The debate turned upon an amendment of Mr. Herries to the Government measure.

## ST. ANDREWS AND QUEBEC RAILWAY.

We have much pleasure in stating that the laborers on the Railway are making satisfactory progress with the work. Little more than a week has elapsed since they commenced, and a good road has been already made some distance from the Bar-road towards the point at Katy's Cove. It is also gratifying to hear these Sons of the Emerald Isle expressing themselves satisfied with their treatment and speaking in warm terms of commendation of the Directors of the Rail Road Company. While viewing the work the other day, we were forcibly struck with the regularity with which each department was carried on—the willingness with which the men worked, and even the youth from 14 years upwards seemed to vie with each other in their endeavours to give satisfaction—and it is a pleasing sight to witness the perfect harmony which pervades the whole. Could the wealthy Irish landlords, see the labourers sent out by Earl Fitzwilliam at work on the Railroad; and hear, as we have, their expressions of contentment, we feel confident they would not hesitate in following the noble example of the Earl. While speaking of the Railroad we would call attention to an able article on Colonization in our columns copied from the London Railway Record—one of the most respectable and ably conducted Railway Journals in England.

Vessel Sunk. The Portland Unipre states that as the steamer Penobscot was coming out of Bucksport harbor, about 12 o'clock on Monday, she ran into the schooner Brandywine, of and for Bangor from Boston, breaking her in two about midships. She sunk in about ten minutes, in 50 feet water. The steamer's boats put off and saved the crew. The cargo, valued at \$10,000, would probably be saved in a damaged state.

P. E. ISLAND.—We have just seen an extract from a Letter received by the last night's Mail, by a gentleman in town, from a friend now resident in London, wherein it is stated that a rumour is current there that the Government have instituted proceeding against Sir H. V. Huntley our late Lieutenant Governor, to recover damages for the injury done by him to the Government House and Ground in this Island, while resident here—[Islander].

On Friday morning last, the 21 inst. the Roman Catholic Chapel of Souris, recently erected, was burnt to the ground. The only articles saved were the Altar furniture, window frames and sashes, and some of the doors. The fire is supposed to have originated through some shavings igniting—[Islander].
