

MADRAS WAS BOMBARDED BY GERMAN CRUISER EMDEN

troops are mobilized along the Belgian border today, says a despatch from a Rotterdam news agency.

GOEBEN AND BRESLAU ACTIVE.

Despatches from Athens relate that the Goeben and Breslau, German cruisers, issued from the Bosphorus into the Sea of Marmora on Monday. One report has it that they attacked Russian shipping, the crews and officers dressed in German uniforms.

The vessels were supposed to have been sold to Turkey after flying before the allied fleet into Turkish waters. Many conflicting reports of their status and whereabouts have been current.

PERONNE TAKEN BY ALLIES.

AT THE BATTLEFRONT, Sept. 24.—(Via Paris, 5.16 p.m.)—The German offensive was extremely vigorous today at the western end of the long line stretching along the Rivers Oise, Aisne and Woivre. The allied troops, whose gaps had been filled with freshly-arrived reinforcements, not only repeatedly thrust back the masses of Germans thrown against them, but eventually carried out a successful counter-attack, which resulted in the gaining of considerable ground and the definite capture of Peronne, about which town the fiercest engagement occurred.

BATTLE DEVELOPS ON ALLIES' LEFT.

PARIS, Sept. 24.—(11.08 p.m.)—The brief official communication issued tonight announces that on the left wing the battle continues to develop; that a lull has occurred in the fighting in the centre, and that on the right wing the German attacks apparently have been checked.

AUSTRIAN TORPEDO BOATS SUNK.

The correspondent of the Italian newspaper, Corriere Della Serra, telegraphs from Trieste that two Austrian torpedo boats and one torpedo boat destroyer were sunk by floating mines last Friday on the coast of Dalmatia, according to a Rome despatch to the Havas News Agency.

CATTARO BOMBARDMENT BEGUN.

BARI, Italy, Sept. 24.—(Via Paris, 9.41 p.m.)—Vessels which have arrived from the Dalmatian coast report that the bombardment of Cattaro by the French ships and by the guns on Mt. Lovchen has begun.

SERVIANS TAKE TWO TOWNS.

ROME, Sept. 24.—A despatch from Nish says that the Servian advance in Bosnia continues uninterrupted. The Servians have captured the two villages, Liubovia and Srebrenitza, on the Drina River. The Austrians were entrenched there and made a desperate resistance, compelling the Servians to resort to hand-to-hand bayonet fighting. The losses on both sides were serious.

Liubovia and Srebrenitza are on the eastern spur of the Konin Mountains, just within the Bosnian border.

GERMANS FIRED ON YAWL AFTER SIGN OF SURRENDER

Treachery Which Caused Death of Boat Load of British Sailors, Met Reward in Sinking of Cap Trafalgar by Auxiliary Cruiser Carmania Off Rio Janeiro.

Canadian Press Despatch.—**MONTVIDEO, Uruguay, Sept. 24.**—Details of the sinking of the German steamer Cap Trafalgar by the British auxiliary cruiser Carmania several days ago were related by the sailors of the British vessel, which arrived here today.

The battle took place at a point 200 miles off Rio Janeiro, Brazil, and lasted two hours.

The Cap Trafalgar lowered her flag as if to surrender, whereupon a yawl filled with sailors put out from the Carmania to take possession of the German vessel.

The Cap Trafalgar lowered her flag daily opened fire upon the yawl, which sank, the sailors in the boat perishing.

The Carmania, whose officers were angered by the act of the Trafalgar, opened fire and sank the German vessel. The British boat then continued on her voyage.

In announcing the sinking of the Cap Trafalgar, the British official press bureau on Sept. 20 added that the Carmania lost nine men killed and that 26 others were wounded. The survivors of the German ship, it said, were rescued by a collier.

FARMERS LIBERAL TO PATRIOTIC FUND

Campaign in St. Thomas and Elgin County Meets With Success.

Special to The Toronto World.—**ST. THOMAS, Sept. 24.**—The St. Thomas and Elgin County campaign to raise \$100,000 Patriotic Fund has been successful during the past three days, but owing to the distance of over sixty miles from one end of the county to the other it is very difficult to get the returns. The campaign will be continued until Saturday evening.

The farmers of the Townships of North Yarmouth and South Dorchester have been the most liberal in contributing to the fund. Michael H. Hepburn, of South Yarmouth, gave \$1000.

CLAIM SUCCESSES IN SERVIA.

VIENNA, Sept. 24, via Amsterdam to London, Sept. 24, 6 p.m.—An official announcement issued at noon today says:

"Except for some unimportant cannonading there have been no engagements in the last few days in the Russian theatre of war. Our troops, despite continuous bad weather, are in excellent condition."

"In Servia our troops are struggling most stubbornly, and very important positions already are in our possession. We have captured guns."

supports which have stayed too far in the rear.

"The officers are also endeavoring to encourage the troops by telling them that they will be at home by Christmas. A large number of the men believe that they are beaten. The following is an extract from one document:

British Tactics Queer.

"With the English troops we have great difficulties. They have a queer way of causing losses to the enemy. They make good trenches, in which they wait patiently; they carefully measure the ranges for their rifle fire and they open a truly hellish fire of the unstoppageable cavalry. This was the reason that we had such heavy losses. According to our officers, the English striking forces are exhausted; the English people really never wanted war."

"From another source: 'The English are very brave and fight to the last man. Five of our companies lost 120 men out of 240.'

Admit Enormous Losses.

"The following letter, which refers to the fighting on the Aisne, has been printed and circulated to the troops:

"Letter found on German officer of reserve corps: Cerny, south of Laon, Sept. 17, 1914.

"We are in a very bad position. Our corps has the task of holding the heights south of Cerny in all circumstances till the 14th corps on our left flank can grip the enemy's two battalions and we are other corps. We are fighting with the English guards, Highlanders and souaves. The losses on both sides have been enormous. For the most part this is due to the too brilliant French artillery."

Marvelously Trained.

"The English are marvelously trained in making use of ground. One never sees them and one is constantly under fire. The French aim perfectly wonderful feats. We cannot get rid of them. As soon as an aircraft appears we are under fire in our position. We have little artillery in our corps; without it we cannot get forward."

"Three days ago our division took possession of these heights and dug itself in. Two days ago, early in the morning, we were attacked by an immensely superior English force—one brigade and two battalions—and were turned out of our positions. The fellows took five guns from us. It was a tremendous hand-to-hand fight."

"How I escaped myself I am not clear. I then had to bring up support on foot. My horse was wounded, and the others were too far in the rear. Then our first two battalions were turned out of our positions. Our machine guns did excellent work; the English fell in heaps."

"In our battalion three iron crosses have been given, one to Captain and one to Sergeant—(names probably deleted). Surgeon hopes that we shall be the lucky ones the next time."

"Lieut.-Col. Ian Graham Hogg served in South Africa and West Africa, where he rendered distinguished services. Brig.-Gen. Haking won the Queen's medal in South Africa."

TWO MEN KILLED BY BURSTING PIPE

Another Probably Fatally Injured on Car Ferry Bessemer No. 2.

Special to The Toronto World.—**ST. THOMAS, Sept. 24.**—Word was received from Port Stanley today of a serious accident on the car ferry Bessemer No. 2, plying between Conneaut Harbor and Port Stanley in which two men were killed and a third probably fatally injured by the bursting of a steam pipe in the boiler room, when the Bessemer was about half way across Lake Erie on her way to Port Stanley. The injured and dead were all residents of Conneaut. The names of the men could not be ascertained. The Bessemer was also badly damaged.

HIGH SCHOOL OF COMMERCE FREE EVENING CLASSES.

Students are now being registered for the evening classes of the high school of commerce on Clinton street. These classes are free and include such subjects as bookkeeping, penmanship, shorthand, typewriting, arithmetic, practical English, commercial French and German. The teaching begins on Thursday, Oct. 1, at the central school and at the eastern, western and northern branches.

"Espionage is still carried on by the enemy to a considerable extent. Recently the suspicions of some of our French troops were aroused by coming across a farm. From which the horses they discovered a telephone which was connected by an underground cable with the German lines, and the owner of the farm paid the penalty in the usual way in life for his treachery."

"After some cases of village fighting which occurred earlier in the war, it was reported by some of our officers that the Germans had attempted to approach to close quarters by forcing prisoners to march in front of them. The Germans have recently repeated the same trick on a larger scale against the French prisoners in front of them. This action is to be brought to the notice of all our troops (1) in order to put them on their guard against such a treacherous ruse; (2) in order that every soldier may know how the Germans treat their prisoners. Our troops must not forget that if they allow themselves to be taken prisoners the Germans will not kill or expose them to French bullets."

Prisoners Sacrificed.

"During a recent night attack," the order reads, "the Germans drove a column of French prisoners in front of them. This action is to be brought to the notice of all our troops (1) in order to put them on their guard against such a treacherous ruse; (2) in order that every soldier may know how the Germans treat their prisoners. Our troops must not forget that if they allow themselves to be taken prisoners the Germans will not kill or expose them to French bullets."

White Flag Missused.

"Further evidence has now been collected of the misuse of the white flag and other signs of surrender. During an action on the 17th, owing to the uniform of a combatant unit, a German ambulance corps wagon advanced in order to collect the wounded. An order to cease fire was consequently given to the Germans, who were firing on this particular section of ground. The German battery commanders at once took advantage of the lull in the action to close up their observation ladders and on to a haystack to locate our guns, which soon afterwards came under a far more accurate fire than any to which they had been subjected up to that time."

Red Cross Freshly Worn.

"A British officer, who was captured by the Germans and has since escaped, reports that while a prisoner he saw men who had been fighting subsequently put on Red Cross brassards."

"That irregular use of the protection afforded by the Geneva convention is not uncommon is confirmed by the fact that on one occasion men in the uniform of combatant units were captured wearing a Red Cross brassard, hastily slipped over the arm. The excuse given has been that they had been detained when the fight broke off after they had been wounded."

"It is reported by a cavalry officer that the driver of a motor car with a machine gun mounted on it which was captured, was wearing a red cross."

Land German Wounded.

"Full details of the actual damage done to the cathedral at Rheims will doubtless have been given, so that no description of it is necessary. The Germans bombarded the cathedral twice with their heavy artillery."

"One reason it caught slight notice was that on one side of the scaffolding which had been erected for restoration work was covered with straw. Straw had also been laid on the floor for the reception of the dead. It is the credit of the French that practically all the German wounded were successfully extricated from the burning building."

"There was no justification on military grounds for this act of vandalism, which seems to have been caused by exasperation born of failure—a sign of impotence rather than of strategy. It is noteworthy that a well-known hotel near the cathedral which was kept by a German was not touched."
