HAMILTON HAPPENING

DO HAMILTON WOMEN WANT RIGHT TO VOTE?

Civic Legislation Committee in Hazy Uncertainty—May Be Civic Employment Bureau.

HAMILTON, Feb. 2.—(Special).—If the women's suffrage movement is to receive any encouragement from the city council of Hamilton, the women of this fair city will have to make a noise like they want to vote. At least this was practically the decision of the legislative committee of the city council which tonight discussed at some length a letter from the Toronto Women's Suffrage Association, asking the Hamilton city fathers to join their Toronto brethren in petitioning the Ontario Legislature to remove the disability which now prevents a married woman who owns property from voting.

Refused to Take Action. By a vote of four to three, the committee declined to take any action, principally on the ground that the women of Hamilton have made no demand for suffrage, and apparently are not interested in the matter. Mayor Lees championed women's rights in this discussion, and declared that even the woman here had not demanded the right of suffrage, it is more than right that they should have it, as the denial of such a right is an application of the principle of taxation without representation. He was supported by Controller E. J. Davy and Ald. Lalonde.

Ald. Hopkins said he believed that if a petition was taken among the women of the Dominion on the question, not five per cent of them would be found to be in favor of women's suffrage.

Municipal Employment Bureau. A municipal employment bureau was suggested by Chairman Davy, who called the committee's attention to the great number of complaints which have recently been made against local employment agencies, which have failed to secure work for their clients, after taking their money. A sub-committee was appointed to look into the matter. The committee decided to support the City of Hamilton in its move to get legislation from the government for the establishment of public bureaus. A sub-committee was appointed to look into the matter at Toronto with the Council deputation.

Will Accept Paintings. The members of the committee were unanimously in favor of the city accepting one of the offerings of Mr. Bruce to donate a number of paintings by the late W. Blair Bruce, his wife, and the children, to the city art gallery. The board of control will be recommended to accept Mr. Bruce that no time will be lost in accepting the terms of his proposed gift. Mayor Lees and Chairman Davy will go to Ottawa next Thursday to appear with a deputation in favor of a scheme for federal aid for good roads.

BRANTFORD'S BIG RINK.

BRANTFORD, Feb. 2.—(Special).—Announcement was made by the purchase of R. Tench, Treasurer, of the lot of land on Alfred-street for the erection of a concrete rink with separate provision for hockey practice. The rink will have accommodation for 3500 spectators and will be one of the best equipped in Western Ontario.

George S. Matthews has been elected chairman of the Brantford Parks Board and an extensive program for securing more playgrounds and beautifying the city has been laid out.

ALLEGED HIGHWAYMEN TAKEN

Young and Schmidt Said to Have Robbed Galt Man. BERLIN, Feb. 2.—(Special).—Detective Huber and O'Neill made an arrest today when they met a man in custody Ben Young and Barney Schmidt, wanted on a charge of highway robbery. Young and Schmidt attended the races at Bridgeport on Monday afternoon and, while there, formed an acquaintance with a man, named Walter Baker of Galt and the two indulged in John Backus until night when they induced Baker to drive to Berlin with them. During the drive it is alleged they robbed Baker of \$100 watch and \$18 and then dumped him in the snow bank and drove on.

BRANTFORD POWER TROUBLES

Complaint That Cataract Company Isn't Cutting Rates as Promised. BRANTFORD, Feb. 2.—(Special).—It has been freely asserted here that hydro-electric municipalities west of Brantford are securing power and light cheaper than this city, despite the contract here with the Cataract Company guaranteeing rates ten per cent less than and charged in hydro-electric places, provided such are not below cost.

As a result of the discussion the city council has decided to appoint an expert engineer who will, with A. K. Bunnell, conduct an inquiry as to the prices. Brantford intends at this time to insist on an enforcement of the ten per cent, less rate in the contract if that is possible.

St. Andrew's Lodge At Home. St. Andrew's Masonic Lodge held its annual at home and dance in the Temple Building last night. A concert was held in the lodgerooms after which the guests to the number of 350 repaired to the assembly hall, where dancing was the order of the evening, supper being served afterward in the banquet hall.

E TEMERE TO BE OPPOSED THROUGHOUT LAND

Continued From Page 1.

At these meetings the strongest resolutions were passed, denouncing in no uncertain terms the action of the Church of Rome in promulgating the said decree, thus seeking to add a piece of ecclesiastical legislation upon the British nation.

Our alliance contends that there should be one uniform marriage law for the whole Dominion, and not as it appears to-day, one law for Quebec and another for Ontario. It matters not by whom a couple is married, whether a Roman Catholic priest or a Protestant minister, so long as these are the authorized persons to perform such ceremony. Neither does it matter, or ought not to matter, whether one or both of the contracting parties are Protestant or Catholic.

If a priest of the Roman Church is asked to marry two Protestants, or a Protestant minister is asked to marry two Catholics—these men should be in a position to marry such parties legally and the marriage should be regarded as perfectly valid.

The greatest possible interest is being taken throughout Canada in regard to this question. I am daily in receipt of correspondence which avouches this interest. Many of the writers express the strongest desire that something definite will be done which will settle once for all this vexed question.

At our committee meeting, it was decided to arrange as far as possible for public meetings to be held in all the centres of population and that in these gatherings delegates be appointed to attend a conference to be held in Toronto about the first week in March. This conference to be held in the afternoon preceding the evening when a mass meeting is to be held in Massey Hall, of which more definite notice will be given.

It was also decided to wait upon the provincial government as soon as convenient to Sir James Whitney, presenting the petitions thus far sent in and to impress upon him the importance of the question, seeking his advice in the matter which we feel confident he will cheerfully give.

We cherish the hope that all those through the province have signed and returned as soon as possible, and, if any party or congregation has not received these, will they write to me at once? I shall be only too glad to forward as many as may be required. For thanking you, Mr. Editor, for this space.

The Straight Viaduct Nothing Else Will Do

Editor World: We are pleased to see that City Engineer Rust still holds his original opinion that nothing will answer the purpose but a straight viaduct connecting the north and Broadview-aves. with standing all the factoids who are favoring any kind of a viaduct except the one which must ultimately be built. Anyone with foresight just acknowledge that Toronto's great east to west thoroughfare will be Bloor-st., from East to West Toronto.

It must be conceded that both King and Queen-sts. have long ago experienced their best day as the retail shopping district. The great influx and the forward element in this district is gradually causing the disappearance of the better class of stores. Take, for instance, the Queen-st. district, which westerly to the Queen-st. subway, all improvement of store property is practically at a standstill, and at least 40 per cent of the stores are in the hands of foreigners, and it is a well known fact that they lack progressiveness as far as improvement of store property is concerned.

Where then must the great retail district of the future locate itself? We predict that in the near future the vicinity of Bloor and York-sts. will be the hub-centre of Toronto, and Bloor-st., from East to West Toronto, with its dense population, both north and south, will eventually become the leading cross-town shopping district, and therefore no other than the straight viaduct advocated by City Engineer Rust will answer the purpose intended.

City Engineer Rust is recognized throughout the continent as being one of the most capable men in his profession, and when he gives his opinion, the citizens of Toronto ought to back him up regardless of the opinion of certain groups who are more interested in their selfish motives than in the good of Greater Toronto.

Woman Suffrage Takes Back Seat

Good Things, Says Roosevelt, But Other Movements Count More.

NEW YORK, Feb. 2.—The exercise of the suffrage can never be the most important of the woman's rights or women's duties, says Col. Theodore Roosevelt, in an editorial in a current issue of The Outlook.

"The vital need of women," he continues, "is not against vote and civility, and good citizenship, and kind shrinking from necessary tasks and efforts. I am glad that the good, wise and brave men who are in the position in the eyes of the world, the advocates of women's suffrage will necessarily recognize the fact that the woman of the future must be essentially identical with the highest type of the woman of the present and the past—the wife and mother who performs the most important of all social duties. I believe in the movement for women's suffrage, but I believe it will ultimately succeed and will, in itself, be a great benefit to the world. But I regard it as of far less consequence than the other movements for the betterment of present day conditions as affecting both men and women."

THE HOUSING PROBLEM

Dr. Helen MacMurphy Will Give an Address Tomorrow Afternoon.

A two-day campaign starts tomorrow afternoon in the Metropolitan Church on the housing problem in Toronto. Dr. Helen MacMurphy will be the speaker at 8 o'clock tomorrow, and she will be introduced by Controller McCarty, who will speak briefly on the subject and will explain the object of the two Sunday afternoon meetings. The advantages of Toronto as a residential city will be emphasized; the housing and the evil effects of overcrowding and insanitary dwelling will be thoroughly discussed by Dr. MacMurphy, who also will suggest some remedies to cope with the situation.

Scientific Wrinkle Remover Easily Made

(From Ladies' Favorite Magazine.) A few dermatologists have long held the secret that a certain product, known to the drug trade as salicylic, has the power of removing wrinkles. Anyone can readily make this same solution by dissolving an ounce of powdered salicylic acid in a pint of smooth oil. This action will of course also reduce hanging cheeks or double chin.

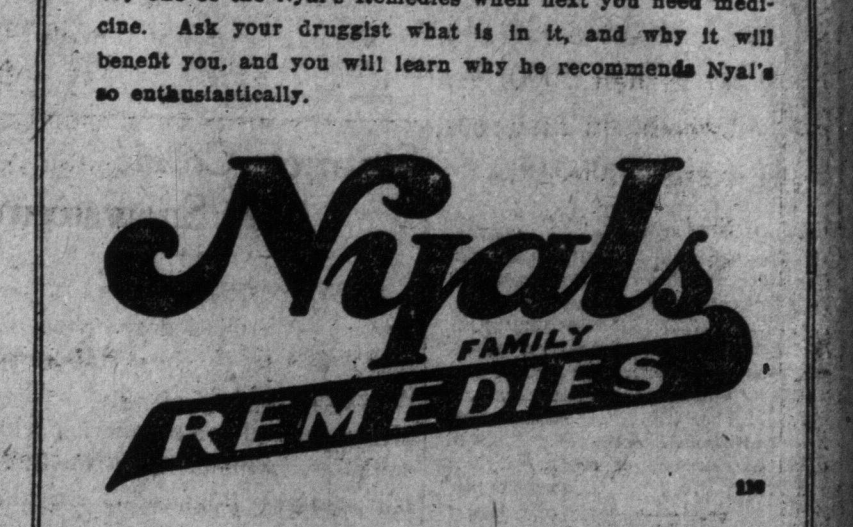

When the hands show signs of aging, the skin becoming coarse, creased or flabby, bathe them in the solution. Since the recent publication of this formula, men and women of all countries have taken advantage of the information, according to reports, with most satisfactory results.

IT PAYS TO ASK YOUR DRUGGIST ABOUT NYAL'S.

If you ask your druggist about Nyal's Family Remedies he will tell you at once that there are no other packaged medicines equal to them.

He does this because he knows the formula of each and every Nyal preparation, and knows it is honest standard value for the purpose intended—knows that Nyal's Family Remedies are without an atom of mystery or "cure-all" claim, but are preparations that you can rely upon to do what they are claimed to do.

Try one of the Nyal's Remedies when next you need medicine. Ask your druggist what is in it, and why it will benefit you, and you will learn why he recommends Nyal's so enthusiastically.

There's a Nyal Remedy for Each Everyday Ailment

are not afraid of substitution. If there is any other packaged remedy that claims to be as good as Nyal's, try it in comparison with Nyal's, and you will see at once the superiority of the goods in the bright dandelion-colored package.
