### SCATTERGOOD FAILED TOOK GRAMPS IN KNEES

Had Walked 86 Miles in Cold and Wet When He Gave Out.

OSHAWA, Sept. 25.—(Special.)—The townspeople were disappointed to learn this morning that young Scattergood had failed to complete his 128 mile walk along the Kingston-road. He broke down two miles east of Highland Creek shortly after midnight, while on his way back to Oshawa, and was found in the river that quit, but I've got to go.

Twice after leaving Pickering he changed his boots. Just before he gave up he was staggering all over the road like a drunken man, still game, but unable to proceed. His feet did not bother him in the least. He had walked 86 miles in 23 hours and 10 minutes. When placed in the rig with his trunk and his way back to Oshawa, he was found lying on the ground and wet.

It rained all night after we left Oshawa for Port Hope, except for about three hours. Scattergood was wearing short knicker and bicycle stockings, leaving his knees exposed. The bad weather gave him cramps in the legs and he had to quit.

"Scattergood is going to make the trip before a month, probably around Thanksgiving Day."

I met Jimmy Reynolds at the fair here to-day, and he offered to wager \$500 for a match walk, but we are not in this for money. Scattergood wants to do the distance, and he can and will do it. He will be properly dressed then.

### FEWER TYPHOID CASES RETURNS TO THE PROVINCIAL BOARD FOR HEALTH IN AUGUST.

The returns to the provincial board of health from 675 divisions of health show a great reduction in the number of cases and deaths of typhoid fever compared with the same month last year. As may be seen by the table of contagious diseases, there were 135 fewer cases and 40 fewer deaths. Scarlet fever and diphtheria show a slight increase.

The total number of deaths from all causes is 2110 in a population of 1,922,325, making a death rate of 13.1 in 1000.

The number of smallpox cases was 25, against 10 last year, being no deaths in either case; of scarlet fever, 85 against 46, with 9 and 6 deaths, respectively; of diphtheria, 155, against 125, with 16 and 8 deaths, respectively; of typhoid fever, 141, against 276, with 32 and 72 deaths, and of tuberculosis, 143, against 180, with 103 and 177 deaths.

### HAMILTON WITES TENDER FOR TWO WATER PUMPS

Men Admit They Stole Forty Sticks of Dynamite and Are Remanded for Sentence.

HAMILTON, Sept. 25.—(Special.)—The fire and water committee had a very peaceful session this evening. Chief TenEyck was given twenty days' holiday and \$25 towards his expenses at the fire chiefs' convention. Enquiries were made concerning the \$200 given to the special deputation to inspect pumps, but the clerk was not ready with a statement. Tenders for two new six million gallon electric pumps will be invited. Chief TenEyck wanted an engineer and two men appointed to look after the second steamer. The committee was in deadlock on the subject, and he will have to struggle along till the end of the year without a crew for the old engine. The mayor said he considered the recommendation of the fire commissioners, that P. Fitch should be compensated because the roadway between the two filtering basins is being removed, as impudent. The city will make two roadways in lieu of the one it is digging out. A new agreement for first-year firemen will be expected now, under which they will have to forfeit two weeks' pay if they are dismissed, or if they resign during their first year's service.

Fred Taylor and John Dale admitted to the magistrate to-day that they stole the forty sticks of dynamite found in their possession Sunday, and they were remanded for sentence.

David Daniels of the Globe Hotel, Dundas-road, was fined \$100 this morning for selling liquor after hours last Saturday.

Wesley Philip of the mountain-top had his hand badly crushed in some machinery to-day, one finger and a thumb to be amputated at the City Hospital.

The Trades and Labor Council professes to have no objection that Wardman Neiligan collected pay for men who appeared on the payroll, but who did not work.

Engineer Schuman of the hydro-electric power commission is in the city, preparing estimates for the civic power and lighting plant.

Ald. Farrar said to-day that he will not be a candidate again.

Major Carpenter Dead.

Major F. M. Carpenter, ex-M.P., dropped dead this morning while dressing at his home, Lakeview Hall, Fruitland. When he retired last night he appeared to be in his usual health, and this morning he got up between 5 and 6 o'clock. Without the slightest warning, he collapsed, and died in a few minutes. He was a son of Captain John Carpenter, a U. E. Loyalist. He was born in 1843, and was elected at the age of 23 years to the county council, where he sat for eleven years. He was elected to represent Wentworth in the house of commons in 1882. Later he also ran for the county. The funeral will be held Saturday. He leaves a widow and the following family: Misses Jeanette R., Frances and Agnes, and a son, Edward, a Toronto bartender, was found dead on Murray-street, just east of James-street. He had come here for the races, and \$50 was found on his body. The dead man was about 25 years of age, and, until the Toronto races, was employed at the King Edward Hotel. There are indications that death resulted from heart failure, an inquest will be held.

Regal Hotel.

The Pioneer Hotel, West King-street, is doing the business it deserves to do. Mr. Goldberg, the proprietor, is pleased with the success attending his venture in adding the new addition to this popular hostelry. Mr. and Mrs. Harry Maxey, late of the Commercial Hotel, are in charge of the house and dining department, and will be pleased to welcome any of their old patrons.

### FOUND DEAD ON STREET.

This morning Ernest Laing, son of John T. Laing, 154 Robinson-street, a Toronto bartender, was found dead on Murray-street, just east of James-street. He had come here for the races, and \$50 was found on his body. The dead man was about 25 years of age, and, until the Toronto races, was employed at the King Edward Hotel. There are indications that death resulted from heart failure, an inquest will be held.

### FOUND DEAD ON STREET.

### INSPECTOR REPLIES.

Police Version of the Tracey Parole Incident.

Inspector of Detectives Duncan does not agree with Warden Gilmore's explanation of the absence of Harry Tracey, paroled pickpocket, which appeared in yesterday's World.

Inspector Duncan says that the man was treated with no discourtesy when he went to report on his parole. Tracey had told the inspector that he intended to go to the States. The inspector told him he must not, and Tracey replied that Dr. Gilmore had told him that he might go. The inspector took him to the presence of Mr. Fraser of the Salvation Army, who brought the man from the Central Prison.

Inspector Duncan continued: "From the time he was released the officers were wanting him, and a short time later he was received on the train. He didn't go to his home in Brooklyn, and he never worked at the address he said he worked at. We had a letter to-day from the police in New York, saying they could not find him there."

It is never had a complaint yet about the way I treated the parole prisoners who come here to report.

Dead After Vaccination.
