MUST BE PUNISHED FOR THEIR CRIMES

If Those Responsible Do Not Suffer, It Will Be Crime, Says White.

GLORY FOR CANADA

Has Fulfilled All Obligations of International Duty and National Honor.

Montreal, Nov. 11.—Sir Thomas White, the acting prime minister, who was in Montreal today taking part in the Victory Loan parade, gave out the following statement to the Canadian people in regard to the signing of the armistice.

"The acceptance by Germany of the armistice terms virtually ends the war. Right has decisively conquered and wrong has been overthrown. In this supreme moment of allied triumph and exultation the predominant feeling in the hearts of the Canadian people, will, I believe, be one of thankfulness to God who has given the victory. The long night of horror and travail, of blood and tears and human agony and anguish has passed away and the morning of peace has dawned. It brings to the nations heavy tasks and stern duties. The map of Europe has to be recast. Great historic wrongs have to be righted, and great criminals called to account. If those who have conspired against the peace of the world, who have brought these unspeakable woes and calamities upon mankind, and under whose direction centuries of irreparable barbarity have been perpetrated in subversion of the laws of nations and of humanity are not brought to punishment for their monstrous crimes, it will be the greatest failure of retributive justice in the annals of history. No sanctuary should shield them from the consequences of their crimes.

Canada Has Played Her Part.

"As for Canada, we may, without fear of reproach, reflect with just pride upon the part played by the Dominion in this great and terrible world drama. We have fulfilled all the obligations of international duty and of national honor. We have been true to the empire and to our allies. We have kept the faith with our gallant forces overseas. Their

GLORIOUS VICTORY GAINED BY ALLIES

Tremendous Ovation Given Premier Lloyd George by Crowd.

ENTITLED TO REJOICE

Mob of Celebrators Invade Downing Street in Forenoon.

London, Nov. 11.—Waving flags and cheering, an enormous crowd pressed into Downing street before noon today shouting, "Lloyd George! Lloyd George!" Finally the cheers and shouts brought Lloyd George and Andrew Bonar Law, chancellor of the exchequer, to a second floor window of the premier's residence. Whence they appeared pandemonium ensued.

For five minutes the crowd cheered and waved flags frantically and then they sang, "For He's a Jolly Good Fellow." The premier stood passively and unsmiling, but his face was serene. When order and silence had been secured, he began to speak as follows:

"You are entitled to rejoice. The people of this country and of their allies and the people of our overseas dominions and of India have won a glorious victory. It was the sons and daughters of the people who have won it. It is the most wonderful victory for liberty in the history of the world. Let us thank God for it."

Premier Lloyd George bowed and disappeared.

Kisses His Hand.

Chancellor Bonar Law, after kissing his hand to the crowd as he pulled down the window, moved away. Hardly had the premier finished when a long file of shouting soldiers—British, Canadians, Australians, Americans and a few from other allied countries—passed the way thru the throng and managed to reach the front of the premier's house, where they gave him a great ovation.

Col. Winston Spencer Churchill, minister of munitions, was given an enthusiastic ovation when he approached the ministry in an automobile. The crowd stopped the car and climbed over it and Col. Churchill was compelled to make a brief speech. The firing of the maroons (three crackers which imitate the crack of a cannon) by the firemen and police, startled many residents of London.

Washington, Nov. 11.—Immediate dropping of food prices as a result of the conclusion of an armistice cannot be expected. Food Administrator Hoover declared tonight in a statement which added that while the prices of some foodstuffs will decrease others will increase.

"With the war effectively over," said Mr. Hoover, "we enter a new economic era and its immediate effect on prices is difficult to anticipate. The price of some food commodities may increase, but others will decrease, because with liberated shipping accumulated stocks in the southern hemisphere and the far east will be available. The demands upon the United States will change in character, but not in volume."

WILL PROCEED AT ONCE TO DEMOBILIZE FORCES

Will Begin With Men in Canada Who Are Now on Harvest Leave.

Ottawa, Nov. 11.—Altho no official statement is yet forthcoming from the department of militia and defence, it is understood that demobilization of the Canadian forces at present in Canada will be proceeded with practically immediately. At present, according to a statement by an official of the department, there are some thirty-five thousand soldiers of the Canadian Expeditionary Force in Canada. The maintenance of such a large number of men necessarily involves a huge expense, which will not be borne by the government if the men are not required for service in France.

There are at present a large number of young men called up for service by the provisions of the Military Service Act, who being engaged in agricultural pursuits, have been granted harvest leave. These men will, in all probability, not have to serve at all. It was stated at the department that the situation of the men who have enlisted in the Canadian Expeditionary Force was more or less definite. It seems likely that there will be no change, as far as the men are with regard to them will be carried out.

The minister of militia is out of the capital today, but it is likely that a statement with regard to the whole situation will be issued shortly after his return.

CANADIANS TAKE MONS AS LAST ACT OF WAR

London, Nov. 11.—Mons, the Belgian town near where British troops engaged in bitter fighting with the Germans at the beginning of the war, was captured early this morning by Canadian troops under General Horne, according to Field Marshal Haig's announcement today.

SOUTH AMERICA REJOICES.

Buenos Aires, Nov. 11.—News of the abdication of the German Emperor and the signing of the armistice was enthusiastically greeted here. Many demonstrations were held.
