Howard Park, with its quaint low rough- ing lines, made, the caretaker said, by east house of '37, its "museum" of pictures and oddments, is a delightful spot, full of interesting memories, in which to idle away an hour or two during these heavenly June days. After leaving the car there is a charming walk along the lake shore, where children build sand houses, black birds fish for minnows, and skiffs and yachts spread out white sails to the breeze. On the north are the green banks of High Park, with its white gate, which we passed, preferring the entrance to Howard Park that lies further west. There is a narrow winding wooden stair that takes the visitor up the little hill side, on the off which is the Howard residence, now closed and with no sign of life within. The site is charming. This quaint low little rough-cast house that fronts the lake was begun in 1837 by the old drawing master of Upper Canada College, who has been sleeping these twenty years in a quiet plot prepared by himself to this end.

# Youthful

The natural exuberance of youth often leads to reckless ness. Young people don't take care of themselves, get over-heated, catch cold, and allow it to settle on the kidneys. They don't realize the significance of backachethink it will soon pass awaybut it doesn't. Urinary Troubles come, then Diabetes, Bright's Disease and shattered health.

The natural exuberance of youth often people don't which men are constantly grappling, but cannot exterminate. Subdued, and to all appearances vanquished, in one, it makes appearance in another direction. In many the digestive apparatus is as delicated as the mechanism of a watch or scientific instrument, in which even a breath of air will make a variation. With such persons disorders of the stomach ensue from the most trivial causes and cause much suffering. To these Parmalee's Vegetable Pills are recommended as mild and sure

A young life has been sacrificed. Any help for it? Yes!

Mrs. G. Grisman, 505 Adelaide St., London, Ont., says:

"My daughter, now 13 years old, has had weak kidneys since infancy, and her health as a consequence has always been poor. CHAPLAIN SEARLES IS DEAD

Most Able Advocate.

Word was received by the Canadian Tem perance League of this city yesterday from Auburn, N.Y., that the Rev. William Searles, D.D., died at his home on Saturday, after a brief illness. Dr. Searles was well known in Toronto, having been a regular speaker at the Sunday afternoon meetings of the Canadian Temperance League for the past 10 years, and has frequently preached in the Sherbourne-street Methodist Church, the Metropolitan and other leading pulpits. He was a warm friend of the temperance cause, and drawing his illustrations largely from his 15 years' experience as Chaplain of Auburn State Prison, he was more than usually effective in poluting out the evil effects of intemperance.

For some years past Dr. Searles had been the director of the literary and musical services held during the summer months at the Thousand Islands camp meetings, and only about 10 days ago a letter was received by the league from the deceased, extending an invitation this year, as he had done formerly, to the chief officers of the association to meet him at the Thousand Islands the first Sunday in August.

out in Canada, the United States and Europe.

The World was pleased last night to take a ride in one of the vehicles manufactured by the firm. It is a delivery cart made for the Parker Dye Works, and, besides being neat in appearance, is as easy to ride in as a cradle. Its special feature is its lightness. It weighs but 500 pounds, which is considered much less than that of many other makes. No hill or road is too high or too rough for it to skim over without a joit. It can stop readily and is easily managed.

The company claims it is purely Canadian.
