The Steamship Caledonia arrived at Haliax on the 3d inst in 13 days from Liverpool, ringing papers to the 19th April. The Coumbia with one paddle was seen off Holyhead y the Caledonia. We regret to observe that he distressing news from India, brought by he last mail, was even greater than stated by he papers received by that arrival.

Lord Ashburton.-The N. Y. Albion

The accounts from Washington, written and verbal, have for a week or two past represented that the special Minister had at last made some progress towards arranging one of the objects of his mission—namely, the Northeastern Boundary Question. The modefated tone of the Maine journals corroborates these accounts, and they are now rendered almost certain from the Governor of the
State of Maine having called a Special Session of the Legislatire. This is certainly very
satisfactory intelligence, and we trust that the
satisfactory intelligence, and we trust that the
efforts of his lo dship will be crowned with

Ni is stated that Judge Preble and another It is stated that Judge Preble and another gentleman have been summoned by the Secretary of State, or deputed by their own State, to proceed to Washington as Commissioners, in order that the negociations may have the benefit of their thents and local knowledge. This we think tery proper, for a knowledge of the localities of the territory in dispute is absolutely essential to any one who wishes to become properly acquainted with the subject. Judge Preble we know is thoroughly versed in the business, for he was sent to the Hagne as the American Commissioners. throroughly versed in the business, for he was sent to the Hague as the American Commissioner when the matter was referred to the King of Holland for his arbitrament; and he has otherwise shown his minute acquaintance with the matter in dispute

a native of the Province; whose father was employed with the lete Col. Barclay, in tracing the boundary, in 1816-17, and who is himself well versed in the entire question in all its ramifications; this is sufficiently shown by the little treatise he published on the subject a few years ago, which is the most clear, comprehensive, and understandable exposi-tion, if we may use such a word, that has appeared on the British side of the question

THE AMARANTH.-This popular Magazine for May, has been received; and as usual is well filled with original and selected articles Its emerprising publisher deserves to be libe rally patronized.

The County Accounts have been handed us for publication. They will be inserted in our next number.

We feel great pleasure in copying the following Card from the Eastport Sentinel of the 4th inst., and assure our friends of the Eastport Orphean Band, that should they visit St. Andrews again, they will meet with a hearty reception from the inhabitants, and every exertion will be made to render their stay agreeable and pleasant.

Orphean Band take this method of tendering to the citizens of St. Andrews, generally, their heartfelt thanks for the generous reception they met with on the occasion of their visit to that place, on the evening of the 27th ult. And to the members of the St. Andrews tall Band, in particular, they would tender their friendly acknowledgments for the hospitality shown them, and the unsparing pains taken to render their visit an agreeable one. They will ever cherish with grateful feelings, the recollection of their visit to St. Andrews, and the kindness and attention of their polite and warm hearted entertainers.

FARES REDUCED .- The fares of the Fredericton Steamers have been reduced ;- the teamer Fredericton taking cabin passengers for 7s. 6d., forward passengers 3s. 9d., and the steamer New-Brunswick charging only 5...for a cabin passage, and 2s. 6d. forward; this, we confess, will never pay; there is something more than a desire to benefit the public, as the last year's rates were quite lo

that the folic wing vessets are now at sea, with made known at time of sale.
