

PROFESSOR EDWARD CHANNING'S

# History of the United States

NOW READY

- I—The Planting of a Nation in the New World, 1000-1660  
II—A Century of Colonial History, 1660-1760

*Each volume is attractively bound in dark blue cloth,  
with gilt top; price of each, \$2.50 net; by mail, \$2.70*

It should be noted that these two volumes are complete in themselves as covering the whole period of colonial history. The second volume in particular covers the most difficult period in the history of this country, the eighteenth century. The *New York Sun* refers to the narrative as "particularly distinguished" by "the careful attention given to such broad themes" as "the development of colonial industry and commerce; the systems of labor obtaining in the colonies; the progress toward religious toleration and the march of education."

*The English Historical Review* writes of the work:—

"Many as are the histories of the United States, Professor Channing has ample justification in adding another to the list, not only in his new point of view but in his exhaustive knowledge. His narrative flows on so smoothly that it is only when one realizes the immense mass of controversies which he settles with calm common sense, the thoroughness of his bibliography, the sanity of his criticisms on the hundreds of authors consulted that one grasps the fulness of his erudition. . . . From the conception of his task it follows that the English background must be kept in view, and here Professor Channing treads with the same sureness. His accounts of English religious conditions and of English local government in the seventeenth century are alike excellent. . . . Early colonial history is both complicated and controversial, but there are few slips either in detail or in perspective. Between the mother country and the colonies he holds the scales fair, doing justice to Great Britain without falling into the exaggerated imperialism of some recent American authors. Though his heart is with the colonists he does not fail to point out their weaknesses, and though tracing in detail the record of English mismanagement he rarely exaggerates. Yet beneath this reserve there is at times a glow of hidden fires."

*Other Volumes on the Revolutionary and  
Later History of the United States are in Preparation*
