tion of a by-law for the sale of the lot on Yates street, now occupied by the Deluge engine company.

A protest was read from Jos. Bosowitz against the appointment of A. L. Belyas as police magistrate.

Ald. Buxton moved that the document be received and filed.

Ald. SMITH moved as an amendment that a copy of the charges be furnished Mr. Belyas to enable that gentleman to reply to them at the next meeting of the Council.

Ald. HUNTER, RANCOY and COGHILAN were of the opinion that the entire matter was one which it was not the business of the Council not to consider.

The amendment of A. L. SMITH was lost, and the motion of Ald. RANCOY that the document be received and filed was carried.

BY-LAWS.

First reading of the by-law to amend the Cemetery by-law, in conformity with the recommendation of the Cemetery committee.

REPORTS.

The Finance committee submitted its report as follows, re: the home for aged and infirm: Recommend the leasing of the old French hospital for a term of six months at \$100 per month, with the privilege of renewal for twelve months. This includes all of the bedding and furniture in the building at present. Aldermen Renouf, Holland and Munn were recommended as a committee to arrange for the lease of the hospital and arrange for the care of the aged and infirm.

In re: the bonus to Brackman & Ker's mill, the committee announced that it had submitted a proposition to those gentlemen.

In re: Mayor Oppenheimer's request for aid for the Provincial exhibit, it was recommended by the committee that the city extend the assistance and take steps to have Victoria properly represented at the coming exhibition.

The report caused some discussion, and while the effort to establish a home for the aged and infirm destitute poor was commended as a most worthy one, Ald. Coughlan and Smith thought a by-law was necessary. Ald. Coughlan was also of the opinion that it would be well to look into the matter necessary to maintain the home. Ald. Renouf announced that \$500 per month would be sufficient to maintain the home, and that one-fourth of this amount would, under the act, be paid by the government.

Ald. McKILLICAN said that he understood that the property was for sale for \$8,000, and if such was the case, it would be much cheaper for the city to buy the property than to pay \$100 per month rent.

MAYOR GRANT said that it was an urgent necessity, and a question that the city had to face. It was the law, and the corporation was compelled to aid and assist the poor, and he believed it was a wise measure to secure a home for destitute people. There was a sum of money now in His Worship's possession for the maintenance of one person. He should hold a subscription of \$500 for the purpose, and he had no doubt that others would gladly subscribe to assist a project of this kind when it is once started. There are a great many people sadly in need of a home where they could be taken care of.

Ald. COUGHLAN thought that the home was a very desirable institution, but he thought the report of the committee should be held over one week in order to give the Council an opportunity to investigate the matter.

Ald. HOLLAND urged the adoption of the report, as the Board of Trustees of the Jubilee Hospital would soon go out of office, and the board should receive the city's answer.

Ald. ROBERTSON announced himself to be in favor of the immediate purchase of land and the erection of a suitable home. He believed it should be located in the country, where ground suitable and open for building for garden and farm purposes could be obtained.

Ald. MANN urged immediate action. He considered the old French hospital as the most desirable site for the present. As to the land for farm and garden purposes, he doubted its feasibility, as he did not consider that the class of occupants who would require the shelter of the home would be successful as farmers.

Ald. HUNTER thought it a wise action to adopt the report at once. It was an object worthy of prompt and immediate consideration. There are many men in the city crippled and destitute who have lived here many years, and assisted in the past toward the upbuilding of the province and of the city, and who are now suffering for the comforts that their old age and condition require.

Ald. McKILLICAN, while recognizing the desirability of the old French Hospital, he thought the city should erect a new building for the purpose, and considered it cheaper.

Ald. SMITH also thought the hospital undesirable. It had for 25 years past been used as a hospital, and he did not consider it a healthy or fit place for homes for these old people. He was of the opinion that the city should secure some other place.

The amendment to lay the report on the table until the next meeting was lost, and the report as read was adopted. Aldermen Renouf, Holland, Hunter, Munn and His Worship the Mayor voted in favor of the adoption of the report. These voting against the adoption of the report were Aldermen Smith, McKILLICAN, Coughlan and Robertson.

The Street committee recommended the picking up of the road along Government street from Yates to James Bay bridge, and roll it down, so as to give it a level surface; to build a five-foot sidewalk west side of Chambers street, from Putnam to North Park; to erect six-foot sidewalk on Chatham street, from Chambers to Fernside road. Adopted.

Chief of Police Sheppard called attention to the dangerous condition of the narrow sidewalk along the new Five Sisters block, and recommended that a railing be erected along the outside of the walk.

Ald. SMITH thought that there is scarcely room to erect a railing along the walk, and it was very essential to adopt some safeguard, and he hoped the Council would take some action in the matter.

The report was referred to the Police and Street committee, with power to act.

RESOLUTIONS.

Ald. RENOUF introduced a resolution, that the city extend a public welcome to the Grand Lodge of the A.O.U.W. of Oregon, Washington and British Columbia, which meets on July 14. Adopted.

MISCELLANEOUS.

Ald. McKILLICAN gave notice of his intention to introduce a by-law to adjust the ward boundaries in accordance with the new city limits.

Ald. HOLLAND asked the Council to grant the sum of \$7,250 for the purposes of the new market now being erected on Government street. It was so ordered.

Ald. HOLLAND moved that the sum of \$7,500 be placed to the credit of the Market committee out of the general fund. Carried.

Ald. COUGHLAN suggested the advisability

of a special meeting to consider the city's finances, and the Mayor appointed a special meeting for next Monday evening at 7:30 o'clock, sharp.

Ald. SMITH reported that Mr. McBean had offered the city a lot of roof free of charge, if the city would cart it away. Referred to the Street committee.

Ald. MANN of the Park committee, reported on Mr. J. H. Bowler's offer to give the city 20 acres on the summit of Mount Tolmie. He thought the view from the summit a grand one, and the place was very desirable for a city park, but the committee did not altogether concur with Mr. Bowler, and he suggested that the Council invite Mr. Bowler to be present on Monday evening, and let him submit his argument and proposition to the Council.

MR. BELYAS'S APPOINTMENT.

The matter of notifying Mr. Belyas of his election as police magistrate was discussed, and it developed a discrepancy in the Municipal Act. Under section 219 of that act the provision is made for the appointment of a police magistrate by election by the Council, and renders necessary the approval of the Lieutenant-Governor, Section 220 of the same act gives the authority to the Council, and does not require the assent of the Lieutenant-Governor. The act also requires that the police magistrate shall be a Justice of the Peace, and it was a question in the mind of some of the aldermen if any police judge had been appointed, if not, Mr. Belyas would have to be elected again by the Council, after he had been created a Justice of the Peace. The question was referred to the Council, and the Council city clerks. Should there be any doubt regarding the appointment, the committee will report at the next meeting of the Council.

The Council adjourned at 10:45 o'clock.

## THE FUN OF CATCHING EELS.

The Squirrels Are Sometimes Caught in the Traps of the Fishermen.

Parties travel about the river, says the Lewiston Journal, setting traps for eels at the mouths of brooks above salt water. These consist of a roomy box of eels, with an inconspicuous entrance. The squirrels go in and stay in till they are taken out. Other parties set poils near the head of the tide. These are like lobster traps in some respects. In the end is a tunnel-shaped entrance very easy to get into. This entrance is rendered still more effective sometimes by a continuation in the shape of a stocking leg, and I have seen sharp brads driven in so as to impale the victim should he poke his head out the door. These traps are sunk to the bottom with a line and buoy attached. Horse-shoe crabs considered to be the best bait for eels. In the fall they pass up into rivers and ponds, sometimes in great numbers, and always in the darkest nights; then the boys are on deck with gafts.

Their winter home is in the slimmest mud. Some bed in salt mud, others in the rivers. At Goose river is a spot where eels are always found just as soon as ice forms. Strangely enough, it is said to be a ledge. By quick work a bushel are sometimes speared out in a few minutes. Sparring is to me the most satisfactory method of fishing for them. An eel spear is built like Neptune's trident, with a wooden handle twelve to twenty feet long. With it the fisherman spears in the river, if in the water, at low water. In the fall a bait is used. In the winter the ice is cut in a semicircle, then with one clip the projecting tongue is cut off and pushed under. Now the podging begins. The spear is jabbed in the mud gently; if it meets resistance when pulled out, the fisherman yanks it like lightning and shakes the eel from the hook.

Very often in this country, near the wharf and shipyard, an iron bolt, a tree nail, hoop skirt, stove funnel, bag of lentils, piece of rigging, gold watch or some other trifle is hauled out, and by Christmas time the ice is covered with trash. Eels move about some in the mud, for sometimes they are caught here none was to be found the day before.

## CASH CUSTOMERS.

One Grocerman Says He Prefers Those Who Trade on Credit.

It seems very strange, but it is true, nevertheless, that a grocerman who pushes for his purchases are not considered very desirable by butchers or grocers, and especially those who do not send children or messengers after the goods, but go themselves and have the articles selected and weighed or measured under their personal supervision. A grocerman whom I questioned on the subject endeavored to deny that such was the fact, says a writer in the New York Telegram, but when I mentioned several instances to show that it was true, he said: "Well, we don't like them because they are too particular. They want the biggest and best of everything, and then they buy down your prices as low as they can. Of course it is pleasant to get the ready money, but it comes in such small amounts that the full benefit of it is not appreciated. Besides you are never sure of a cash customer. They are not in your debt and can quit you when they feel they have a grievance. You are sure of the amount of the account, and you know your price as low as they can. Of course it is pleasant to get the ready money, but it comes in such small amounts that the full benefit of it is not appreciated. Besides you are never sure of a cash customer. They are not in your debt and can quit you when they feel they have a grievance. You are sure of the amount of the account, and you know your price as low as they can.
