C. C. MALLOCH DROWNS.

Ottawa Civil Engineer Thrown Into
Water From Launch.

OTTAWA, June 2.—Charles C. Mal-
loch, C.E., of Ottawa, lost his life at
Mile Island Rapids, at the foot of Lake
of Two Mountains, on Saturday, while
with a party who were taking surveys for
the Georgian Bay Canal. The party was
in a launch, and the young man
was fouled by a cable and thrown into the
water.

Deceased was a nephew of Lieut.-Col.
Coutlee and G. R. Coutlee of the Geo-
rgian Bay Survey, and a son of the
late Dr. Malloch of Ottawa.

Well Diggers Overcome.

CUPAR, Sask., June 2.—Two well dig-
gers, Edward Hanson and E. Brock-
bank, were overcome by gas while at
work in a well on a farm near here,
and both lost their lives.

**Why You
Save On
Diamonds**

"The greatest factor
in building up our
Diamond business—
the largest in Canada
—has been due to
the great savings
made by our cus-
tomers."

"And there is a reason
for it, a 'Ryrie'
Diamond is not an
ordinary Diamond,
but one that has been
personally selected by
a member of our firm
at 'spot cash' prices
from the Amsterdam
cutters."

Then there is abso-
lutely no duty what-
ever on Diamonds
entering Canada.

"And still further,
besides purchasing at
money saving prices,
the customer receives
our personal quality
guarantee."

THREATENED THIS JUDGE WITH LOSS OF PENSION

Another Sensational Feature to
Asselin Label Case—Jury
Disagrees.

QUEBEC, June 2.—(Special.)—The
disagreement of the jury in the Asse-
lin label case Saturday and their im-
mediate dismissal by the judge was
no surprise, for as the judge himself
declared in addressing the jury, the
case had assumed quite a political
character for some time past, or ever
since the correspondence concerning
subscriptions to an alleged electoral
fund came out publicly.

The government and its friends
claim that the jury stood idle for ac-
quittal, and three for acquittal.
Asselin's friends assume to know that
Asselin's friends in court crowded
around him after the jury had been
dismissed to shake hands and con-
gratulate him.

Sensational Incident.
The most sensational incident of the
day was the court's statement that it
had received threatening letters ad-
dressed to the trial, Judge Bosse did not
relate this fact to the jury, but only
after the latter had retired to consider
its verdict and when the judge pro-
ceeded to take up the case against the
Soleil newspaper for contempt of court
in publishing the names of the wit-
nesses and witnesses, and for this
offense Mr. Doholencourt, the respon-
sible editor, was fined \$50, the his
friends declared publicly after the
court adjourned, that Premier Gouin,
Attorney-General, who was in court
himself during the proceedings, had
assured them that the fine would be
immediately remitted by his depart-
ment.

Everybody Attacked.
In dealing with this case Judge
Bosse said that a regular tempest
seemed to have blown over the city
since the trial commenced. Everybody
had been attacked, including lawyers
and witnesses, and even the court it-
self. He had been threatened by an
anonymous letter, and it had been
declared before parliament and would
lose his pension if he did not change his
method of conducting the case. It
might seem incredible, but it was
true.

The letter he received said:
"We are in power at Quebec and
in Ottawa, and if you do not change
your attitude we will vote you out
before parliament and will make you
lose both your salary and your pen-
sion."

He explained that he had not read
this before the jury because he did
not wish to influence them.

No Chance For Acquittal.
The court spoke for an hour and a
half, and the jury, who retired at
11.30, returned at 12.45 and declared
they could not agree, and if
locked up for a year. They were then
discharged. The change was a modest
one. The court expressed the be-
lief that the case should never have
come before it, but have gone to the
civil courts. He had done his best,
and it coming, but the crown had
lost.

He declared that the evidence pro-
vided neglect of the minister, and
that the minister, who was busy with
colonization matters at the time and
not personally to blame.
Nevertheless, the facts were proved.
As for Mr. Turgeon his character was
left intact, and there was no malver-
sation against Mr. Prevost, and the
government was not to be blamed.
No malice proved against Asselin by
the prosecution.

May Be a Commission.
The statement is made, also it can-
not be confirmed, that Sir Lewis Jetté,
Lieut.-Governor of Quebec, will insist
that a royal commission be appointed
to enquire into several of the matters
brought out at the trial.

HAD NARROW ESCAPE.

Ernest Blackman Picked Up by Trol-
ley Car Fender.

While attempting to cross behind a
Queen-street car in the neighborhood
of William-street car at 130 yesterday
morning, Ernest Blackman, a carpenter,
who lives at 139 Simcoe-street,
was struck by a motor coming from
the opposite direction.

He was picked up by the fender and
thrown clear of the track, getting off
with a bad shaking and a cut and
bruised face. He was taken to St.
Michael's Hospital and had so re-
covered last night that it was ex-
pected that he would be in a fit con-
dition to go home this morning.

ADDRESSES W.C.T.U.

Mgr. Bruchesi Gives Strong Lecture
On Temperance.

MONTREAL, June 2.—(Special.)—
With the delegates of the Protestant
Community and the temperance peo-
ple generally, Mgr. Paul S. Bruchesi,
the Roman Catholic Archbishop of
Montreal, went to the Y.M.C.A. last
evening and delivered a strong address
on temperance before the Women's
Christian Temperance Union.

His grace told what had been done in
this province since his crusade had
been started two years ago, and added
that the temperance platform was suf-
ficiently based to permit the justifica-
tion of all well-wishers of humanity.
He said he despaired of reforming
invertebrate drunkards, but that all
efforts must be concentrated in the
young, and especially in the schools.

EDUCATION CONFERENCE.

One Under Government Auspices Like-
ly To Be Held In 1911.

(Canadian Associated Press Cable).
LONDON, June 3.—An official report
of the private meetings of the federal
conference on education shows that in
reference to the interchange of teach-
ers and inspectors the conference
resolved that it was desirable that
financial and administrative arrange-
ments should be made for such a
purpose. The conference also ex-
pressed the opinion that quadrennial
conferences were desirable, and that the
first should be convened by the im-
perial government. This will be held
probably in 1911.

**NO PROGRAM PREPARED
FOR PEACE CONFERENCE**

Representatives of World's Powers
Will Gather at Hague,
June 15.

THE HAGUE, June 2.—The general
plan of the proceedings at the second
peace conference probably will closely
follow the procedure of the first con-
gress, held in 1899. Practically noth-
ing has been worked out in advance.
The Dutch government, realizing
that the representatives of the 46 pow-
ers, who will assemble here June 15,
will call the conference to order and make
the Dutch minister for foreign affairs,
who has refrained from any way
attempting to control or arrange
the program or method of procedure.
He simply offers its hospitality to the
conference. The same is true of Russia.

The arrangements up to the present
time, therefore, simply cover the pre-
liminary session, when Mr. Naidoff, the
Russian ambassador to France, will
call the conference to order and make
an address, extending his sovereign's
greetings to the delegates. Dr. Jonk-
heer, D. A. Van Teut, Van Courain,
the Dutch minister for foreign affairs,
will reply in an address of welcome
on behalf of Queen Wilhelmina. There-
after it will remain for the conference
to decide how it will proceed.

It is safe to assume, however, that
the general line of procedure of the
former conference will be duplicated.
The first thing in order will be the
appointment of committees to consider
the various subjects brought up by the
Russian program. These will hardly
number more than five. Unless the
question of the reduction or limitation
of armaments is included into the pro-
ceedings at the outset, in which event
the main struggle may be at once pre-
sented, the conference will prob-
ably not meet again for ten days or
a fortnight, in order that the committees
may have an opportunity to prepare
reports for submission.

In general, it is not expected that
the full conference will meet more than
three times. The French language of the
conference will be English, and the
official language of the conference will
be the official language of the confer-
ence, also the advent of South Amer-
icans and the growing influence of
English may result in a compromise.
The lowest estimate of the duration
of the conference is six weeks, and the
prevailing belief is that it will be in
session between two and three months.

MUSIC BY QUARTET.

Metropolitan Church Dispenses With
Choir For Summer Months.

The musical services at the Metro-
politan Methodist Church were taken
yesterday by a quartet of voices, the
full choir having withdrawn with the
former organist and choirmaster, Dr.
Torrington. Only one of the soloists
of the Torrington choir, namely, Mr.
Hunt, remains in his place, the others
having resigned.

A few days ago the music com-
mittee of the church addressed a cir-
cular letter to each member of the
old choir, explaining that owing to
the fact that many would be out of
the city during the summer months, it
had been decided to have the music
furnished by a quartet. They were
thanked for their services and invited
to meet Mr. Wheelton, when he ar-
rives, to take permanent charge of the
organ and choir.

At yesterday's services the organist
was Mr. Bottomly, who will have
temporary charge.

On Friday evening Dr. Torrington
was presented to Dr. The church
to a social evening at the Toronto
College of Music. There were also
large number of former members of
the choir present.

A pleasant part of the proceedings
was the presentation to Dr. The church
from his choir of a well filled
purse of gold.

Austin called at the house and while
the friend went in, Austin swallowed
carbolic acid. He will recover.

PRINTERS ACCEPT SCALE ONLY 70 FOR REJECTION

President Lynch Advised Men to
Accept Agreement—Cloak
Finishers Strike.

Typographical Union No. 91 has de-
cided to accept the conditions of the
agreement which was entered into be-
tween the master printers and Interna-
tional Vice-President Hayes two weeks
ago. President James Simpson will
notify the bosses to this effect to-day.

This decision was reached at a crowd-
ed mass meeting Saturday night. It was
evident that the action of the inter-
national vice-president had been ill-ad-
vised. Mr. Hayes was present, along
with International President Lynch.
The latter strongly advised the men
that the agreement was a good one,
and had been made in good faith, the
unfortunate in some respects. It
was only in support of the international
body that the men gave in.

The local executive will put in a busy
week endeavoring to get all the small-
er establishments that were not repre-
sented at the conference signed up for
