WORMS.

As this is the season of the year when worms are most formidable among children, the proprietors of MEsne's Vermifuge, Fleming Bros. of Pittsburgh, beg leave to; call the attention of parents to its virtues for the expelling of these annoying, and often fatal enemies of children. It was invented by a physician of great experience in Virginia, who, after having used it for several years in his own practice, and found its success so universal, was induced at last to offer it to the public as a cheap but certain and excellent medicine. It has since become justly popular throughout the United States, as the most efficient Vermifuge ever known, and the demand has been steadily on the increase since its first introduc-

tion to the public.

AP Purchasers will be careful to ask for DR. M'LANE'S CELEBRATED VERMIFUGE, manufactured by FLEMING BROS. of Pirrspurch, PA. All
other Vermifuges in comparison are worthless. Dr. M'Lane's genuine Vermifoge, also his celebrated Liver Pills, can now be had at all respectable drug stores. Pills, can now oe nau E. None genuine without the signature of FLEMING BROS.

## CONTEMPLATE THE LIFE OF MARY!

EDWARD DUNIGAN & BROTHER, 151 Fulton Street, New York, ARE now Publishing, in Monthly Parts, at 25 cents each, and with the express approbation of the MOST REV. JOHN HUGHES, D.D.,

ARCHEISEOF OF NEW YORK, THE LIFE OF THE B. VIRGIN MARY, OF HER MOST CHASTE SPOUSE, ST. JOSEPH AND HOLY PARENTS,

ST. JOACHIM AND ST. ANNE. Illustrated by fine Steel Engravings, and printed on superfine paper, with Chapter Headings, Borders, and Initial Letters, designed and engraved expressly for

The Life of the Blessed Virgin is by the Rt. Rev. Romuald Gentiluci, Chamberlain to Pope Pius IX. is dedicated to; and honored with the suffrages of His

Holiness, and approved by the Master of the Sacred Palace. Gentilucci's work will ever be remarkable for its unction and beauty of style, no less than for the deep knowledge which it displays of the writings of the Holy Fathers, and all the monuments of ecclesiastical history that can, in any way throw light on

the Life of the Immaculate Mother of Our Lord, as handed down in the loving tradition of the faithful from the age in which she lived. The Life of Saint Joseph-no unfit companion for the elegant work of Gentilucci-is from the pen of Father Vallejo, a Mexican Jesuit of the last century, a work approved by the ecclesiastical authorities in

the Roman States, and frequently reprinted. CONDITIONS : The Life of the Blessed Virgin, Her Holy Spouse, and Parents, will be published in semi-monthly parts of 48 pages each, with a Steel Engraving and several Wood Cuts in each number, and will, when com-

plete, form a volume of nearly 1000 pages. OBSERVATIONS OF THE PRESS: The work having received the approbation of His Holiness, himself, as well as of the illustrious Archbishop Hughes, it only remains for us to say, that it appears to be gracefully translated into our language,

and the style in which it is produced, is really superior, both as to its general appearance, as well as to the charteness of the design, and execution of the illuminated borders which adorn every page of the work.—London Register and Catholic Standard.

No other work of our day, on the same subject, can be compared to it. It is unrivalled for beauty of style and depth of erudition. It is the offering of a learned and devoted son of the Blessed Virgin, who enjoys the confidence and friendship of our most Holy Fa-ther, to whom the work is dedicated. We are not more edified at the piety of the author, than astonished at the wonderful erudition displayed in the book. The translator has performed his task admirably.—

We cannot too highly recommend it to the consideration of our readers, whether we regard the in-trinsic value of the work itself, or the beauty and erquisite ensemble of its getting up.—Truth Teller. Profusely illustrated with Engravings and vignettes, this work is brought out in such an elegant style, as to make it, exclusive of its literary merit, a fitting library companion to the Bible of the same enterpris-

ing publishers.—Detroit Vindicator.

This work is one of devotion and merit. We do not know who translated it, but it seems better than

average translations .- Freeman's Journal. This work, translated from the Italian, and apparently well translated, is by an eminent author, is dedicated by permission to his Holiness Pius IX., and is spoken of in very high terms by competent judges. As far as we have seen it, we like it very much, and think it must prove a great favorite with the children of Mary and all devout Catholics .- Brownson's Re-

INDUCEMENT: Each subscriber to this splendid work will receive with the last number a magnificent Steel Engraving, suitable for framing, of the MOST REV. JOHN HUGHES, D.D.,

ARCHEISBOP OF NEW YORK. Canvassers will find it to their advantage to address the publishers.

DEPARTMENT OF THE INTENIOR, WASHINGTON, D.C., 7 Feb., 1856.

Sir: I have used your Pills in my general and hospital practice ever since you made them, and cannot hesitate to say they are the best cathartic we employ. Their regulating action on the florr is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed, I have wildow found a case of bilious disease so obtainste that it did not readily yield to them. Finternally yours,

Dr. Ater: Your Pills are the perfection of medicine. They have done my wife more good than I can tell you. She had been sick and piuling away for months. Went off to be doctored at great expense, but got no better. She then commenced taking your Pills, which soon cured her, by expelling large quantities of worms (dead) from her body. They afterwards cured her and our two children of bloody dysentory. One of our neighbors had it bad, and my wife cured him with two doses of your Pills, while others around us paid from five to twenty dollars doctors bills, and lost much time, without being cured entirely even ther. and for the relief of consumptive patients in advanced stages of the disease.

We need not speak to the public of its virtues. Throughout every town, and almost every hamlet of the American States, its wonderful cures of pulmonary complaints have made it already known. Nay, few are the families in any civilized country on this continent without some personal experience of its effects; and fewer yet the communities any where which have not among them some living trophy of its victory over the subtle and dangerous diseases of the throat and lungs. While it is the most powerful antidote yet known to man for the formidable and dangerous diseases of the pulmonary organs, it is also the pleasantest and safest remedy that can be employed for infants and young persons. Parents should have it in store against the insidious enemy that steals upon them unprepared. We have abundant grounds to believe the Churar Pecconate saves more lives by the concumptions it prevents than those it cures. Keep it by you, and cure your colds while they are curable, nor neglect them until no bumdan skill can master the inexorable canker that, fastened on the vitals; cuts your life away.

All know the dreadful fatality of lung disorders, and as they know too the virtues of this remedy, we need not do more than assure them it is still made the best it can be. We spare no cost, no care, no toil to produce it the most perfect possible, and thus afford those who ruly on it the best agent which our skill can farnish for their cure.
