

should be sincerely glad if you would consider me an Honorary Missionary, somewhat in the same way as the Toronto Diocese consider, my sister who is at the Blackfoot Reserve. I do not like to leave without acquainting you with the fact of my going. I do not know Miss Wilson personally, but we have mutual friends, and I have always heard her spoken of so highly, and I trust we may be friends, and that you will remember me sometimes with her." A very short extract only can be given from Mrs. Sullivan's touching little address at the Toronto W. A., but as her words were meant for all alike, who have worked for Algoma, it is only fitting that Huron's Representative should take notes and pass them on in the LEAFLET.—' In the name of the Algoma Clergy, their wives, the settlers, farmers and Indians let me thank you most gratefully for all you have done for Algoma in the past seven years. Many of you have no idea of the value of your work in that Diocese, because you cannot understand the isolation and dreary monotony of many of the lives you have helped to brighten. To the missionaries and their wives you have sent clothing, warm and good, and beautifully made, thereby saving many a missionary's wife weary hours at the sewing machine. Articles deemed indispensable here, but luxuries to them, have gone to many homes. Sickness and pain have been made almost sweet by loving sympathy and help, and their children you have educated and looked after like loving parents. I wish the Bishop were here to thank you in fitting words—but am I wrong in thinking these deeds have been done from love to the Blessed Saviour, and when from Him you hear the sweet 'Well done,' you will feel repaid a thousand times." From Mentone the Bishop of Algoma writes to our Corresponding Secretary. "Dear Mrs. Falls, Mrs. Sullivan has sent me your letter transmitting to her the resolution adopted at a recent meeting of the W.A. of the Diocese of Huron, in which the members united in expression of gratitude to Almighty God in my behalf, for the restoration of my health, and of hope that it might be given back to me in perfect measure. Will you convey to them the assurance of my grateful appreciation of their kindly interest in my welfare, and say to them that while recognizing God's hand, first and most of all in the return of my strength, I also realize deeply the debt I owe to your Diocesan Branch of the W. A., with others for the relief given to my mind by the knowledge of the warm and active interest taken by the members in our General Mission Fund, and the noble contribution made by their means to the liquidation of the debt which we had incurred. As the fact of that debt had led largely to my temporary collapse, so, humanly speaking, does the information I receive as to its disappearance aid in my recovery. May I also take this opportunity of expressing my hearty sympathy with you all in the illness of your President, Mrs. Baldwin, and my earnest hope and prayer that it may please God to give her once more such a measure of health as will enable her to resume her former place in your midst
