

Russians Win Gateway To Plains of Hungary

Petrograd, via London, Aug. 15, 10.20 p. m.—The Russians have captured Jabolitza, one of the most important gateways through the Carpathians to the Hungarian plains, and have taken nearly 1,500 additional prisoners, according to an official statement issued by the war office tonight.

Petrograd, via London, Aug. 16, 12.33 a. m.—The Russians have delivered another telling blow against the right flank of General Von Bothmer's retreating army at Tustobahy, three miles west of the Zlota Lips and northwest of Monasterzyka.

The Austrians crossed the river at Korjaba under the shell fire of the Russian batteries, suffering heavy losses. They attempted to make a stand on the high ground on the west bank, where they had previously prepared strong entrenchments and wire defences. While shells raked the Austrians from across the river the Russians moved up from the south, where they had been expanding their positions during the last few days in the neck formed by the Zlota Lips and the Dniester. They poured a grilling fire from machine guns on the Austrians, who withstood the Russian attacks for five hours, and then fell back on the Gorjona river, four miles to the west.

Northward battles are raging with terrific intensity along the Zlota Lips, the Russians having succeeded at several other points in gaining a foothold on the west bank. General Sekharoff has made a considerable advance in the last thirty hours against the left flank of General Von Bothmer's new positions. He has out the Tarnopol-Lemberg railway at a new point, Zhorow, where the road crossed the Strpa river, driving further home the wedge between the armies of General Von Bothmer and General Von Boehm-Ermolli before Brody.

Paris, Aug. 15—Italian troops have entered the suburbs of Tolmino, which is under continuous shell fire, according to a despatch to La Liberte from Turin today. The Austrians, says the despatch, are evacuating the city. Geneva, Aug. 15, via Paris—The Italian advance guard moving southeast from Gorizia is within thirteen miles of Trieste, whence the greater part of the Austrian fleet has sailed for an unknown destination, according to a telegram from Buchs, Switzerland, today.

THE GRAND LODGE I.O.G.T. IN SESSION

Important Gathering of Temperance People in Hampton—The Reports of the Year

Hampton, Aug. 15—The 46th annual session of the Grand Lodge of N. B. I. O. G. T., opened here today. The executive committee met at 10 o'clock and the following were appointed: Committee on political action—Rev. Thomas Marshall, L. R. Hetherington, Rev. W. G. Lane, D. C. Fisher, J. V. Jackson, Rev. O. N. Chipman, Rev. J. G. A. Belyea, Michael Kelly and A. C. M. Lawson. Juvenile work—A. C. M. Lawson, Mrs. Jackson, Mrs. Young, Mrs. Sherwood and Mrs. Fowler. Credentials—A. C. M. Lawson, L. R. Hetherington, J. V. Jackson and Mrs. J. V. Jackson. Obituary—Rev. O. N. Chipman, Mrs. Bishop, Mrs. Arbo. Sessions—Messrs. Belyea, DeLong and Roberts. State of order—Messrs. Hetherington, Morrell, McEachern and Mrs. DeLong. Appeals—Messrs. Belyea, E. Marshall, Stuart and Mrs. Irvine. Finance—Messrs. Lane, Kelly, Van-Buskirk, Stuart and Mrs. Crandall. The grand secretary's report showed:

| | |
|---------------------------|----|
| Lodges reported last year | 46 |
| Organized during year | 1 |
| Reorganized | 1 |
| Discontinued | 48 |

About half a dozen lodges have not reported. Members reported last year, 1,807. Initiated, 487. Expelled, 28. Reinstated, 28.

| | |
|-----------------------------------|-------|
| Resigned | 2,371 |
| Left by card | 0 |
| Suspended for non-payment of dues | 647 |
| Expelled | 4 |
| Died | 8 |
| Present membership | 679 |
| Net loss | 1,592 |

Three of the largest lodges lost 46, 88 and 98 members respectively, and three others lost 20, 20 and 85, total for the six, 307. This shows that loss has not been general. The G. C. T. reorganized Hampton Lodge, and Rev. Bro. Bell organized Burden Lodge at Burden. Fifteen lodges with total membership of 208, report 91 members in uniform. Dominion Lodge, St. John, has 88 members, of whom 15 enlisted. Others have from 20 to 80 per cent in uniform.

The report recommended that lodges be "urged to retain on the membership roll all these noble boys; that no tax be required from lodges on such members; that an honor roll of their names be made in the Journal, and that memorials be published of those killed." Eleven members have been reported during the year as having finished their

earthly course. They are: Stanley F. Wetmore, Edward S. Ogden and Howard Johnson, Clarendon; Basil Harris, Salmon Rock; Ruth McLeod and Lot DeWolfe, Dominion; Dr. McC. Macdonald, Cambridge Star; D. B. Burgess, Fairville; R. J. McEachern, P.D.C.T., Thorne Lodge, and four killed in action—Richard Ashburn, Clarendon; Fred Hunter and Harry Grant, Cherry Hill; and Clyde Newcombe, Mt. Pleasant.

There was never a time when our lodges were more needed than at present. Twenty-four lodges with 874 members have favored an increase of per capita tax; two with 88 members voted nay and 30 with 670 did not report a vote. The secretariat would recommend increase of tax to 10 cents.

The report continued, noting with commendation the new prohibition bill, deeming it a most drastic and suitable one, much better than the Scott act. He recommended repeal of Scott act, and for chief prohibition inspector the G. C. T. Mr. Stockford. Also that 800 a year be voted Dominion Alliance funds.

The financial statement showed total receipts of \$444.70 and expenditures of \$528.84; balance on hand, \$86.81. E. N. Stockford, Grand Chief Templar, reported in part as follows: My third annual report, from the standpoint of membership, is not what I would like to be able to bring to you. Circumstances have been such that little preparatory work could be undertaken. Much of the loss of membership has occurred among the larger lodges of the jurisdiction, and where there has been the greater enlistment for overseas service. In that way the cause has suffered, and places that these men have occupied have not as yet been filled.

One lodge was organized and one re-organized during the year. Each of these is doing good work. Four temples have been brought into existence, and this department has shown evidence of new life.

During December last a delegation from N. B. branch of the Dominion Alliance waited upon the government, asking for a prohibitory measure. In response to this, during the last session of the house such legislation was given as to please the temperance people and expression of our thanks has gone to the government.

The Prohibitory Law

Under the auspices of the W. C. T. U. Rev. W. D. Wilson, traveling secretary of New Brunswick branch Dominion Temperance Alliance, explained the workings of the new prohibitory law before a fair sized gathering of the members of the local branch and a few clergymen in Orange hall yesterday afternoon. In the absence of the president, Mrs. David Hipwell, Mrs. Joseph Seymour occupied the chair and introduced the speaker. Mr. Wilson has an intimate knowledge of temperance affairs, and his discourse proved practical, instructive and interesting.

In Tropical Countries Liver Chill Very Common

In Northern latitudes also the liver is a very unruly organ and requires careful watching. The concentrated vegetable juices in Dr. Hamilton's Pills act directly upon the liver and stimulate its action to a normal basis. The blood is purified, the skin grows clear, headaches disappear and robust health is firmly established. No medicine for the stomach, liver or kidneys can compare with Dr. Hamilton's Pills, 36c. box at all dealers.

King George Spends Week at Front

With the British Army in France, via London, Aug. 15, 7 p. m.—King George has been at the front for a week. He left today for England, and his departure was the first information that the majority of the troops had of his presence. As a matter of precaution, the visit was kept a secret, and there was no display or big reviews, as on the occasion of his visit last fall.

The Prince of Wales was with the king all of the time. The monarch was dressed in khaki, with the crossed batons of a field marshal on his shoulders, and the prince wore the uniform of a lieutenant in the Grenadier Guards. Neither wore any decorations, and but for their features, which were immediately recognized everywhere, they might have been taken for two of a party of officers making a round of inspection.

A dramatic moment occurred as the king was walking across a field swept by a British charge. He came to a grave at the bottom of a shell crater with a cross bearing the inscription "Unknown British Soldier." Both the king and the prince halted and saluted the cross.

When the king visited the men of the Scottish division, which had seen such desperate fighting at Deville or "Devil's Wood," the survivors of the South Africans gave him their usual war cry. He managed to see something of all kinds of the soldiers fighting under the British flag, from the Scotch, English and Irish, to the troops from overseas.

General Joffre came over from his headquarters, and President Poincare came

from Paris to take lunch with King George and Sir Douglas Haig. On Sunday morning King George lunched with King Albert of the Belgians. Throughout the week a moving picture man was doing his best to keep up with the king while the diffident Prince of Wales was noticeably proficient in slipping out of the picture just as the operator began turning the crank. Not the least of the many scenes with dramatic appeal during the king's visit was that on the quay when the king landed. He was received by a guard of honor from a battalion of the King's Royal Rifles, 75 per cent of whom had been wounded.

London, Aug. 15, 8.45 p. m.—After his visit to the front, King George today issued a general order to the army in France expressing his appreciation of the splendid condition and cheerful confidence of all ranks, and, through personal visits to the scenes of later desperate struggles, his understanding of the demands made upon the courage of the men and the physical endurance required to assault and capture positions prepared during the past two years, which were stoutly defended to the last.

Ottawa, Aug. 15—Col. J. Lyons Biggar, director of transportation and supplies in the militia department, has been promoted brigadier-general. It is announced in militia orders. He has directed the transport and supplying of Canada's troops since the war broke out.

On the island of Trinidad is a lone brick chimney which once was part of a sugar mill long since gone to ruin. The chimney has remained intact and a tree has grown up through the centre and pushed its branches through the top.

For All Complexion Ills

If the skin be colorless, sallow, muddied, over-red, blotchy or freckled, nothing will so surely overcome the condition as ordinary mercurized wax. It literally takes off a bad complexion—absorbs the dead and near-dead particles of surface skin, gently, gradually, causing no inconvenience at all. A new complexion is then in evidence, clear, spotless, delightful, soft and beautiful. One ounce of this wax, procurable at any drugstore, will rejuvenate even the worst complexion. It is used like cold cream.

Get What You Pay For

When you Advertisers buy circulars or booklets or postage stamps, you always check up the quantity received to see that you get what you pay for

When you Manufacturers buy steel or wood or bolts or screws, or raw material of any kind, you check up every carload and every little package to see that you get what you pay for.

When You Retail Merchants buy stocks from jobbers or manufacturers, you check up every smallest shipment that comes to your store to see that you get what you pay for.

Buy your advertising space the same way. The better newspapers all over the country—the newspapers whose circulation statements are founded on facts, not fancy—furnish you with certified audits so that when you buy their advertising space you know that you get what you pay for.

The Audit Bureau of Circulations' Membership is made up of over a thousand advertisers, advertising agencies, newspapers, magazines, farm journals and trade publications. Its object is the improvement of circulation and advertising conditions, the protection of the man who pays the advertising bills, and the protection of the publisher who gives FULL MEASURE. When you buy advertising space, buy it from publications that give you proof of what you pay for.

The Daily Telegraph and The Evening Times-Star are the only A. B. C. newspapers in New Brunswick and two of the few A. B. C. newspapers in all Canada. Therefore, they should be the first consideration on the part of any local or national advertiser catering to the St. John and New Brunswick markets.
