NOTABLE SAYINGS IN LONDON.
London, Dec. 28.—The following sayings are culled from last week's speeches:
Nothing can be more conducive to the equal administration of justice than that it should be done in the sight and hearing of all concerned.—*Lord Chancellor.*
It is the essential policy of this country to consolidate industry and encourage friendship with the United States.—*Mr. Henry Campbell-Bannerman.*
In times of war the medical service must turn to volunteers for aid, and such forces, to be of any real service, must have previously been well organized.—*Sir Frederick Treves, the King's physician.*
All our intellectual and scientific work with ourselves and all our intellectual work for other people has its root in the idea that superior enlightenment is the fountain of higher life.—*Canon Alcock.*
In Germany, out of a population of 50,000,000, only 500 attend the university every year, whereas in England, with a population of 30,000,000, only 500 attend universities.—*Headmaster Bradford.*
The greatest enemy of any country is the brain of its people.—*Andrew Bonar Law, M.P.*

PERUVIAN STORM STAYED.
St. John's, Nfld., Dec. 28.—Another furious gale has been raging here for the past 24 hours, and has caused much damage along the coast line. It is feared that the shipping will suffer considerably. The *Alban*, a liner, passed Cape Race yesterday morning, but she has not yet been able to make port because of the storm and the fog. She has on board a shipment of 300 Canadian cattle from Hall's farm, shipped from there because of the embargo of American ports. It is feared the cattle will suffer because of the heavy weather.

YORK COUNTY AND SUBURBS

To-Day's Nominations Will Likely Develop a Crop of Candidates, But No Issues.

NOT MUCH INTEREST IN BY-LAW

To Limit the Council to Six Members—Davis Manufacturing Co. Buys More Land.

Toronto Junction, Dec. 28.—The Davis Manufacturing Company of 126 West King street, has purchased the Riverdale block at the corner of Royce-avenue and Edwinstreet and is fitting it up for its upholstery business. The cell is being excavated for a new store on the next corner.

Considering that Monday is nomination day, the present quietness in municipal matters must be largely attributed to the postponement of the ward system. Last year at this time the candidates had announced themselves, their cars were out and most of the canvassing was done. This year, however, there was no doubt but that more candidates at the polls than last year. There is a quietness and a quietness. Standard Oil in Control.
Chicago, Dec. 27.—A special to The Record-Herald from New Orleans says: The Standard Oil Company has at last secured control of the Louisiana Gulf and Texas and the Jennings oil region in Louisiana. There are only a few small companies remaining outside and they are very little more than the marketing of fuel oil. The price of fuel oil has been advanced to \$1.10 a barrel and the indications are that the quotation will go still higher.

Warren Beet Sugar.
The plant of the Warren Beet Sugar Manufacturing Co. is now in full operation. It is now turning out an average of from 150 to 200 barrels of fine granulated sugar a day.
