

CANADA'S CROP OF WHEAT IS MUCH HIGHER

Estimate Places the Amount at 350,000,000 Bushels

GOOD PRICES ARE EXPECTED

Smaller Yield in India and United States is Forecast by Canadian Bureau.

OTTAWA, July 3.—A wheat yield of 350,000,000 bushels for Canada in 1925, is estimated by the Dominion Bureau of Statistics in a report issued today.

The figure is based upon the acreage of last year, and according to reports received by the Bureau to date, the area sown this year is approximately the same as last year. Yield of 350,000,000 bushels would be 10,000,000 bushels above the average of the past five years. Splendid rains have fallen this year during the critical period of growth, and should favorable conditions continue, the yield may well be considerably larger than that indicated.

INDIA AND U. S. CROPS SMALL

"The indications are that the European crops will, on the whole, prove decidedly better than those of 1924," the influence of which conditions may exert are likely to be counteracted by others in the exporting countries," states the bureau's report.

"The salient features of the existing situation are therefore the comparatively small crops of India and the United States, which must apparently reduce the exportable surpluses of these countries to negligible proportions. India is estimated to produce 44,000,000 bushels less than in 1924, the United States estimate is 60,000,000 against 870,000,000 bushels of 1924.

GOOD PRICES LIKELY.

"The practical elimination of the United States as an exporting country next year," states the report, "points to a likelihood of the maintenance of good prices from which Canada should benefit to the extent of her exportable surplus."

"The Canadian exportable surplus is roughly the amount by which her home requirements of 10,000,000 bushels may be exceeded. The home requirements of the United States are approximately 650,000,000 bushels leaving an estimated 11,000,000 bushels for export.

Letters to The Editor

More Publicity Needed.

To the Editor of The Times-Star:—Sir:—I noted by a London, (Eng.) cable message in your paper yesterday that Premier Ferguson of Ontario declared himself "most disappointed to find that little Canadian news appeared in the British newspapers as compared with Australian news." He goes on to say that "I think it most necessary that Canada should have a press bureau by which we can tell Britain what is happening in Canada."

Weddings

Dyer-Harmon.

On Saturday morning in St. Ann's Chapel, Arlington, Mass., Miss Alice Hope Harmon of Malden (formerly of Gardner, Me.), daughter of Mr. and Mrs. C. Harmon of Gardner, Me., and the late Richard Harmon, became the bride of James Milne Dyer of Boston, son of Mrs. Barbara Dyer of the late Henry Dyer of Elmville, N. B. The ceremony was performed by Rev. F. C. Powell, B. S. J. E., of the Church of St. John the Evangelist, Boston.

Pastor Arrives For Fairville Church

Rev. J. J. Pinkerton and his family have arrived in Fairville and are at home at the Methodist parsonage just vacated by Rev. James M. Rice and his family. The two ministers have made an exchange of homes as Mr. Rice has gone to the Maryville pastorate which Mr. Pinkerton has left. They met each other in Fredericton on Thursday when both were on their way to their new stations and had 20 minutes conversation together.

IN SAVANNAH SLAYING

Mrs. Julia Somellian of Savannah, Ga., shot her husband because he insisted that she send his moonshine stills. She claims self-defense in that while struggling for possession of the shotgun with which her husband attempted to force her to do his will, the gun was discharged, fatally wounding him. This picture of Mrs. Somellian and her two baby children was taken in the courtyard of the Savannah city jail.

will be given to this recommendation by the Maritime governments, boards of trade and tourist societies, particularly now that the Admiral Beatty hotel is open to the British public both in summer and winter.

What is needed at the present moment is more Maritime publicity at the British Empire Exhibition, which offers splendid opportunities for broad and progressive distribution.

In conclusion I would recommend that all of Canada's areas should strive to keep the British public well informed, both with respect to their individual advantages and also their loyalty to the British flag and the British Sovereignty.

"Let us keep the old flag flying."

Sincerely yours,
R. E. ARMSTRONG.

A Work of Mercy

To the Editor of The Times-Star:—Sir:—On the 16th of this month the Animal Rescue League (Franklin) held a tag day, in the effort to obtain funds, badly needed for continuing and increasing its wise and humane work. As is well-known, its object has always been to lessen the number of helpless, undesirable creatures, wandering and starving, and their misery; and, indeed, to save much discomfort to human beings. Does any one enjoy having neglected cats crying about in yards and alleys, homeless, frightened, starving dogs running in our streets?

Deaths

John E. Phillips

Mrs. F. W. Roach, of Riverside, received a wire yesterday afternoon advising of the death of her only brother, John E. Phillips, of Chicago, after a prolonged illness. Mrs. Roach leaves this afternoon for Orangeville, Ont., where the funeral will be held on Monday. Mr. Phillips leaves a widow, mother and four sisters.

Boston Salaries

"White Collar" Jobs Pay Less Than \$25 Weekly, Says Report.

Most of the office employees of department and specialty stores, banks and trust companies, insurance companies and public utility companies in Boston receive salaries of less than \$25 a week, according to figures collected by the division of statistics of the Massachusetts Department of Labor and Industries, says the Boston Transcript.

ORDER FOR RAILS FILLED IN ENGLAND

LONDON, July 4.—A recent appeal broadcast throughout Great Britain to patronize home industries has been answered by the Manchester City Council which has voted not to place part of an order for street car rails in America, as originally intended. By a majority of six the council decided to retain the order in Britain, although the American offer would have resulted in a saving of nearly \$15,000.

Appeal to Patronize Home Industries is Answered by Manchester.

LONDON, July 4.—A recent appeal broadcast throughout Great Britain to patronize home industries has been answered by the Manchester City Council which has voted not to place part of an order for street car rails in America, as originally intended. By a majority of six the council decided to retain the order in Britain, although the American offer would have resulted in a saving of nearly \$15,000.

King's Daughters To Meet In Saint John in Next Convention

FREDERICTON, July 3.—The New Brunswick Branch of the International Order of King's Daughters and Sons completed its thirteenth biennial convention and adjourned late this afternoon to meet in Saint John in 1927, the invitation from the circles in Saint John having been accepted.

The election of officers was completed this afternoon, the full slate being as follows: Honorary president, Miss E. L. Thorne, Fredericton; president, Mrs. C. A. MacVey, Fredericton; vice-president, Mrs. W. Robertson, Hampstead; secretary, Mrs. W. M. Clark, Fredericton; treasurer, Mrs. Frank J. Likely, Saint John; central council member, Miss E. L. Thorne, Fredericton; executive committee, 1925-27, additional members, Mrs. D. W. Puddington, Mrs. John Bullock, Mrs. W. H. Nicolson, Mrs. Edith Stevens, Saint John; Mrs. P. Crockett, Mrs. C. C. Jones, Mrs. B. C. Foster, Countess of Ashburnham, Miss S. L. Thompson, Fredericton.

Home Directors.

The directors of the Farnall Home who were elected are: Mrs. F. I. Morrison, Miss Daisy Weddall, Mrs. D. L. Babbitt, Mrs. A. T. Mur-

SAYS SULPHURIC WILL KILL WEEDS

Chemist Gives Tip to People Who Want Lawns Nicely Kept.

Lawns in cities can be freed from weeds by the use of sulphuric acid, according to chemists.

"The method of chemical eradication consists of treatment of each weed with one or ten drops of concentrated sulphuric acid," explains William M. Dehn, a member of the American Chemical Society. "This individual treatment, while apparently laborious, is really labor saving. It is inexpensive and it certainly does the work."

64 HORSES TO RACE IN CHARLOTTETOWN

CHARLOTTETOWN, P. E. I., July 3.—Fast horses from Woodstock, Fredericton, Yarmouth, Moncton, Amherst, Halifax and Sydney and many other points in the Maritime Provinces, to the number of 64, have been entered in the six races to be staged here in connection with the Piremen's Tournament, July 15 to 17. A. Charles Thompson, of North Sydney, will officiate as starter.

CUT FARES FOR ANGLERS.

LONDON, July 4.—A British railway company is now running excursions exclusively for anglers. Fares are cut in half.

Expect Concerted Effort To Have School Opening Date Advanced To After Labor Day

There is said to be much dissatisfaction among the parents of city school children at the decision of the Saint John School Board to re-open the city schools on Aug. 26 this year. It is understood that a concerted effort will be made to have the re-opening date come after Labor Day.

Where there are younger children to attend school and the city families are spending the summer in suburban resorts the families must return to the city earlier than they wish to if schools re-open in August. If, on the other hand, the children are kept out of school until after Labor Day, teachers are unable to organize classes at the beginning of term, and when the

practical this latter method will be found to be rapid and the most practical for all plans.

"When the weeds are under control, weekly treatment may be sufficient. Later on, the time between treatments can be lengthened, but vigilance is the price for a perfect lawn, since stray weeds are constantly germinating."

COUNTY LEAGUE GAME.

In the Saint John County Baseball League, last evening, the Thistles defeated the East Saint John Clippers on the East End grounds by a score of 7 to 4 in eight innings.

Score by innings: R. H. E. Clippers 02100010—4 7 8 Thistles 03011100—7 10 9 Batteries—Coyte, Sterling and Gibbs; Moore and Scott.

NOTE: Oriental Rugs are harder to procure now and higher in price than for some years. Consequently this event means more than ordinary sale prices. Our stocks are much too large for this time of year. Prices are greatly reduced in order to lessen stocks quickly.

Big Mid-Summer Clearance Sale Of Beautiful Oriental Rugs
