4 ADELAIDE ST. E. Melnyk & Wardwell (John J. Dixon) received the following despatch from Chicago to-day: Wheat—The war crisis abroad has furnished material for many contradictory rumors and the market was sprayed to and fro to-day by panic and business depression. The latest report received stated that a compromise had been arranged between Greece and the powers, and the market consequently weakened, but closed steady. A decline of 1/2c. Cattle news was firm and there was some buying for foreign account. The export demand, however, was poor. Receipts at Minneapolis and Duluth this week have been large, amounting to 194,000 bushels against 156,000 cars the previous week. Outside speculation continues exceedingly light, and to verify it a different range of values seems necessary. The market should show an increasing tendency to firmness. Provisions—Opened strong and higher on 6000 hogs less than expected. Cuddey bought May ribs Swift & Co. bought May pork. Commission houses sold. Market declined slightly on this selling. There were not traded as much to-day as usual. The market closed steady. Estimated hog, Monday, 24,000; next week 155,000.
