

THRESHING MACHINES.

THE Subscriber begs to announce to the Farmers of the Gore and adjacent District, that he continues to manufacture THRESHING MACHINES of two, four, and eight horse-power. Having made recent improvements in his Machine and obtained a Patent for the same, he is enabled to offer his Customers superior advantages. He thinks the large and increasing demand his Machine has obtained for several years past, (135 made and sold last year,) is sufficient evidence of their superiority.

He has also commenced manufacturing SEPARATORS, that can be applied to any horse-power, which he will sell as low for Cash or approved Credit, as can be purchased in the State of New York.

NURSERY AND SEED GARDEN,

ON THE KINGSTON ROAD,

One and a half Miles from the Market-place.

GEORGE LESLIE & Co., Proprietors.

THIS Establishment is situated as above, and was formerly carried on by GEO. LESLIE. The tract of land, twenty acres in extent, is admirably adapted to the purpose. Upwards of ten acres are already planted with Trees, Shrubs, &c. and arrangements are being made with a view to render this the most extensive and useful establishment of the kind yet attempted in the province. They have on hand, and offer for sale, a superior collection of Fruit and Ornamental Trees, Flowering Shrubs and Plants, Green-house Plants, Bulbous Flower Roots, Dahlias, &c.

The collection of Fruit Trees comprises the most valuable and esteemed varieties adapted to our latitude, either grown here or in the well known Mount Hope Nurseries of Rochester, N. Y., with which this establishment is connected.

The collection of Ornamental Trees, Shrubs, Roses, Herbaceous Plants, &c. is quite extensive, and is offered at moderate prices. Public Grounds and other places requiring large quantities of Trees and Shrubs, will be laid out and planted by contract at low prices.

To persons at a distance we would recommend to procure their Fruit Trees in the Fall, more particularly where the soil is dry and warm: October and November, immediately after the cold weather has arrested vegetation, is esteemed the best season of all for transplanting Trees. When Trees are transplanted in Autumn, the earth becomes consolidated at their roots, and they are ready to vegetate with the first advancement of spring.

All articles sent from the Nursery are carefully packed, for which a small charge, covering expenses, will be made. Packages will be addressed and forwarded agreeably to the advice of persons ordering them, and in all cases at their risk.

A large supply of Fresh and Genuine Garden Field and Flower Seeds constantly on hand at their Seed Store and Nursery Depot on Yenge Street, between King Street and the Wharf. Such Seeds as can be grown to greater perfection here than in Europe, are raised in the Nursery Grounds, and sold wholesale, at low prices.

Orders by mail (post-paid) from any part of the country, if accompanied by a remittance or a satisfactory reference in the City of Toronto, will receive prompt attention.

Priced Catalogues will be furnished gratis to all post-paid applications.

ST. CATHARINES NURSERY.

THE Subscriber still continues the cultivation of the most choice kinds of FRUIT TREES, and has now a good assortment of Apple, Peach, Plum, Nectarine, Apricot, Quince, and Cherry. He is growing an extensive ORCHARD, consisting of all the varieties, which he offers for sale; and many of the trees have already borne Fruit, enabling him to cut his Grafts from such as are true to their names.

In this manner he hopes to attain that degree of accuracy in cultivation which will enable him to avoid these mistakes so unpleasant to purchasers. Apple, Peach, and Quince Trees, are 1s. 3d. currency, each, or £5 per one hundred.

Apricot and Nectarine are 1s. 6d. each. Cherry and Plum 2s. 6d. A liberal discount will be made to any person or company that may buy one thousand.

Catalogues will be furnished gratis to all who may apply. All orders by mail for Trees or Catalogues will receive the earliest attention if post paid.
