

RADWAY'S READY RELIEF

FOR INTERNAL AND EXTERNAL USE.

Instantly stops the most excruciating pains, allays inflammation and cures congestions, whether of the Lungs, Stomach, Bowels, or other glands or mucous membranes.

ACHES AND PAINS.

For headache (whether sick or nervous), tooth-ache, neuralgia, rheumatism, lumbago, pains and weakness in the back, spine or kidneys, pains around the liver, pleurisy, swelling of the joints and pains of all kinds, the application of Radway's Ready Relief will afford immediate ease, and its continued use for a few days effect a permanent cure.

Strong Testimony of Emigrant Commissioner, the Hon. George Starr, as to the power of Radway's Ready Relief in a Case of Sciatica, Rheumatism.

VAN NESS PLACE, NEW YORK.

DR. RADWAY—With me your Relief has worked wonders. For the last three years I have had frequent and severe attacks of sciatica, sometimes extending from the lumbar regions to my ankles, and at times to both lower limbs.

During the time I have been afflicted I have tried almost all the remedies recommended by wise men and fools, hoping to find relief, but all proved to be failures.

I have tried various kinds of baths, manipulation, outward application of liniments too numerous to mention, and prescriptions of the most eminent physicians, all of which failed to give me relief.

Last September at the urgent request of a friend (who had been afflicted as myself), I was induced to try your remedy. I was then suffering fearfully with one of my old turns. To my surprise and delight the first application gave me ease, after bathing and rubbing the parts affected, leaving the limbs in a warm glow, created by the Relief. In a short time the pain passed entirely away. Although I have slight periodical attacks approaching a change of weather, I know now how to cure myself, and feel quite master of the situation. RADWAY'S READY RELIEF is my friend. I never travel without a bottle in my valise.

Yours truly, GEO. STARR.

INTERNALLY.—A half to a teaspoonful in half a tumbler of water will in a few minutes cure Cramps, Spasms, Sour Stomach, Nausea, Vomiting, Heartburn, Nervousness, Sleeplessness, Sick Headache, Diarrhoea, Colic, Flatulency and all internal pains.

Malaria Cured and Prevented.

There is not a remedial agent in the world that will cure fever and ague and all other malarious, bilious and other fevers, aided by RADWAY'S PILLS, so quickly as RADWAY'S READY RELIEF.

25 cents per bottle. Sold by all Druggists.

RADWAY & CO.,

FOR COMMUNION PURPOSES.

BRITISH DOMINION WINE.

Manufactured from the Best Canada Grapes without the use of either artificial coloring or distilled spirits in any form.

After repeated chemical analyses of the Wines made by Robert Bradford of No. 595 Parliament St., Toronto, I do not hesitate to pronounce them to be unsurpassed by any of the native Wines that have come under my observation.

Analyses show them to contain liberal amounts of the ethereal and saline elements, sugar and tannic acid etc., characteristic of true Wine and which modify materially the effects which would be produced by alcohol alone.

Retaining to a high degree the natural flavor of the grape, they serve the purpose of a pleasant table Wine as well as that of a most valuable medicinal Wine.

HEALTH AND HOUSEHOLD HINTS.

To prevent fly-specks, boil three or four onions in a pint of water, and with a brush go over the picture-frames. Flies will not light on articles washed in this solution.

Cut-glass should be first thoroughly washed and dried, then rubbed with prepared chalk, using a soft brush, and being careful not to neglect any of the crevices. This will give it a fine polish.

A simple plan of disinfecting rooms consists in putting a saucerful of salt in the middle of the room, and pouring on it a dram or two of sulphuric acid. The fumes that arise do the work of disinfection.

The Spoon.—When stewing fruit, or, in fact, when cooking anything in an open vessel, do not leave the spoon in if you wish to have it boiled quickly. The spoon carries a portion of the heat off into the air.

If a tablespoon of kerosene is put into four quarts of tepid water, and this used in washing windows and mirrors instead of pure water there will remain upon the clean surface a polish no amount of friction can give.

The scratches which so often disfigure and spoil the appearance of varnish will entirely disappear if a coarse cloth that has been well saturated with linseed-oil be laid over them. This simple remedy is invaluable to those who have the care of highly-polished furniture.

Delicious Sandwiches.—Delicious sandwiches are made by buttering thin slices of rye bread very daintily, using very little butter, and spreading with Neufchatel cheese. A bit of water-cress or a lettuce leaf dipped in French dressing, shaken dry, and placed between the slices, improves the sandwich.

New Conveniences.—A coffee pot with a strainer of aluminum that will not rust or corrode, a bread-knife with the cutting edge in reflex curves, that is warranted not to crumble or crush warm or very light bread, and liquid chocolate in pound cans ready for use in layer cake, are some of the new conveniences offered by the shops.

Salad Dressing.—Take two well-beaten eggs, with one tablespoon of sugar and one teaspoonful of mustard rubbed together, and one cupful of milk; add ten teaspoonfuls of vinegar, a little at a time, stirring constantly to prevent curdling; pepper and salt to taste and butter the size of an egg. Cook like boiled custard until it begins to thicken.

Soup Stock.—A shin of beef is supposed to average in weight about five pounds, and the proportion is a pound of meat or bone to every quart of water. If a larger proportion of meat or water is used, the stock will not stiffen. The shin is the foreleg, and there should be about one-third more bone than meat. Allowing one quart of water for every pound of meat or bone, the stock should jelly.

Cream Biscuit.—Beat the yolks of six eggs and six ounces powdered white sugar together for fifteen minutes, add a little essence of vanilla and three ounces of flour, mix all gently together, then add to the mixture a gill and a half of thick sweet cream that has been beaten to a froth, stir lightly together, then fill small paper cases with the mixture (these cases are sold under the name of ramequin cases). When the cases are filled dust the biscuit over with white powdered sugar and bake in a moderate oven. These are nice either hot or cold.

Chocolat Eclairs.—Prepare the batter the same as for cream puffs. Put in it a pastry bag and press it out upon well buttered tins. By pressing the bag firmly and drawing it very slowly towards you, well squeezing, you will make the eclairs of a rope-like shape. They should be about five inches long. Allow two inches space between each éclair. Bake in a quick oven twenty minutes or until thoroughly done. If properly baked the inside will be hollow, with a delicate, tender crust outside. When cold fill with the same cream puff filling. The icing—Melt two ounces of chocolate, then add four tablespoonfuls of powered sugar and stir until it forms a paste. Dip the bottom of each éclair into the icing and stand it away to dry. Eclairs may be filled with whipped cream or preserved fruits and iced with orange icing.

THE SUPERIORITY

Of Hood's Sarsaparilla is due to the tremendous amount of brain work and constant care used in its preparation. Try one bottle and you will be convinced of its superiority. It purifies the blood which, the source of health, cures dyspepsia, overcomes sick headaches and biliousness. It is just the medicine for you.

Hood's Pills are purely vegetable, carefully prepared from the best ingredients.

Minard's Liniment for sale everywhere.

Don't Scold

about washing powders. If you feel like it, it's because you haven't got the right kind. Get Pearlina and see the difference. There are all kinds of imitations; powders that save work, but ruin clothes; powders that don't hurt, but don't help you; powders that are cheap to begin with, but dear enough in the end. Try them, if you won't take our word for it. But don't get them mixed up in your mind with Pearlina.

Send it Back. Peddlers and some unscrupulous grocers will tell you "this is as good as" or "the same as Pearlina." IT'S FALSE. Pearlina is never peddled, and if your grocer sends you something in place of Pearlina, be honest—send it back. 319 JAMES PYLE, N. Y.

The best protection against infant troubles — IS PROPER FEEDING —

The infant deprived of its Mother's Milk should be fed on the equivalent of it.

There are many substitutes, but only one food can make good its claim to be

The perfect equivalent of Mother's Milk Milk Granules

Patented 1893

which is the solids of pure cow's milk specially treated to alter the physical character of the Casein, causing it to act in the infant's stomach exactly as does Mother's Milk.
