T. C. C. JUNIORS SHOW NICE LOOKING SQUAD

Three Clubs Hold First Practice at Arena—U. T. S. Were Busy.

Three other new teams held first practices at the arena yesterday, and a host of players were out. University students, junior champions of Canada, should again lift the honors, if numbers go for anything. U. T. S. had a squad of five players for their initial workout, and Coach Frank Carroll showed no trouble in getting eight good boys from the material. Joe Sullivan, Lanky Rowell, Jack Argott, Nettlefield and Waddington are the members of last year's team left, might be said that Nettlefield showed an excellent first practice yesterday.

A dozen players were sorted out of the candidates, and Frank Carroll watched their work carefully. Jarvis and Goodrich, a boy from Galt, are two new candidates for the net-minding honor. Of course, Joe Sullivan is slated for the job, but a substitute must be ready in case of accident.

Toronto Canoe Club put a lively-looking junior outfit on the ice for their first practice. Every position was well filled, but the season has not yet started, and some of the boys may drift away to other clubs.

A look over the following will show how good the candidates are. Coach Watters, late of Parkdale, in goal; Conner, late of Parkdale, last year's captain; Billy Burch of Aurora Lee; Tracey Shaw, Maitland; Hogg, last year's captain; McAllister and Malone of De La Salle; and Barnes, from Maitland. Joe Sullivan, Jack Argott, and Howell stayed out after the U. T. S. practice. Lee Hennie of Dentals also worked out with the paddlers.

The third new club was Balm Beach. While they did many stars as some of the east end canoe club had lost material, and easily can develop a fair team. Coach Percy Leaser is not claiming any championships, but adding for the job, and with his years of experience, he should be able to lead the boys to the top.

Some of those out last night were: D'Arcy Smith, the former T. R. and A. A. and Melville, crack goalie; Moore, net guard with the Barrie Juniors; Hogarth of Aurora Lee, and Jess Spring; Goldsmith, with St. Patrick's for a short while; Murray Rutherford of Aurora Lee; Steele, from Maitland; and Hogg, from Argos, and Waldron, late of Maitland.

Duke McCurry was not feeling well and did not turn out with T. C. C. last evening.

The Varsity squad has been cut to an even dozen seniors and a like number of juniors. Frank Carroll is handling them very carefully and realizes that he has some very good material. Evans was a boy to show a lot yesterday.

Aura Lee have a junior game on their hands next week, and Bill Marsden and Eddie Powers are paying close attention to the youngsters. The club has had about twenty out last evening, and some smart looking kids were in the bunch. Stone, the Maitland senior, is a new player, a newcomer. Hogarth and Spring were two seniors out, Heaton is a nice looking boy and about a place.

Granites look better as they go along. The Church street club trotted out Dunc Munro and Garvey Stratton last evening, boys they will have a strong club. Dixon and Mitchell were again in the net. The other out were: John Aldred, Russell Stephenson, Hugh Fox, Watson, Alex. Romeril, Fowler, Harry Smith, McCulloch, Harold Farlow, and Peck Wright.

On Saturday night the local hockey season will be officially ushered in, when Sportmen's Parkdale will meet in the arena. The season was a great success, it served to get the teams into condition for the O.H.A. campaign, and what is more important, added hundreds of dollars to the Christmas fund.

Dentals, with Sheldon back in line and Marking of Barrie added to their ranks, are stronger than ever before. Dunc Munro and Garvey Stratton last evening, boys they will have a strong club. WINNIPEG ADOPTS SIX MAN HOCKEY

Winnipeg, Dec. 2.—Six-man hockey will prevail this winter in the many Winnipeg leagues for the first time in the history of the game. Last year the new style of play was tried out by the seniors and intermediates, but as the older fellows were only experimenting, the other leagues stayed by the pioneer seven-man game. Since the six-man system was officially adopted by the Canadian Amateur Hockey Association last March, at its annual meeting, the many other Manitoba leagues have wisely fallen in line and adopted it.

Capitals Play Final Saturday in Sarnia

The Capitals will go to Sarnia on Saturday for a sudden death game for the championship of the intermediate series. The O. R. F. The American League Row Over New York or Chicago

New York, Dec. 2.—The question as to whether the annual meeting of the American League and its board of directors will be held in Chicago or this city on Thursday. This was announced at the special and adjourned meeting of the league in the city today, attended by Messrs. Comiskey, Ruppert and J. C. Dunn of the Cleveland Club.

During the meeting the attorneys for President Johnson, who yesterday requested a postponement until Monday for a hearing on the order of injunction restraining him from holding the hearing, moved forward to Thursday.

The attorneys of the New York Club were instructed to agree to the change in the club-owners to reach either city in ample time to attend the meeting.

Before the board adjourned, pending the court's decision on the injunction, a resolution was passed authorizing Mr. Ruppert to make such arrangements as might be necessary for the holding of the meeting here in accordance with the original resolution of Nov. 19, subject to the court decision.

Mr. Comiskey of the Chicago Club reported that, owing to President Johnson's illness, he had not been possible to secure the papers in his custody based upon his contractual relations with the league.

Official statistics just completed show that 101,000 British officers, and 4,322,000 men have been sent back to civil life.

Boxing Beckett Rules Favorite 3-2

CARPENTIER MEETS BECKETT TOMORROW

Englishman a Stone Heavier and Favorite in the Betting.

London, Dec. 2.—Carpentier will face Beckett at the Highbury Stadium on Thursday, fully fourteen pounds the lighter man. The Frenchman is also had an inch shorter, and two and a half inches shorter in reach.

Both men served in the air forces of their respective countries during the war, but Beckett's duties did not require him to leave the ground, while Carpentier engaged in actual fighting, which, of course, has its effect upon nerves.

After one of his y-o-u-s, Carpentier talked with a group of sport writers about his experiences. He said: "I have had sixty-three fights and for my first I received \$2. Each later fight brought a little more money until the last one. I fought in London for \$20,000. When the war started, I was worth about a quarter of a million bucks, most of which I invested in the coal fields, all being lost in the ruin and havoc caused by the Germans. When a small boy I worked in those same coal mines."

"If I win over Beckett I shall have made a new start to regain my lost fortune. In their practice, Carpentier suggests Dick McCoy, being a superb ring-master, forward like an angry lion, but he is full of grim determination all over his face, and his mind the methods of Tom Sharkey."

It will be a contest between the ruggedness and endurance of England with the skill and dash of the Latin. It is expected that the Prince of Wales, who landed back in England on Sunday, on the birthday of his grandmother, Queen Alexandra, will occupy a close-up seat at the fight. Tickets are selling at from \$50 to \$100, and hard to get at that price.

The winner of the contest will get a purse of \$40,000, and the loser about \$20,000. The affair is considered to be one of the greatest sporting events of modern times.

Rumors that he is over-trained and that he had done too much to get himself into the ring, were denied here today by Georges Carpentier.

Beckett is a fighter, and he is in good condition, and that he will win in his training quarters. He is a fighter, and he is in good condition, and that he will win in his training quarters.

SHORT STORIES

Musing on the happy days of yore, a contemporary names the following galaxy of U. S. Rugby stars: Famous Ends, Rye (Michigan U.), Wine (Lebanon Valley); famous quarter, Brandy (Notre Dame); famous guards, Boos (Marion, Pa., High), Bock (Lebanon Valley); famous tackles, Full (Montclair, N.J., High), Stein (Washington U.); famous backs, Stearns (Albright College), Cann (New York U.), Goodale (Stevens Institute), and winds up by saying that if any of the above get knocked out, you can bet they have a good substitute in Ginn, of Pittsburgh University!

Babe Ruth may be a wonder with his bat but as an orator he's a good ball player, according to this story from San Francisco.

One night during their visit in San Francisco, Ruth and Buck Weaver were introduced at a "light night" at Dreamland rink and the fans called upon Ruth for a speech.

"Gentlemen," said Ruth, "I want to say that the reception I received in Los Angeles was the greatest a ball player ever received. I thank you, Mr. H. H. Leighton, of Brunswick, Maine, and George Richards, of Augusta, Wis. I am glad to be here in San Francisco."

While the fans were still thinking, Ruth came hopping back into the ring. "Gentlemen," he said, "I made a mistake. I meant the reception I received in San Francisco."

SHAG SUGGESTS RUGBY REFORMS

What Wise Man of McGill Would Do to Improve Canadian Game.

Montreal, Dec. 2.—Coach Frank Shaughnessy of the McGill rugby squad returned today from New York, where he witnessed the game between the army and navy. Coach Shaughnessy was convinced by the style of playing in the game that the Canadian rules are superior to those of the United States. He said that there was not a leader on either team who compared with the backs of the two local champion teams.

In Shaughnessy's opinion, King, who won the game for the navy by his kicking, was not out of the ordinary. He cannot kick as far or as accurately as any of the backs of M.A.A.A. or McGill teams, according to the McGill coach.

In speaking of the rules, Shaughnessy said that he could only find one or two that would improve the Canadian game. He believed that reduction in the number of men would be an improvement, and that the game should be played with a better and faster system of putting the ball into play than the present heeling-back system of the Canadian game.

Shaughnessy also believes that if the placement goal rule was adopted and fostered by Canadian teams that it would open up the play and make the game more spectacular. These changes will likely be adopted by the Intercollegiate Rugby Football Union.

Regarding the forward pass, Shaughnessy said that, in his opinion, it was a dismal failure. It was tried on several occasions during the game, and the teams were unsuccessful.

He also suggested that the penalty for offences of the kind of changing so that a side offside would not lose possession of the ball on the first or second throw of the association, announced.

On the third down the team offside should lose possession of the ball. The forwards at shooting practice in the case of a goal, should be allowed to shoot at a target from about the distance that a shot would be made on the ice.
