JUDGMENT WAS RESERVED.

Elizabeth Murray Sues Empire Loan Co. for $3000.

Mr. Justice Lount has reserved judgment in the action of Elizabeth Murray of Winnipeg against the Empire Loan Co. of Toronto. The action arose over a disputed price of a certain property in Sault Ste. Marie. The company claimed that the sale price, as arranged, was $6000, which amount was admitted paid over, but Mrs. Murray says the price was $9000, and she is suing for the difference, $3000, with interest. The defendants have filed a counter claim for $400, alleged to be unpaid taxes on the property in question, when they took possession of it.

The suit of the Veneer Box Co. Limited, against Samuel McNair was before the court at adjournment. McNair subscribed for 21 shares of the capital stock of the company, at $50 per share. He paid one call of $210, and now refuses to settle the balance because he claims the subscription was obtained by misrepresentation. The company asks the court for judgment for $840.

Peremptory list for to-day at 10 o'clock a.m. is: Veneer Box Co. v. McNair (to be concluded), Attorney-General v. Brown, Ryan v. C.O.F., Gray v. Butt.

TOBACCO, LIQUOR AND DRUGS.

Dr. McTaggart's tobacco remedy removes all desire for the weed in a few weeks. A vegetable medicine, and only requires touching the tongue with it occasionally. Price, $2.

Simply marvelous are the results from taking his remedy for the liquor, morphine and other drug habits. Is a safe and inexpensive home treatment; no hypodermic injections; no publicity; no loss of time from business, and a certainty of cure.

Address or consult Dr. McTaggart, 75 Yonge-street, Toronto 47

CABMEN MAKE THEIR OWN TARIFF.

One of Them Before the Magistrate for Overcharging.

A certain bylaw of the Board of Police Commissioners provides that no cabman or liveryman may use or publish any tariff except that sanctioned by the board. Twenty-two of the city liverymen, last month, are said to have agreed upon a certain other tariff, higher than the authorized one, and referring, among other things, to the charges in connection with funerals. Yesterday afternoon, in the Police Court, Fred Doane, one of the alleged combine, was called to answer a breach of the bylaw. Doane promised to hand over to the court all the published copies of the tariff, and he was remanded for sentence.

Lackawanna Washington Excursion

The next cheap excursion to Washington will be the Easter excursion, good going on all trains March 21st, and for return Easter Monday. You can spend Easter at Washington, Philadelphia or Atlantic City. For rates, time of trains, etc., consult nearest Lackawanna Agent, or write Fred P. Fox, Division Passenger Agent, Buffalo, N. Y. 246

They Cleanse the System Thoroughly.—Parmelee's Vegetable Pills clear the stomach and bowels of bilious matter, cause the excretory vessels to throw off impurities from the blood into the bowels and expel the deleterious mass from the body. They do this without pain or inconvenience to the patient, who speedily realizes their good offices as soon as they begin to take effect. They have strong recommendations from all kinds of people.

THE BRIDE'S BOOK.

DAINTILY bound in silk brocade and illustrated in color by Maud Humphrey—with blanks for the entry of marriage details—a "Bride's Book" makes an appropriate wedding gift—we have them in various styles.

Sufficient time in the ordering of wedding announcements or invitations insures best results. Samples promptly furnished on request.

MRS. J. E. O'DONNELL

Was Sick Eight Years with Female Trouble and Finally Cured by Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—I have never in my life given a testimonial before, but you have done so much for me that I feel called upon to give you this unsolicited acknowledgement of

MRS. JENNIE E. O'DONNELL,
President of Oakland Woman's Riding Club.

the wonderful curative value of **Lydia E. Pinkham's Vegetable Compound.** For eight years I had female trouble, falling of the womb and other complications. During that time I was more or less of an invalid and not much good for anything, until one day I found a book in my hall telling of the cures you could perform. I became interested; I bought a bottle of **Lydia E. Pinkham's Vegetable Compound** and was helped; I continued its use and in seven months was cured, and since that time I have had perfect health. Thanks, dear Mrs. Pinkham again, for the health I now enjoy."—MRS. JENNIE O'DONNELL, 278 East 31st St., Chicago, Ill.—*$5000 forfeit if above testimonial is not genuine.*

Women suffering from any form of female ills can be cured by Lydia E. Pinkham's Vegetable Compound. That's sure.

Mrs. Pinkham advises sick women free. Address, Lynn, Mass.

AN ATTRACTIVE DISPLAY.

Artistic Views of Mount Clemens in Grand Trunk Windows

The windows of the Grand Trunk Railway Office at the corner of King and Yonge-streets are embellished with a number of pictures of uncommon interest, from an artistic, as well as educational, standpoint. They set forth in realistic style, and in keeping with the highest attainment in the art of photography, the attractive features of Mount Clemens, Mich., now famous as "The Mineral Bath City." J. W. Ryder has been generously congratulated on securing such an admirable display for the office. The pictures are particularly valuable, in that they portray the magnificent hostelries provided for the accommodation of visiting health-seekers, who are flocking there in increasingly large numbers each successive season. During the summer the floating population is 25,000, while the regular number of inhabitants is only 7000. The hotels are all models of architecture, and equipped with all the provisions for comfort and rest. Among the hotels pictured are the new Park Hotel, the Fenton, the Colonial, the Avery and the Egnew, the latter being built by Mr. Egnew, who was cured himself by the remarkable health-giving qualities of the waters there. The St. Joseph Sanitarium, a splendid structure, is also shown, as well as a beautiful scene from one of the picturesque streets of the city. Of course, the baths are the attractive feature there. The water is so buoyant that a person hardly sinks beyond ten or twelve inches in it. Calculation has shown that the baths given so freely there contain natural compounds in such large quantities that it would take $5 per gallon to prepare the water artificially. A much larger number of visitors are expected in Mt. Clemens this season than in any previous year.

Mark Twain's New Home.

New oYrk, April 9.—After losing the fortune made by a life's work, and then setting out to make a new one at an age when most men are retiring, "Mark Twain" (Samuel L. Clemens), the humorist, has just purchased a summer home in Tarrytown. The place consists of 19 acres, situated on high ground overlooking the Hudson. On it is a stone mansion, which has been recently remodelled and modernized, with outbuildings and barns added to it. The price is understood to have been $47,500.

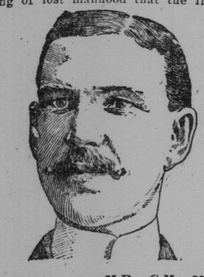
To Go to London.

Mexico City, April 9.—President Diaz has selected William Landa Y. Escandon, the Mayor of this city, to represent him at the coronation of King Edward.

Sent Free to Men.

Free Trial Packages of This New Discovery Mailed to Every Man Sending Name and Address—Quickly Restores Strength and Vigor.

Free trial packages of a most remarkable remedy are being mailed to all who will write the State Medical Institute. They cured so many men who had battled for years against the mental and physical suffering of lost manhood that the Institute



A. E. Robinson, M.D., C.M., Medical Director.

has decided to distribute free trial packages to all who write. It is a home treatment, and all men who suffer with any form of sexual weakness resulting from youthful folly, premature loss of strength and memory, weak back, varicocele or emaciation of parts can now cure themselves at home.

The remedy has a peculiarly grateful effect of warmth and seems to act direct to the desired location, giving strength and development just where it is needed. It cures all the ills and troubles that come from years of misuse of the natural functions, and has been an absolute success in all cases. A request to the State Medical Institute, 1136 Elektron Building, Fort Wayne, Ind., stating that you desire one of their free trial packages, will be complied with promptly. The Institute is desirous of reaching that great class of men who are unable to leave home to be treated, and the free sample will enable them to see how easy it is to be cured of sexual weakness when the proper remedies are employed. The Institute makes no restrictions. Any man who writes will be sent a free sample, carefully sealed, in a plain package, so that its recipient need have no fear of embarrassment or publicity. Readers are requested to write without delay. 4

MAYOR CALLS IT AN OUTRAGE

Board of Control Orders Heads of Departments to Report on Laborers' Wages.

WHO SHOULD PAY FOR PAVEMENTS?

Important Question Before a Special Committee—Assessment Estimates Reduced—City Hall Matters.

There was some misunderstanding regarding the time at which the meeting of the Board of Control was to be held yesterday afternoon. When the board adjourned, shortly after noon, Controller Loudon says, it was understood that business should be resumed at 3 o'clock; whereas, the Mayor and Controllers Crane and Graham thought it was 3.30 o'clock. Controller Loudon was in his seat at 3 o'clock, and, after waiting till 3.20 o'clock, he said he declared the meeting adjourned, and left the hall. Ten minutes later, the Mayor and Controllers Crane and Graham met and decided to go on with the business. Controller McMurrich was in Hamilton.

Laborers' Wages.

The first matter considered was the recommendation from Council in regard to the increase of city laborers' wages from 18 cents to 20 cents an hour. It was agreed that it was a serious state of affairs, and the Mayor stated that it simply meant inviting strong young men from the townships and outside municipalities to come to the city and secure employment, which now goes mostly to our own citizens. It stood to reason that the men who could do the most work would be chosen to do it. It would give the pick to the youngest and ablest men. As it is now, the city is able to give employment to many of those who are cast out from any other kind of labor.

A Cruel Outrage.

His Worship thought the proposal was a cruel outrage on this class of people, and, notwithstanding that Council has hurriedly decided otherwise, he thought it was the duty of the Board of Control to get a report from the head of every department. It was the duty of the Board of Control to carry out the wishes of the Council, but they should do so with a view to the public interest. In this case, the Council had not gone about it regularly, but had been taken by surprise.

Departments Must Report.

Ald. Crane said there were men in the House of Industry and House of Providence who were quite able to do some of the work on the streets, if they got a chance.

The Mayor's suggestion to ask a report from the head of each department, as to the cost and the possible effect of the proposed increase, was acted upon.

Guarding Against "Extras."

The City Engineer reported that the lowest tender for the gearbage destructor at the Island was $1950, and this sum did not include excavation for the foundation. The amount set aside for the full cost of the destructor is $2000, and the Engineer will be asked to report what the foundation would cost.

The claim of the Gutta Percha and Rubber Co. for exemption from taxation of a portion of their property was considered favorably.

New tenders will be asked for the painting and glazing to be done at the new Art Gallery at the Exhibition Grounds. There was a mix-up over the award of the last contracts.

Good Pavements.

The special committee which was appointed to consider the question of reconstructing the pavements put down as a local improvement met yesterday afternoon. The City Solicitor wrote that, under the present bylaw, permanent pavements laid as a local improvement must also be reconstructed as a local improvement. To have the work done legally at the general cost, it would be necessary to submit to the ratepayers an amendment to the bylaw, for their approval. The ratepayers would also have to vote upon the definition of what constituted a permanent pavement. In the event of the system being changed as suggested, the cost of the pavements and reconstruction of them would fall upon the whole city, including those portions where no local improvements have been made. This would not be fair to many taxpayers. Complications would also arise as to what rates would be charged for the city's portion of the roadways and sidewalks which are constructed as a local improvement.

Pay For Their Own Now.

Under the present law, ratepayers are exempt from all local improvements except their own and the portions opposite street intersections and exempted property. As an instance, if a concrete pavement is laid on a street, the ratepayers on that particular street are exempted from similar taxes on all other streets; so, now, the City Solicitor cannot see how the city could afterwards put a tax upon these property-owners during the currency of the bylaw, for other sidewalks or pavements thruout the city which might be of a permanent nature.

How if They Refuse?

Under the present system there would be some difficulty if, when the life of a pavement expired, the ratepayers on the street refused to petition for reconstruction of the pavement as a local improvement. In the event of such refusal the city would have to take hold or the street would fall into a very bad state of repair. As an instance of this the Bay-street pavement was mentioned. It is in bad repair, and, if the property owners repudiate the responsibility of re-constructing the street, the city is powerless to do anything. The question was whether or not the Bay-street merchants were benefited by vehicular traffic.

Would Further Exempt Churches.

An important point made by Ald. Spence was that if it was decided to do the work under the general rate it would mean a further exemption of taxes to the churches. He pointed out that at present there is $23,849,850 worth of property in Toronto on which no taxes are paid under the general rate but which pays the local improvement tax. If the scheme of constructing pavements at the general expense was adopted, legislation would be necessary to make a general road rate, under which exempted properties would be rendered liable.

The committee took no action beyond deciding to have the City Solicitor's letter printed and given to each member of the committee for careful consideration.

Island Committee.

The Island Committee held a short session yesterday afternoon, and decided to re-recommend that the services of Mr. Olmsted, the New York landscape architect, be obtained to aid in a definite plan for the improvement of the Island.

The main matter under discussion was the use of the sand pump. The committee had recommended that two shifts of men be put on it, but the Board of Control cut out the amount necessary for the extra shift. From the standpoint of the Engineer and of the Committee, the pump should work all the time, day and night, and would then find all it could possibly do. The Board of Control will be asked to reinstate the $5000 they cut from the sand pump estimate.

After the meeting there was an informal talk between Park Commissioner Chambers and Chairman Burns and Messrs. McNaught and Small, and some of the ideas agreed upon will be presented at the next meeting.

Assessment Estimates.

The estimates of the Assessment Department were taken up by the Board of Control yesterday, and a reduction of $2518 was made. Of this amount $1968 is for reduction of the staff of temporary clerks.

There was an item of $300 to cover expenses of negotiations with manufacturing industries. Ald. McMurrich objected to it on the ground that the city was big enough now not to have to run after manufacturers. The board, however, passed the item. The Assessment Department's original estimates totall d $34,201, and the board left them at $31,682, against $29,136 for last year.

Dismissal of Employes.

Ald. Dunn will move at the next meeting of Council for an amendment of the bylaws governing the heads of municipal departments, so that instead of being able to dismiss subordinates without assigning any reason, they will be empowered only to suspend such officials pending action of the Board of Control. This is the outcome of the Taylor matter in the City Commissioner's Department. All of the heads of departments will be strongly opposed to the proposal.

The Mayor will go to Ottawa to-night in reference to railway matters and the telephone bill.

A BREATHING SPELL.

If the consumptive could only keep from getting worse it would be some encouragement.

Scott's Emulsion at least gives tired nature a breathing spell. The nourishment and strength obtained from Scott's Emulsion are a great relief to the exhausted system.

This treatment alone often enables the consumptive to gather force enough to throw off the disease altogether.

Scott's Emulsion brings strength to the lungs and flesh to the body.

It Leads and Holds the Thousands Who Formerly Used Starchy Grain Foods.

Malt Breakfast Food

The Delight of Every Home.

Malt Breakfast Food, delicious, appetizing and comforting to the stomach, leads and holds every man, woman and child who has given it a trial. It has, with tens of thousands, taken the place of the common grain foods full of starch and other ingredients that hamper digestion.

Malt Breakfast Food, with its wonderful health-producing virtues, is the delight of every home in which it is used. It is the pure health-giving Malt used in combination with the choicest Wheat that gives Malt Breakfast Food its many advantages as a health food.

A breakfast begun with Malt Breakfast Food gives to men and women all needed energy for each day's work and labors, and gives to school children a vim and healthy activity for school duties. One package makes a meal for twenty-five people. Your Grocer sells more of it than any other food.

The "Royal Muskoka".

The opening up of the Highlands of Ontario, Canada, and the beautiful Muskoka Lake region has been a veritable labor of love to the advertising department of the Grand Trunk Railway, and the coming summer promises such an influx of American tourists as will amply justify the outlay in hotel accommodation which has recently been made. The "Royal Muskoka," in fact, promises to become to Canada, in summer, what the "Royal Ponciana" is to Florida in the winter months, the fashionable resort of the continent, where the romantic and the beautiful can be enjoyed with all the luxury and comfort of the most modern hotel life. The "Royal Muskoka," which has been built at a cost of one hundred and fifty thousand dollars, very much resembles the architecture of the famous Flazler hotels, soft, grey stucco walls, timbered across, under its red-tiled roof, with deep, cool verandahs, commanding views of the surrounding lakes and islands. It has accommodation for 400 guests, and is the finest summer hotel in Canada. It will be opened on June 16. For all information as to rates, routes, etc., and illustrated descriptive literature, apply to M. C. Dickson, District Passenger and Ticket Agent, Grand Trunk Railway System, Toronto, Canada.

STAMMERERS NO LONGER.

(From the Berlin, Ont., News Record).

Messrs. Robert Pettiercw of Victoria, B.C., and C. M. Durrant of Winterbourne, Ont., left Berlin yesterday for their respective homes, after spending five weeks under Dr. Arnott's treatment for cure of stammering. When Mr. Pettiercw arrived at the Hotel Brunswick those who saw him thought nothing could be done for a man who made such frantic efforts to talk, and yet failed. Our reporter has seen him frequently since, and, in common with many others, can vouch for the fact that before he left he spoke without any difficulty, and seemed anxious to converse with everybody. He told our reporter a few days ago that, having been unsuccessfully treated elsewhere, he was sceptical about coming nearly across the continent, until Rev. Mr. Bradley of Berlin assured him that he was running no risk of failure in coming. He added that his present knowledge of what stammering really is, and why he formerly stammered, was something to fortify him against it in future. Mr. Durrant did not stammer nearly so severely as Mr. Pettiercw, but is just as delighted over his liberty of speech. He is known to many of our townspeople, who have watched his case with more than usual interest, because his father, Mr. Matthew Durrant, is one of Waterloo County's pioneer settlers, and is often seen on our streets.

A Strong Combination.

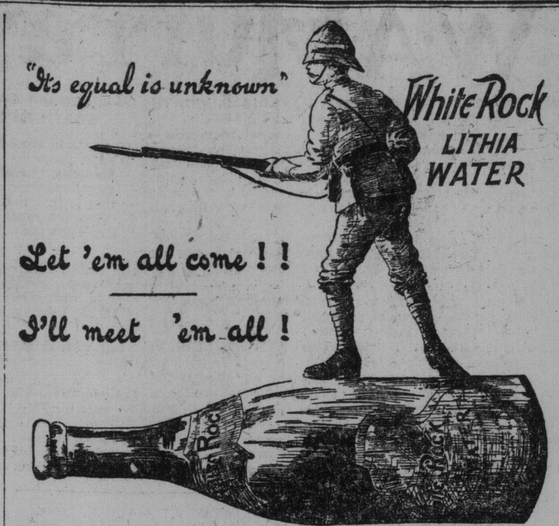
When the firms of Boeckh, Toronto; Bryan, London, and Cane, Newmarket, consolidated under the title of United Factories, Limited, a combination of more than usual strength was formed which will react in great benefit to the consumers using their goods and the trade generally. Under one strong management, running expenses can be considerably reduced and a better class of goods produced without additional cost; thus, users of brushes, brooms and woodenware will materially benefit by the amalgamation, as they will get the highest grade of goods at even lower prices and leaving a larger margin of profit for the dealer than can be found in the output of any other factories of a similar class in the Dominion.

10,000 Men Locked Out.

Augusta, Ga., April 9.—The lockout of all mill operatives in the Augusta district, which was threatened by the Manufacturers' Association in retaliation for the strike Monday of the employes of the King Mills, went into effect this afternoon. Every mill in Augusta and in the House Creek district is closed. The lockout affects 10,000 men.

Probably Murder.

Pittsburg, April 9.—Last night Mrs. Carrie Myers of Montana, a young and pretty woman, was found dead by her husband. There is a strong suspicion of murder.



Can be procured at first-class clubs, restaurants and grocers, and also at Messrs. R. K. BARKER, 27 1-2 Front-st. E., Tel. M 1920, Agent for Toronto. F. X. ST. CHARLES & CO., Montreal, General Agents for Canada.

CANADIAN INSURANCE.

Splendid Chance For Investment of Canadian Capital.

One of the features of the present prosperous condition of insurance affairs in this country has been the formation of the Canadian Casualty Company, which will carry on an extensive business in accident insurance throughout the Dominion, and mention of which has already been made in The World.

Insurance matters have recently attracted a great deal of attention in the press, and, in an interview upon the general subject of Canadian Insurance companies, Mr. George McCormick, M. P. of Muskoka and Parry Sound, spoke as follows:

"Most decidedly, we should patronize Canadian Life Insurance companies, and keep the control of our money in Canada. Every Canadian should take a personal pride in building up strong home institutions," continued Mr. McCormack. "The policy-holders of a Canadian company are amply secured, not only by the government reserve, but by the investment of their money in the country in which they themselves have full rights of citizenship. In the event of any dispute between the company and the policyholder, they have the advantage, in every case, of threshing it out in their own law courts, where they are sure to receive justice. They do not have to go to the United States, under any circumstances, to collect their claims."

The shares of the Canadian Casualty Company, which have a par value of $100, are selling at $120. The long list of directors who are lending their capital and influence to the project has already been published. The temporary offices of the company are at 24 East Adelaide-street.

At the Union Station.

Forty-five of the party of Barnardo boys who reached the city on Tuesday left for St. Thomas yesterday, and 30 others went thru to North Bay.

Several carloads of horses for the Horse Show arrived in the city yesterday over the Grand Trunk and Canadian Pacific Railways. The horses are from all over Canada.

Passenger Traffic Manager W. E. Davis of the G.T.R. passed thru the city yesterday en route to Buffalo.

A circular received at the office of the Northern Pacific Railway yesterday announced that J. M. Hannaford, 3rd vice-president and general traffic manager of the system, with headquarters at St. Paul, has been appointed 2nd vice-president of the road.

A Peculiar Thief.

Butte, Mont., April 9.—Mrs. O'Grady is under arrest here, charged with enticing a wealthy woman out for a drive and robbing her of her diamonds. Several similar charges are laid against her.

Two Bills Reported.

Ottawa, April 9.—The Banking and Commerce Committee this morning reported the Knapp Tubular Steamship Company's and the Crown Bank of Canada's Acts of incorporation.
