#### A Few Odd Notes Picked Up Here and There.

Baseball is becoming popular in Mexico. James Donohue will ride next season for G. L. Lorrillard.

There will be no important curling matches until after New Year's day.

Joy Gould's steam yacht, Atlanta has been cut in two previously to being lengthened.

Next year's running meetings at Chicago are for June 20 to 23 and July 11 to August 15.

Chas. Reid's former trainer, James Lee, is to have charge of Commodore Kilgus's stable.

The Montreal bicycle club has 75 members. It was the fourth club of the kind established in Canada.

Alex. Paulsen, the Norwegian skater, and his brother will arrive at Montreal in a few days. They sailed from France Dec. 6.

The six-day 20-25-youth race between Howell, Fitzgerald and others takes place in Madison Square gardens the last week in February.

Wm. Boyd, the runner, has returned to Woodstock from Cleveland, O. He has challenged E. S. Tisdale to run the 100 yds. for \$100 a side.

Harvard and Yale having agreed to make their intercollegiate football fixture for five years, have already a number of men exercising who are likely to have seats in the respective boats.

Business engagements will interfere with Thos. Moffatt's running for the championship snowshoe race at Montreal. He was much favored for the championship, but will now be an absentee.

Home owners would do well to bear in mind that entries for the Dominion handicap of \$400 for Ontario Jockey Club meeting close on Jan. 1 with the secretary, T. W. Jones. Five dollars must accompany the entrance.

Wallace Rose is at St. John, N.B., on his way to England. He is enjoying the best of health, and will take passage in the next Atlantic steamer from Halifax. He is confident he can beat the English sculler by twice ten seconds over the Thames championship course.

Recently the imported stallion Kyrle Daily by Arthur, dam Colleen, by Genoa, was sold for \$2000 by Mr. Mackay of San Francisco for \$2000. He was purchased by Scotland and Lady Middleton by Hurrah, who also purchased the same gentleman at \$2000 and \$2000 respectively.

The Toronto rowing club intend to appeal against the decision of the British Rowing Association. Claptrap will have little effect before a jury. If a boat that is bought for \$200 in 1876 is sold for \$100 in 1883, how much is it worth? It is not a prudent investment. But any intelligent owner would tell you that his boat is worth more than almost all and outperforming horses at the most \$100 minus a hundred. He would not have bought it if it was not worth more than almost all and outperforming horses at the most \$100 minus a hundred. He would not have bought it if it was not worth more than almost all and outperforming horses at the most \$100 minus a hundred.
