122

The Quinquennial Congress.

Twenty-three countries will be represented by the 300 speakers who will take part in the deliberations of the International Council of Women. Up to the present there have been only two meetings of the International Council of Women. The first was in London, Eng., and the second in Berlin, Germany. When we consider the enormous population of these two metropolises it is something wonderful that a comparatively small city like Toronto should be the successful competitor against such high places as Vienna, Brussels, New York, Chicago and many other large centres. The ticket committee of the congress of the International Council of Women met with Mrs. Brewster, convenor, 25 Admiral-road, yesterday evening. The sale of tickets from the down town office of the council shows that Toronto is awake to the importance of this congress. Large as will be the expected attendance at these lectures it will be only a small fraction of the entire audience, for from this international council, thru the national councils and the local councils, to thousands of clubs and societies all over the world will be carried the news of the workings of this great quinquennial. It is hard to realize what this gathering means and how world-wide is its influence.

Men Not Barred.

"May men attend the meetings of the congress of the International Council of Women?" "May the public generally attend?" These are questions with which the information bureau is assailed about sixty times an hour. The answer is "Yes!" every time, and especially to the men. But they must buy tickets. And they must buy them before they go up to the university. Luncheon will be served on the grounds, but you can't buy tickets there. They are to be obtained at 97 Yonge-street, from the information bureau of the council.

Moulton College Closing.

Yesterday was alumnae day in the closing exercises of Moulton College, which terminate in the presentation of prizes this evening in Castle Memorial Hall, McMaster University, to which the public are invited. The officers of the alumnae elected were: President, Mrs. Helen Burke, vice-presidents, Mrs. George Porter, Mrs. R. W. H. Burnaby, Miss Nora Shenstone, Miss Ada Scott and Miss Mildred Cook; secretary, Miss Anna Shabley. The annual banquet of the association was held in the evening, followed by a reception in the drawing rooms of the college, at which Mrs. Cranston and Miss Helen Burke received on behalf of the alumnae.

Will Entertain Delegates.

The medical women of Toronto will

entertain the medical women delegates to the congress here at luncheon Thursday noon of this week at McCorkley's. Dr. Hume will preside.

Suffrage Fair Nets \$20,000.
The big suffrage fair held in London, England, very recently netted the cause \$20,000.

Suffrage For Women.
The Victoria Local Council of Women in that city have passed a unanimous resolution in favor of suffrage for women.

In Society.

The Ladies' Aid of Perth-avenue Methodist Church will hold a garden party on the church lawn to-night. Lieut.-Colonel Costigan announces the marriage of his sister Mary to Mr. Charles Frederic Paul, on Friday, the eleventh of June, 1909, at the Church of the Messiah, Montreal, at home after July 1. Miss M. L. Wilson and Miss Syne of Melbourne, Aust., will be the guests of Mrs. Harper, in Major-street, during the quinquennial. Miss Gertrude Morrison of Jacksonville, Fla., is spending some time with relations in the city. Mrs. Mergler and Miss Dixon have arrived in town, where the latter will spend a few days previous to her return to the west. Miss M. L. Wilson and Mrs. E. J. Humphrey leave on Thursday for a trip to England. Mrs. J. G. Kenny and Miss Elida Kenny of Winnipeg are in the city for a week. Mrs. A. E. Chatterton of Palmerston-

boulevard, and her little daughter leave for England this week. Mr. and Mrs. G. R. Cockburn have returned from a trip thru the south. Mr. Edward Jones will leave for England this month. Mr. A. Maybee is in town from Brandon.

Mrs. Bailey (nee Forbes) will be at home at 36 Euclid-avenue after Thursday.

Mr. and Mrs. J. W. Moody of New York have been spending a few days with their cousin, Miss Frances E. Moody, in Jarvis-street.

Mrs. and Miss Stewart, who have been staying with Mrs. Michie, leave on Thursday for England and the continent.

Mrs. Irving Walker is spending a month in Muskoka, the guest of Mrs. Timothy Eaton.

The home of Mr. and Mrs. David Brown of Brown's Corners, was the scene of a very pretty wedding on Wednesday evening, June 9, when their eldest daughter Catherine, was united in marriage to Mr. Fred J. Anderson of Winnipeg. The house was beautifully decorated with lilacs and ferns, a bower of white lilacs and ferns, in which the bride and groom stood during the ceremony. The ceremony was performed by Rev. Mr. McArthur of Bendale. Only the immediate relatives of the bride and groom were present. After the ceremony the party sat down to a dainty wedding luncheon, during which congratulations were given. The young couple left for Montreal and New York, where they intend to spend a few weeks before returning to Winnipeg, where they purpose making their home.

GOES TO ELM STREET

Rev. Dr. Wilson Finally Selected by Stationing Committee.

Toronto Methodist Conference took a vote last night on the appointment of Rev. Dr. Wilson of Trinity to Elm-street Methodist Church, and made it final. The committee will decide on North Parkdale and Berkeley street this morning. A prominent minister said to The World at a late hour last night that the probabilities favored Rev. Dr. Burns of St. Paul's, Brampton, going to North Parkdale, and Rev. J. E. Starr remaining at Berkeley-street.

The more you know about tea, the more you will appreciate the delicate fragrance and delicious flavor of "Salsada" Tea.

Wire From Slavonia Passenger.
Dr. J. S. Lucas, 121 Dunn-avenue, received a cable yesterday from his daughter, who was a passenger in the ill-fated Slavonia, on her arrival at Gibraltar, stating that they had an exciting experience, but were quite well and all valuable and personal effects were saved.

Miss Lucas will continue her tour and has promised to visit again from Naples.

Public Amusements

At the Grand.

The Gingerbread Man. A comic opera of the real school, is the attraction at the Grand this week, a splendid offering for the closing of the season, and fully up to the standard of the high-class productions given this season at the popular play house. "The Gingerbread Man" has a pretty little fantastic story and superabundance of action to two large audiences yesterday. It certainly gave satisfaction to the audience with laughter and interest. The good fairy is impersonated by a male comedian, who adds his usual quota of fun, and in conjunction with the "gingerbread man" a creature supposedly made from gingerbread, dominates the piece with unctuous comedy and creates no end of merriment for all concerned. The production is given a handsome scenic mounting. Scenery and costumes are kept bright and clean and the company looks as if it were just starting out for the season, everything is so up-to-date. The cast is a competent one—the principals especially showing exceptional ability. The chorus is a comely one and sufficient in quantity. Freddie Nice as the "gingerbread man," Ross Snow as "Wonderful Wise," Maurice Holden as the "Good Fairy," Adele Archer as "Jack Horn," May Bouton as "Maie Bon Bon," made a distinct hit for the clever manner in which they impersonated the characters. During the week matinees will be given on Wednesday and Saturday.

At Shea's.

Uncle Tom's Cabin in Brief. Old ideas in the hands of experts about sums up the entertaining bill which the management of Shea's are presenting this week. Dancers that rarely cannot be duplicated, acrobats that amaze, and skit artists that arouse applause with every turn and joke figure in the program. Even Uncle Tom's Cabin, one of the ancients of all stage attractions, is presented by a troupe of clever imitators, in the short space of 35 minutes. Six scenes are presented, in which all the essential

features of Mrs. Stowe's famous drama are retained; the Serenaders, Eliza's escape, the cotton fields, the slave sale, and finally the transformation and little Eva's ascension. People who perhaps have witnessed "Uncle Tom's Cabin" may times felt the same old interest in the story as revealed in this abridgment. The popularity of the bill augurs well for another version of the old favorite "Uncle Tom's Cabin," which the boys of the Toronto Press Club will present in the Alexandra on Friday and Saturday evenings. Frank McEneaney and company astonish with their wonderful exhibition of sharp-shooting, and Carney and Wagner, singers and dancers, interpret the Boveny character to a nicety. Maurice Wood presents imitations of noted stage stars. Her "bandy legs" and "Harry Lauder" are winners. The trio of comedy acrobats, Potter-Hartwell, prove one of the leading attractions. A number of circus clown stunts are worked in, which convulse the audience with laughter. Gags in his monologist work, but nevertheless, earns his share of applause. Clarence Wilbur is the star in a clever skit, "The New Scholar." He has six young ladies with him, a school marm and a professor. Clarence's jokes and his manner of getting them off are alone worth a visit to Shea's. The bill is well balanced and provides one of the best vaudeville attractions seen in Toronto this season.

Warfield Seat Sale.

The sale of seats for the engagement of David Warfield at the Alexandra next week opens to-morrow night.

On account of the great demand for seats in Toronto, where Warfield will offer "The Music Master" for the first time, the management refuses to accept any orders in advance of the sale; therefore, in order to treat everyone alike, only the critics' seats will be reserved, and it will be a case of first come first served. No telephone orders will be received. The scale of prices ranges from 50 cents to \$2. There will be a Saturday matinee.

WHY LIQUID CATARRH REMEDIES FAIL.

They go direct to the stomach, have very little effect on the linings of the nose and throat, and entirely fail to cure. Only by cleansing the air passages, by relieving the inflammation and killing the germs is cure possible. No combination of antiseptics is so successful as Catarrhose. In breathing it you send the richest plasma balance right to the seat of the disease. Irritating phlegm is cleared out, hoarseness, coughing and hacking are cured. For a permanent cure for catarrh, nothing equals Catarrhose, 25 cts. and \$1.00, at all dealers.

HARDY AT HANLAN'S

This Daring Performer on the High Wire is Certainly a Wonder.

James E. Hardy is one of the free attractions at Hanlan's Point this week. The announcement of this engagement was sufficient to draw a large crowd across the bay yesterday afternoon and evening. Hardy on the high wire is all that has been claimed.

which was of value to the scientific world.

Other speakers were John A. Pater-son, K.C.M.A., R. F. Stupart, Director of the meteorological service, Prof. Chant, R. S. Muir, Andrew Elonis, J. R. Collins and Prof. Lang.

Dominion Day Excursions.
Now is the time to plan your holiday trip. The Niagara Navigation Company are offering special reduced rates to Niagara Falls, Buffalo, Cleveland, etc., for the day, and for an extended period. Favorable rates furnished at Ticket Office, ground floor, Traders' Bank Building, Tel. Main 6588.

Band in Queen's Park.
The band of the 48th Highlanders will play in Queen's Park to-night.

If You Rid Poisons FROM THE BLOOD

By Awakening the Liver and Kidneys, You Will Be Freed of Pains, Aches and the Tired Spring Feeling.

Poisons only accumulate in the blood. Pain and aches have the same cause. Poisons only accumulate in the blood when the liver and kidneys get torpid and slow in action and when, as a result, the bowels become constipated.

Get the liver and kidneys working right and away go the poisons. That is their work, to rid the blood of poisons.

When they fail because of the excessive accumulation of poisons in the spring, use Dr. Chase's Kidney-Liver Pills and they will soon resume their natural functions with renewed energy and vigor.

No other organs of the body can filter the poisons from the blood, so you must get the liver and kidneys active if you are going to restore beautiful digestion, regular bowel action and free the body of pains, aches and feelings of fatigue and depression.

It is only natural that the liver and kidneys should give out in the spring when the blood is usually loaded with impurities, but you can quickly and certainly set them right by using Dr. Chase's Kidney-Liver Pills.

This is the greatest of spring medicines because it is unique in its direct and combined action on the liver and kidneys.

Put it to the test this spring and you will be astonished at its wonderfully prompt and thorough action on the digestive and excretory systems. You can be certain that it will move the bowels, awaken the action of the liver and kidneys and completely purify the blood. One pill a dose, 25 cents a box, at all dealers, or Edman, Bates & Co., Toronto.
