shape, and the season promises to be as enjoyable as in other years. All three clubs have arranged a number of spring tournaarranged a number of spring tourna-ments. Despite the team's crippled condition, it is still up on top of the league, although Ottawa is on even terms and coming strong.

RETRENCHMENT? WHATTAYOUMEAN?

A Sport Page Editorial.

Retrenchment-that is, the curpossible, and the cutting down of the teams to a more economical basis, was to have been the foreword of the Canadian League for the present season. The war, and all that, had made conditions rather unfavorable for baseball, so the magnates sagely concluded that to make money this present season, or merely make ends meet, they must cut down. The high priced teams would be broken up. A cheaper and younger lot of players would be signed up, etc., etc.

Retrenchment! It's a nice word, that; but let's see how far it has gone in the Canadian League. With the season under way and a line on the various teams secured,

places above his ankle when Stewart slid into second base yesterday. At first, it was thought that Joe had not been badly hurt, but last night, the wounds were inflamed and it will likely keep the Brooklyn lad out of the game for a few days.

The London Club Is in a bad way for pitchers at the present time. Mor-gan is still under the weather and unable to work, and with Labate out and Evans going bad, only Hammond and Reisling remain. Hock i ready yet to pitch a full game.

Jim Bowden will likely do the catch-ing for London today. Danford is not going any too good and a rest may do

of one club there has been mighty little retrenchment. London is the only club in the league that has apparently lived up to the plan. The London club broke up its winning combination of last year and signed up a lot of untried youngsters. The other clubs in the league nearly broke their necks trying to land the players that London let go. EVERY CLUB IN THE LEAGUE. Frank Shaughnessy's pennantwinners are intact, with one or two exceptions. Shaughnessy has filled the vacancies with better players, and has even secured a player from a big league club to fill the gap at shortstop caused by the drafting of Jack Mitchell. Brantford is fully twice as strong as last season, and Rube Deneau is figuring on being a bench manager this year, whereas last year he was

St. Thomas secured Bierbauer, a player drafted from the London club. The Saints also went out and strengthened the weak spots of last season by getting better men.
Guelph secured nearly its whole team from the Toronto inter-International League club. It is practically the team that represent-ed Toronto in the Canadian League last season. Hamilton is far stronger than last

season. The Hamilton fans de-manded a better team, and no expense has been spared to get one.

Then where does the retrenchment come in? The London club has just as good a team as any in the league, but to date it appears that the local management is the only one in the league that has the time comes for the clubs to get down under the salary and players' limit, there is going to be a lot of fun, and methinks that President James Patrick Fitzgerald will be
