Talk of an Election

Te Hamilton Times of last night says that the decision of the Domin-

The Ottawa Citizen, also of yesterday, declares against an election dur-the lifetime of the war, as it would only disturb already unsettled business conditions and would not improve our military administration.

Montreal Gazette (Aug. 10): Under existence would be cut short this fall and a new one be chosen. The fact that the country is in a state or war is the chief if not the only reason for there not being a dissolution. A public opinion hostile to a political contest at this time has shown itself. Perhaps there has been some artificial stimulation behind it. It would probably be bad politics to ignore it. It should not prevail, however, to prevent an appeal to the country when the full term of parliament has run out, which will be during the autumn of next year. A parliament that case where low averages are given the respect. No proposition to disregard the law and put the date of the next election beyond the fall of next year should be considered. If ordinary circumstances parliament's regard the law and put the date of the next election beyond the fall of next year should be considered. If when the work of the next session is completed the war should still be going on, an early election might even he considered a proper thing-to have. It would give a new man late and a moral force that might be needed to the men in charge of the national affairs.

Under Rangers' Auspices Was Very Successful.

for active service.
One of the speakers was Warden Dr. Gilmour of Guelph. formerly a resident of ward seven. Ald. Sam Ryding welcomed him to his old constituency. He was at one time an M.L.A. for West Yor, Rev. J.A. Stewart, Ald. Sam Ryding and Col. Brown of the 12th

BELLEVILLE TO HAVE SOLDIERS AS GUESTS

Special to The Toronto World. BELLEVILLE, Aug. 10.—Mayor Panter received word this morning

HIGH AVERAGE YIELD

Normal Weather Until Harvest Will Mean Big Crops in West.

REPORTS FROM AGENTS

From Various Points of Three Provinces Come Reassuring Messages.

Given normal weather until harvest he yield of grain per acre along the 5000 miles of line of the Canadian Northern Railway in Manitoba, Saskatchewan and Alberta is almost ceronto. This gives an estimated average over the three provinces for wheat of 24 bushels; oats 54 bushels, and barley 37 to the acre. Figures on the flax possibilities per acre were not numerous ,and no average is struck for that crop.

In each case, where the agents give a range, such as 25 to 30 in their estimates, the Canadian Northern adopt the lower figure of the two, so that the lower figure of the two, so that the average as finally arrived at, may be regarded as conservative. Officers au Baril, on the Georgian Bay. of the company said yesterday that had a middle course been followed, the result in all probability would have been 27 or 28 bushels of wheat to the acre. When comparison is made with the figures of the Northwest their son and daughter Grain Dealers' Association for the Island, Georgian Bay. average wheat yields in western Canada for the last five years, the remarkable character of the prospective showing along C.N.R. lines this year is apparent. The figures referred and is at present on the Georgian Bay to are: 1910, 12.9; 1911, 18.2; 1912, 18.6; 1913, 17.0, and last year 12.7

bushels to the acre.
Compiled From Reports. The Canadian Northern average for wheat is compiled from the reports rom 171 stations between Port Arthur and the Rocky Mountains, the international boundary line and the most northerly areas now served by its lines. In the Emerson district in Manitoba the estimates run as high as 30 bushels to the acre, and in Rapid City district as high as 32. Dauphin reports 25, Portage la Prairie 5, Rossburn 30, and the Swan River district up to 35. Along the main line in Saskatchewan the reports from the Humboldt district run up to 33 bushels to the acre, and estimates up to 30 bushels come from the North Battleford section. Northwest of that East of Prince Albert in Saskatche-

city, Meota, reports 28 to 30 bushels. The Hamilton Times of last light says that the decision of the Dominion Government to revise the federal voters' lists in Manitoba and New Ontario is tantamount to an intimation that there will be a Dominion election in the near future, either this fall or early next year. It goes further, and says the great majority of the people do not want an election while the war lasts. But it believes, nevertheless, that Premier Borden is coming home in a blaze of glory with a view to force an election on the people. In this The Times is certain he will find himself mistaken.

The Ottawa Citizen, also of vesterwan, on the C.N.R. Northern line

Telegraphic advices received yesterday by the Canadian Northern from the department of agriculture of Saskatchewan and Alberta indicate that warm weather is the rule through the department of the rule through the department of the rule through the department of agriculture of Saskatchewan and Alberta indicate that warm weather is the rule through the rule throu provinces. That from Saskatchewan Carnochan, Major James Hiscott.

"The special weekly report on crop conditions, based on telegrams reconditions, based on telegrams reconditions are considered by the reconditions and telegrams reconditions reconditions are reconditionally belong the reconditions and telegrams reconditions reconditions reconditions are reconditionally belong the reconditions and telegrams reconditions agriculture In the summary of district by mail for convenience of those seeking harvest work will be found the average dates on which cutting will be general, but the 21st of August W. Leonard, H. E. McSloy, J. D. Chaplin, R. G. W. Connolly, J. G. should see the binders busy thruout Moore. the province. From the southwest exceptionally good reports have come in, and the wheat heads are stated Recruiting Meeting in Baird Park ed, and in those districts where hay can be obtained a satisfactory supply

From Alberta the information is: A rousing recruiting meeting was held in Baird Park last night under the direction of the 12th York Rangers. The Rangers' brass band provided a program of patriotic selections. Some stirring speeches made were productive of good results, as over thirty recruits were signed by Dollars.

From Alberts the information is:
"Southern district weather clear and warm; all grain growing rapidly; harvest operations commenced and will be general next week. Central district, warm weather; all grain ripening fast; barley ready in some localities, but harvest will be general are the Queen's Royal to the Company over thirty recruits were signed by the control of the 12th York harvest operations commenced and will be general next week. Central district, warm weather; all grain growing rapidly; harvest operations commenced and will be general next week. Central district, warm weather; all grain growing rapidly; harvest operations commenced and only with friends at the Niagara-on-the-Lake.

> How to Beautify a Summer Soiled Face

It's really a simple matter to renovate a face soiled by sun, winds or dirt. Ordinary mercolized wax, used like cold cream, will transform the worst old complexion into one of snowy whiteness and velvety softness. It literally peels off the outer veil of surface skin, but so gently, gradually, there's no discomfort. The wornout skin comes off, not in patches, but evenly, in tiny particles, leaving no evidence of the treatment. The younger, healthier under-skin forming the new complexion is one of captivating loveliness. One ounce of mercolized wax, to be had at any drug store, is enough to
