Annex V

RESOLUTION ADOPTED BY THE GENERAL ASSEMBLY

1149 (XII). Collective action to inform and enlighten the peoples of the world as to the dangers of the armaments race, and particularly as to the destructive effects of modern weapons

The General Assembly,

Considering that the armaments race, owing to advances of nuclear science and other modern forms of technology, creates means whereby unprecedented devastation might be inflicted upon the entire world, and that peoples of all countries should be made to realize this,

Considering that any agreement, whether partial or general, on the regulation of armaments necessarily implies adequate international control,

Considering consequently that public opinion must be made aware both of the effects of modern weapons of all kinds and of the necessity of reaching a disarmament agreement providing effective measures of control,

Considering that it is therefore desirable to seek ways and means of organizing an effective and continuing publicity campaign on a world-wide scale, under the auspices of the United Nations and disregarding all ideological or political considerations,

1. *Requests* the Disarmament Commission to make recommendations on the nature of the information to be disseminated and requests the Secretary-General to report to the Commission on the means available for conducting such an international campaign;

2. *Requests* the Secretary-General to furnish the Disarmament Commission whatever assistance it may request for this purpose;

3. *Invites* Member States to communicate to the Disarmament Commission or to the Secretary-General in good time any views they may see fit to submit as to the scope and content of the proposed campaign.

716th plenary meeting,
14 November 1957.
