ing how necessary was the establishment of this church, it may be mentioned that I have nearly sixty families on my visiting list, of course many of them 60 not belong to the church, yet nearly every one sends tepresentatives to our morning or evening services. But our Sunday School is even a greater success. We have sixty children on the roll, with an average attendance close upon forty, with six teachers, and one of the evidences of its successful management, under our superintendent, Mr. Russell, is that the children voluntarily attend, and rarely absent themselves, except through illness, or any other just cause.

Another successful organization in connection with St. Mark's, is the Christian Fellowship Guild for ladies. It is a social as well as a working society, and it organizes entertainments, etc. Mrs. Arden is president; Mrs. Harrap, secretary: and Mrs. Murton, treasurer. There is one distinctive feature which marks it out as above the usual level of guilds, viz., that all meetings are opened with a prayer and the reading of a rule which cal's to mind the fact that the members are working for Christ, and not for any individual or organization of earthly creation. The absence of something of this kind, the solicitation of Divine blessings, is prelific of trouble and disruption.

As stated in the last number of the Magazine, the first infant christened was the sen of Mr. and Mrs. Graham, who was named "Mark Cloverdale," after the church and district. We have had ten baptisms and three marriages since the opening.--W. H. P. A.

ST. PHILLIPS CHURCH, CEDAR, B. C.

On July 7th, we propose to hold a Flower Festival in aid of our church debt. A full account will appear with next issue.

The Lord Bishop has fixed the consecration of St. Phillips' Church to take place about middle of August. There will be a confirmation the same day, and the Sunday School picuic after the service. On Sunday, 19th, the key of the Schoolhouse at South Cedar was mislaid, so we held service in the old log house—16 attended—the younger members scating themselves upon the floor.

ST. AUGUSTINE'S CHURCH, INDIAN MISSION.

May 26th, St. Augustine's Day, being Ascension Day this year, the colebration was held at St. Paul's, at which the Indian communicants were present. We had Matins at 10 at St. Augustine's.

We have not been able definitely to settle the question of the boarding school for Indian children, as we must first obtain decision of Dominion Government. The holidays at day school last 4 weeks, beginning July 1st.

Eunest G. Miller,

Priest in charge.
