- Typhoid fever, contd.*
- - polyuria after ... 582, 583
  - - primary infection of gall-bladder in ... 372
  - - pulse in ... 372, 611, 697
  - - pulse-rate relatively slow in ... 610, 697, 771
  - - pulse-temperature ratio in ... 372, 697
  - - purpura in ... 596, 598, 607
  - - very rare in ... 598
  - - pus in stools in ... 601
  - - pyelitis in ... 625
  - - pyrexia the earliest symptom in many cases of 620
  - - prolonged in ... 609
  - - rash in ... 697
  - - rhonchi in chest in ... 697
  - - rigors in (*Fig. 162, p. 611*) 611, 647, 648, 650, 651, 698
  - - indicating complication in ... 648, 651
  - - rare in ... 647, 650
  - - rose-red spots in ... 90, 372, 607, 610
  - - - - - the most conclusive evidence of ... 610
  - - - - - rupture of gall-bladder in 281
  - - - - - simulated by pyuria ... 650
  - - - - - sloughs from Peyer's patches in the stools in 697
  - - spine, painful and stiff in 376
  - - spleen soft in ... 697
  - - enlarged in ... 90, 196, 372, 610, 615, 692, 697
  - - spondylitis deformans after 787
  - - stiffness of hip joint in ... 376
  - - submammary abscess after 744
  - - swelling of thyroid gland in ... 792
  - - talipes from ... 133
  - - technically a septicemia ... 650
  - - temperature curve of (*Fig. 162*) ... 611, 697
  - - tenderness of spine after 781
  - - testicular abscess in ... 689
  - - atrophy after ... 79
  - - tetany in ... 178
  - - tinnitus after ... 791
  - - transverse myelitis from 565
  - - typhoid spine with ... 787
  - - without ulceration of intestine ... 372
  - - ulceration of larynx after 226, 318, 466, 710
  - - Widal's reaction in ... 90, 196, 372, 610, 620, 697
  - - spine, general account of 376, 787
  - state in typhus fever ... 699

**Typhus fever, absence of**

    - sloughs in stools in ... 699
    - - Widal's reaction in ... 699
    - - acute dilatation of heart from ... 243
    - - onset in ... 698
    - - coma in ... 136
    - - cyanosis in ... 187
    - - diagnosis from fungating endocarditis ... 610, 611
    - - typhoid fever ... 597, 610, 698
    - - diazo-reaction in ... 198
    - - early prostration in ... 371, 698
    - - hyperpyrexia in ... 343
    - - inspissation of blood in ... 187
    - - jaundice in ... 362, 371
    - - leucocytosis uncommon in 400
    - - marked nervous symptoms 999
    - - mulberry and petechial rashes in ... 371
    - - occasional outbreaks in power parts of large cities ... 698
    - - purpura in ... 371, 596, 597
    - - pyrexia in ... 343, 698

*Typhus fever, contd.*

    - - pyrexia over by twelfth or fourteenth day in ... 610
    - - prolonged in ... 609, 610
    - - rarity of ... 597, 698
    - - rash of ... 371, 610, 699
    - - retention of urine in ... 699
    - - rigors in ... 647, 698
    - - severe vomiting in ... 699
    - - slight leucocytosis in ... 371
    - - splenic enlargement in 692, 698
    - - sudden onset in ... 371
    - - termination by crisis ... 371
    - - typhoid state in ... 371

**Typhist's cramp** ... 177, 494

**Tyrosin**, absent from urine in phosphorus poisoning ... 373

    - in acute yellow atrophy of the liver ... 302, 370, 813
    - relation of alkapturia to 822

**UFFELMANN'S reagent for testing gastric acidity** ... 355

**Uganda, trypanosomiasis in** 34

**Ulceration, anal**, causing spasm of sphincter ... 150

**of bladder** in acute cystitis 627

    - - billharzia infection ... 630
    - - from cystitis ... 629, 630
    - - cystoscopy in diagnosis of 630
    - - frequency of micturition in 630
    - - haematuria from ... 630
    - - from injury ... 629
    - - intestinal ulceration ... 633
    - - malignant disease ... 629, 630
    - - painful micturition in ... 630
    - - phosphaturia in ... 630
    - - pyuria in ... 623, 629, 630
    - - rarity of ... 630
    - - simple ... 623, 630
    - - surgical emphysema from 231
    - - in vesical tuberculosis ... 629
    - - carcinoma of tonsil ... 672

**ULCERATION OF CORNEA** 806

    - anterior polar cataract from ... 806
    - - catarrh ... 806
    - - conjunctivitis due to ... 256
    - - dendrite ... 807
    - - diphteritic ... 807
    - - episclera from ... 250
    - - with exophthalmos ... 807
    - - from fifth nerve paralysis ... 807
    - - fluorescein detection of ... 806
    - - gonocoeal ... 255, 256, 807
    - - in Graves' disease ... 807
    - - herpes frontalis ... 807
    - - hypopyon from ... 806
    - - iridocyclitis from ... 806
    - - iritis from ... 806
    - - irregularity of pupil from 594
    - - lacrimation from ... 806
    - - in ophthalmia neonatorum ... 255
    - - pain in the eye from ... 806
    - - panophthalmitis from ... 806
    - - phlyctenular ... 806
    - - photophobia from ... 574, 806
    - - progressive stages in ... 806
    - - in trachoma ... 807
    - - duodenum (see Duodenum, Ulcer of)

**ULCERATION OF THE FACE** (and see Rodent Ulcer; and Carcinoma) ... 808

    - in fibroma molluscum ... 781
    - of fingers in diabetes ... 206
    - from epithelioma ... 206
    - frostbite ... 266
    - leprosy ... 266
    - lupus vulgaris ... 266
    - in Raynaud's disease ... 266
    - scleroderma ... 266
    - from x-rays ... 266

**ULCERATION OF THE FOOT** (and see Foot, Perforating Ulcer of)

    - - from diabetes mellitus ... 809
    - - general paralysis of insane ... 809
    - - leprosy ... 809
    - - locomotor ataxy ... 562
    - - perforating (*Fig. 207*) ... 809
    - - from peripheral neuritis 809
    - - syphilis ... 809
    - - tubercles ... 809
    - - of frenum lingua in whooping-cough ... 811
    - - gastric (see Gastric Ulcer) ... 674
    - - of glans penis from balanitis ... 674
    - - gummatus (*Fig. 208*) ... 811
    - - of intestine, hematuria in ... 305, 313
    - - caecum, surgical emphysema from ... 231
    - - colon, blood per anum in ... 92
    - - involvement of bladder in ... 313
    - - pneumoperitoneum from perforation of ... 711
    - - septic arthritis from ... 375
    - - or stomach, abdominal tenderness in ... 134
    - - stricture due to ... 146
    - - subphrenic abscess due to 721
    - - varieties causing bleeding ... 90
    - of larynx**, cyanosis from ... 185
    - - dysphagia due to ... 226
    - - earache from ... 230
    - - haemoptysis in ... 318
    - - oedema of ... 466
    - - stridor from ... 710
    - - varieties of ... 226, 710
    - - variolous ... 226

**ULCERATION OF THE LEG** 810

    - due to antlerax ... 811
    - - atheroma ... 810
    - - badly united fracture ... 810
    - - Bazin's disease ... 450
    - - burns ... 810
    - - cold ... 810
    - - in diabetes mellitus ... 811
    - - from diphtheria bacilli ... 811
    - - in elephantiasis ... 810
    - - epitheliomatous ... 812
    - - from excessive standing ... 450
    - - glands ... 811
    - - hemiplegia ... 811
    - - infantile paralysis ... 811
    - - ochronosis from carbolic dressings on ... 822
    - - old age ... 810
    - - phagedena ... 811
    - - relationship of injury to ... 810
    - - syphilitic ... 449, 811
    - - tuberculous ... 811
    - - varicose, characters of ... 810
    - - in yaws ... 449
    - - Mooren's ... 807
    - - of the month (and see Stomatitis) ... 80, 88
    - - bleeding gums in ... 86, 88
    - - mucous membranes from ... 830
    - - herpes ... 830
    - - multiple, in tuberculous laryngitis ... 325
    - - nose, epistaxis in ... 250
    - - oesophagus, surgical emphysema from ... 231
    - - palate in syphilis ... 237
    - - penis (see Penis, Ulceration of)
    - - peptic, of gums ... 87
    - perforating**, distinction from suppurating corn ... 809
    - - originating from a corn ... 809
    - - painlessness of ... 809
    - - in tibiae ... 255, 811
    - - of pharynx, earache from ... 230
    - - snail-track, in secondary syphilis ... 672
