The best is is in the series and is closed by a face of the bas of connort from noise to the face of the bas of connort from noise to the series and the off the bas regulated homes, will generally reveal a decided lack of well made ironing holders. In "getting along" without a micely padded hand the series who were wont to use the road is of connort a micely padded hand the series who were wont to use the road, state the laundress straggles with stip per pieces of cloth and loses more time that it was surveyed and grassited years ago. At two clock on Friday morning last the best reacting for making ironing holders. The face of the second state is of canton flame. In fashioning the burning of the state is the use of the last of the second is the top layter a piece of thin lester and ens of paper. Then sew the holder through and in place.

Crushed strawberry red is the favor-ite color in wash silks used for the blouse waists.

White dresses are effectively trim-med with yellow laces and insertions and are particularly pretty made over yellow silk

Among the delicate colored organdies so pretty for summer gowns there are bright poppy reds and dark navy blue. The red gowns are very striking trim-med with black lace, and the blue is pretty adorned with white.

Openwork embroidery is fast gaining favor and is now done on colored cham-

for the foregoing, consists of a double raffle trimmed with rows of moire ribbon and mounted on a small yoke. The neck is finished with a full ruche knot, neck is initiated with a full fucte and, tied with long moire strings. Another cape of moire has wide ends in front, the back being pointed into the waist, and sleeve and shoulder frills are of jet-ted net. A cape made entirely of lace, which is fulled to a plain yoke, is finish-ed with fan abaned pieces and a how at ed with fan shaped pieces and a bow at the neck.

Cocoanut Cream Bars

bery as well as white and earn mall. It is used extensively on one gown, sometimes forming the entire front of the shirt. Parasols to match the tiny checked wooden spoon rub and sorape the mix-Boil 3 pounds of granulated sugar, a Parasols to match the tiny checked silks so much in fashion now are the proper thing. Sporting jewelry is a feature in thief. Gold bar safety pins have on them ev-ery animal that has tempted man to kill, and always in fall chase. Original brooches are made to repre-sent a flower—a pany, a rosebud, a daisy or a fuchsia—with a few leaves. <text> SUMMARY.
