

MEIGHEN CONCLUDES TOUR OF THE WEST

Speaks With Henders, Near
Winnipeg—Tells Why He
Differs With Crerar.

TO SUPPORT PREMIER

Winnipeg, Nov. 16.—By Canadian Press.—Having concluded his tour of the four western provinces, Hon. Arthur Meighen, prime minister of Canada, accompanied by Mrs. Meighen, tonight is traveling east, with an engagement to speak on Friday night at Massey Hall, Toronto. Hon. J. A. Calder, who has accompanied Mr. Meighen throughout his tour, also left for the coast tonight, but will not, it is understood, participate in the Toronto and Aylmer meetings. It is probable that the prime minister will be supported at the Toronto meeting by Hon. Hugh Guthrie, and that he will speak at Aylmer with the government candidate.

The final of the western tour was held this afternoon in the village of Holland, in Macdonald constituency, Manitoba, which is represented in parliament by H. C. Henders, who resigned a year ago from the presidency of the Manitoba Grain Growers' Association as the result of criticism of his course in continuing support of the Union government. Mr. Meighen praised the work of Mr. Henders in the house.

Mr. Meighen presented to the attentive audience of several hundred people, mostly farmers, his argument for a "moderate tariff," as advocated by his administration; declared that Hon. T. A. Crerar had a "frenzied fondness" for free trade and "preaches free trade thru and thru." Mr. Henders, speaking briefly, said he had been asked why he didn't "follow Crerar." A time he stated, when the Union government had made tariff reductions which saved the west \$17,000,000 per year. Mr. Crerar told him he was "going to support the government if they didn't touch the tariff at all." He expressed the conviction that the government had acted in good faith towards the west. He had supported the government for the past three years and he proposed to continue that support while they lived up to their promises. He was in favor of wheat board, but he had received no support when he had advocated it in the house.

MAY EMPLOY FORCE TO SAVE PRESTIGE

Japanese Ex-Premier Threatens to Do So If California Law Stands.

Tokio, Nov. 16.—Marquis Okuma, former Japanese premier, addressing a meeting yesterday, strongly attacked the plan to exclude Japanese from America by treaty. He said that hitherto immigration had been restricted under a voluntary agreement because it was realized that restriction was prejudicial to Japan's prestige. The present effort to make restriction statutory, he said, was an act of infidelity to Japanese-American friendship. The former premier believed that Washington would be able to stop Californian measures by enlisting public opinion of the whole country. If Japan's appeal to America's sense of international morality failed, the speaker continued, only force remained. Japan sincerely desired a solution of the problem, he concluded, fearing that otherwise the question would lead up to an outbreak of self-sacrificing patriotism for which the Japanese people are noted.

LOSS IN MAIL ROBBERY WILL TOTAL \$3,500,000

Council Bluffs, Iowa, Nov. 16.—Loss in the Chicago, Burlington and Quincy mail car robbery here last Saturday night will total at least \$3,500,000, according to a story published today by The Council Bluffs Evening Nonpareil. This, according to the newspaper, became known today when additional postoffice officials came to assist local investigators in a check of the insurance on the stolen mail pouches was made.

EAST ELGIN FIGHT HOTTEST ON RECORD

(Continued From Page 1).
accused the farmers of being a league with destructionists and allied to seditionists. By this he did a great injustice to thousands of loyal citizens. (Hear, hear.)

"You may look thru the whole platform of the U. F. O. party and you will not find a plank which benefits the farmers only. Those charges are but dust which our opponents seek to throw in your eyes."

Financing of Campaign.
"There has been criticism passed on the way in which the U. F. O. campaign has been financed, but what about this one? Compare the way in which Mr. McCrear is conducting his campaign with the way in which Mr. Meighen is conducting his campaign. Mr. Meighen is coming from which is being spent in support of their candidate? Can we not get away from the old and abhorred system of campaign supported by private interests?"

Mr. Crerar asserted that the people should be willing to supply the campaign funds for the sake of clean politics. They long as the interests were allowed to supply money they would expect rewards from the government. The speaker urged the voters to take the utmost interest in public affairs for, he said, it was the only way in which good government could be brought about.

"The farmers have done much to stir up public interest in politics. They have gone farther, for they have set up in this province the greatest government in Canada today. There was not a public man who could call it a class government. We have a railway problem in Canada, owned road, and several members of the government are taking credit on themselves for bringing this about. Why should they take credit for something that came out of necessity for it became necessary for the government to take the roads over, for they indulged in an orgy of backing securities."

Attacks Tariff.
Speaking on the tariff question, Mr. Crerar said that, although protective tariff had been forced on the country for over forty years, it was extremely doubtful if it had been attended with any measure of success. In explaining its failure, he said it was merely a matter of principle, a fence built so high that it would be impossible to bring in products from other countries. The appeal made to the farmer is that it builds up home markets.

"Because there are a multitude of things which you produce your primary need is markets. The policy of building up only home markets cannot be successful because the prices of commodities are set on the world's markets. We need the broadest market possible."

Mr. Crerar did not believe that a manufacturing concern would need protection if it was managed efficiently. He said that a definite object, the government should be brought into the country with duty and that the tax on the necessities of life should be minimized," he said.

ECHO IN TORONTO OF BELFAST CLASH

Carpenters' Union Is Asked to
Scrutinize Cards of Belfast
Brethren.

The Irish situation assumed local significance yesterday as the result of a communication received at the Labor Temple by the Toronto local of the Carpenters' Brotherhood from the Belfast executive of the union. The communication concerned the recent controversy in the Belfast ship yards between anti-Republican and Sinn Fein workmen, and stated that as the result of the refusal of the former class to work beside the latter, the latter had been ordered to leave the yards. The Toronto local is asked to scrutinize the cards of the Belfast brethren, and to make certain that any card which may arrive locally with a description of the Belfast situation is not being used to stir up local politics.

In connection with the controversy, it is noted that the meeting which the Belfast local proposed to hold in order to reach an adjustment, was in fact a meeting of the Belfast local of the Carpenters' Union, and that the Belfast local is not a political or religious body.

The Machineists' Union will elect its officials for the coming year at the first regular meeting in December. Messrs. Thomas Izzard, J. H. Kennedy and John Bruce left last evening for Ottawa as representatives of the Bricklayers, Sheet Metal Workers and Plumbers' Union to the annual conference with the employers of these trades. Wage scales and conditions for next year will be settled by the gathering.

CABINET DIVIDED ON RUSSIAN TRADE

Lloyd George Said to Favor
Resumption, But Other
Members Opposed.

London, Nov. 16.—Representatives of the Russian trade delegation in London, headed by Leonid Krassin, were in conference yesterday with the cabinet, discussing the preliminaries for the possible resumption of trade with Soviet Russia.

Some progress was made, but it is stated there is a sharp division of opinion in the British cabinet on the subject. Premier Lloyd George is reported to favor resumption, but several of the prominent cabinet members are opposing it. Mr. Lloyd George is said to be supported, among others, by Andrew Bonar Law, government leader in the house of commons, and Sir Robert S. Horne, president of the board of trade, who heretofore had opposed the resumption policy.

"The difficulty of the situation is greater by the attitude of France, whose general public opinion is reflected as against any resumption at present. It is stated that Great Britain will not resume trade with the Soviets without the consent of the French cabinet, which has been informed of yesterday's proceedings and requested to comment upon them."

In the house of commons today Mr. Bonar Law said he hoped that within a week Soviet Russia would have so far fulfilled the conditions upon which Great Britain based resumption of trade negotiations as to enable him to make a statement. One of these conditions was the release of the British prisoners in Russia. He deprecated the delay in the negotiations, but said this was not Great Britain's fault, being due to the delay of the Russians in releasing the British prisoners.

New York, Nov. 16.—Another drop in the price of refined sugar was registered here today, one refinery reducing the list price to 8 1/2 cents. Other firms quoted up to 10 1/2 cents. Retail prices were unchanged. Today's reduction establishes a new low record for the season.

TORONTO MAN HELD AS HOTEL THIEF

Said to Have Posed in Lobbies
of New York Hotels and
Watched Guests Out.

New York, Nov. 16.—By the arrest today of Harry Boies, alias Beems, a glass blower, who says he comes from Toronto, the New York police believe they hold a clue to many mysterious thefts that have been perpetrated recently in local hotels. They claim that Boies has confessed that he carried out, several of the latest hotel coups.

He was arrested by two detectives, who had nothing to work on but a description furnished by hotel men. The specific charge against him is that on October 14 he stole jewelry and bonds worth \$18,000 from the rooms in the Claridge hotel occupied by Mrs. Mary Armstrong of Atlanta, Georgia.

According to the police, Boies is an expert at his game. He is a handsome, gentleman of 32 or thereabouts, and can pose as a "man about town" in the lobbies of the fashionable hotels. Thus, say the detectives, he is able to watch the guests, and to get possession of their room keys when he knows they are out. Armed with the room key, and knowing how long his victim will be absent, he is able to go about his researches at his leisure.

Police say Boies is an old offender and has already served prison for hotel thefts in New York. Besides the specified charge, there are 15 other complaints against him.

MUST STOP.
"Brakeman, are you positive this train will stop at Gary?" Fully half a dozen times the fussy old lady had asked the question, and the man began to lose patience.

"Now, look here, madame," he replied finally, "this is an express to Gary, and if we don't stop there you'll be in the biggest smash-up you ever heard of!"

SPEAKERS DENOUNCE DRURY GOVERNMENT

Dr. Godfrey Declared He
Warned Spracklin About
Carrying Loaded Gun.

The Drury government was vigorously denounced in a forceful speech delivered by Dr. Forbes Godfrey, M.L.A., at a capacity meeting of Ward Eight Liberal-Conservative Association, held in St. John's Parish House, Woodbine avenue, last night. Thomas Murphy, president, was in the chair.

The meeting was one of the largest ever held in the district. Regarding the O.T.A., Dr. Godfrey said the act makes a man guilty until he is proven innocent, which is against British justice. "I am a Methodist and the son of a Methodist minister, but my dad would not leave his pulpit for any work outside his ministry. In my examination of the Rev. Mr. Spracklin, I found that he liked the dramatic and the spectacular, also he no doubt meant well, but the government had no right to employ him or any minister."

"I warned Spracklin about carrying a gun when he first mentioned having one on his person, and told him he would be sorry for it one day, and he will be, since this trouble incident will not be allowed to close where it stands," declared Dr. Godfrey, adding that, for the sake of British justice, the matter will have to be cleared up and the case go to a higher court. (Applause.)

Ex-Ald. H. H. Ball said the Conservatives were thrown off their balance last October, but maintained their stand, despite the upheaval. Thomas Foster, M.P., charged the Drury government with lack of progressiveness, and asked why the administration at Queen's Park had not taken over the Bell Telephone Company.

Hon. Geo. S. Henry paid a tribute to Hon. Howard Ferguson, and assured the meeting that there will be a great change in the coming session.

Ecclesiastic's Lecture
Draws Crowd Thru Storm
Hamilton, Nov. 16.—The queerest book in the Bible, was the subject of an interesting address given tonight in Stanley Avenue Baptist Church, by Rev. Max Wertheimer, D.D., noted Bible teacher. The queerest book, he said, was Ecclesiastes, and went on in a most interesting way to tell of the book's history. Despite the stormy night every available seat in the church was taken when the lecture started. The addresses will be continued through the week, only different subjects will be taken.

THREE MEN ARRESTED FOR ACTRESSES' DEATHS

Chicago, Nov. 16.—Three men, alleged to have accompanied Marie Ramsey and Lillian Thompson, two actresses, whose bodies were found in Grant Park Sunday morning, on a cabaret tour the night before, were arrested this afternoon by detectives. The police refused to divulge the names of the prisoners.

The men are said to have admitted that they accompanied the women on the night before, but deny any implication in the actresses' deaths. William Harris, a chauffeur, who surrendered to the police, told them he drove the woman and two men on a joy ride Saturday night, and that when the women became boisterous they were taken to Grand Park and thrown out of the machine.

NO INTERFERENCE, BUT NO ASSISTANCE

British Government Will Not
Take Part in Work of
U. S. Committee.

Washington, Nov. 16.—On the eve of the opening tomorrow of hearings here on conditions in Ireland before a commission appointed by the committee of one hundred on Ireland to conduct the inquiry, announcement was made tonight that both the British embassy and Eamonn de Valera, president of the Irish Republic, had been invited to be formally represented at the sessions by counsel or authorized spokesmen. No reply had been received by the commission tonight to these invitations.

The commission was informed today that passports had been granted to several of the witnesses it has invited to come from Ireland for the purpose of testifying. In this connection it was said that informal assurances have come from the British government that it will not seek to interfere with the proceedings by preventing the attendance of Irish witnesses or otherwise, although members of the commission also understood that they could expect no assistance in their task from the British government.

D'ANNUNZIO FAILED TO SEDUCE ADMIRAL

Millo, After Long Arguments,
Declared He Would Stand
by Italy.

Trieste, Nov. 16.—A meeting between Gabriele D'Annunzio and Rear Admiral Millo, the Italian naval commander in Dalmatia, took place today on board a battle cruiser on the high seas off Zara. The meeting lasted for two hours and during this time there were numerous dramatic scenes, when the admiral was warning off D'Annunzio's arguments with the emphatic statement that he would remain true to Italy and her king. D'Annunzio appeared to be greatly impressed as he landed at Zara after the conference.

D'Annunzio's raids from Fiume have been limited to the islands of Veglia and Arbe, but he still keeps a watchful eye on Sussak and Castua, where the regulars are frantically active calm among the legionaries yesterday and today, but fervor for action is easily ignited by the cry for an "Italian Dalmatia."

D'Annunzio has received an Italian delegation from Veglia, whence he sent civil commissioners. He has only occupied the approaches to the island, and his provisional government at Fiume is deliberating on the advisability of admitting Veglia as part of the Italian regency of Quarnaro.
