With the exception of George Eliot, there is no female novelist of the day comparable to Mrs. Oliphant. Her range is wide. Her felicity of expression and aptitude for story-telling are remarkable; her characters are human beings, not lay figures; her description of life and scenery is accurate and beautiful, and in all her tales the reader will find a number of those suggestive hints and unobtrusive charms which show the hand of a true artist.—*The Daily News*, London.

Mrs. Oliphant has that placid yet piquant style which a few English writers possess, and they alone—which lends a peculiar attraction to their stories, yet offers none of the sensational qualities which offend a critical reader, however much they may gratify a certain class of patrons.—*Springfield Republican*.

Some writers seem to have no power of growth: they reproduce themselves with more or less success. But others, who study human nature, improve instead of deteriorating. There is no living novelist in whom this improvement is so marked as Mrs. Oliphant.—*London Press*.

Mrs. Oliphant is one of the most admirable of our lady novelists.—*London Post*.
