

*The Minister of Foreign Affairs of the Kingdom of Denmark
to the Counsellor and Consul of Canada*

JT.F, Ref. 46 D. 32

Copenhagen, 5 April 2004

Mr. Brian Herman
Counsellor and Consul
Canadian Embassy
Copenhagen

Sir,

I have the honour to refer to the recommendations of Danish and Canadian experts made in April 2003 in their "Report on the Determination of the Boundary between Canada and Greenland in World Geodetic System 1984" and to the Agreement between the Government of the Kingdom of Denmark and the Government of Canada relating to the Delimitation of the Continental Shelf between Greenland and Canada done at Ottawa on 17 December 1973.

I further have the honour to propose that the recommended median line coordinates listed in Enclosure 5 of the above-mentioned Report, attached hereto, shall replace the coordinates in Article II of the 1973 Agreement defining the dividing line between latitude 61° N and latitude 75° N (Points No.1 – 109), at the same time keeping the "set-back" zone agreed in the Understanding of 17 December 1973 unchanged at a width of two nautical miles on either side of the dividing line.

If the foregoing proposal is acceptable to the Government of Canada, I have the honour to propose that the present Note, with its attachment, and Your Note in reply to that effect shall constitute an agreement between our two Governments, which shall enter into force on the date on which we have notified each other that all necessary internal requirements have been fulfilled.

I avail myself of this opportunity to renew to you, Sir, the assurance of my highest consideration.

Per Stig Møller
