**LARGEST MARKET YESTERDAY**

Prices Easier for Lower Grades of Fat Cattle and for Sheep and Lambs.

Receipts of live stock since last Tuesday's market as received by the two railways, were the largest of the year thus far, amounting all told to 142 car loads, comprising 2000 cattle, 1900 hogs, 4000 sheep and lambs, 121 calves and 11 horses. The quality of the cattle generally was a little better than on Tuesday, both for butchers and stockers, that is, there were a few more in each class of the better kinds. But at the same time there was a corresponding drop in the price of the lower grades. The best cattle in all classes sold readily at about steady prices, but certainly not any higher than on Tuesday. The inferior in all classes were sold at lower prices than on Tuesday, and the drop was especially marked in the lower grades of sheep and lambs. The bulk of the offerings of butchered cattle was composed of light steers and calves and cows, that is, in the lower grades, and these were only bought because there were none other to be had, and were sold at lower prices than on Tuesday.
