THE GOOD CITIZEN.

"The good citizen is one who is willing at all times to make some sacrifice of his time, means and convenience to advance the common welfare, and has such an abiding interest in this that he is always watchful and needs no urging to do his duty."—Ex-Governor Judson A. Harmon, Ohio.

Better Service

New Issue

\$2,000,000

Fraser Companies, Limited

8% General Mortgage Gold Bonds Series "A"

Dated March 1st, 1921. Maturing March 1st, 1941. Principal and semi-annual interest payable at The Royal Bank of Canada, Montreal, Toronto, St. John, N.B. and Halifax, N.S. Interest payable March 1st and September 1st. Coupon Bonds of \$1,000 and \$500 denominations, with privilege of registration at principal only. Trustees—The Montreal Trust Company, Montreal.

	Authorized	Outstanding
Common Shares	10,000,000	10,000,000
6% First Mortgage Bonds	10,000,000	2,250,000
8% General Mortgage Bonds Series "A" (this issue)	10,000,000	2,000,000

\$250,000 First Mortgage Bonds mature 1st April of each year 1921-1929 inclusive. These annual reductions in funded debt, together with annual cumulative Sinking Fund of 3% on General Mortgage Bonds, rapidly increase the equity behind this issue.

Complete prospectus, copies of which will be mailed on request, contains a letter from the President of the Company, from which he summarizes as follows:

Fraser Companies, Limited, is one of the largest manufacturers in Canada of easy bleaching and bleached sulphite pulp, spruce lumber and cedar shingles. The business has been in successful operation for over forty years.

Bonds will be secured by direct mortgage and charge on all fixed assets and properties of the Company, now owned and hereafter acquired by it, and by a floating charge on all other assets of the Company, subject only to \$2,250,000 par value of First Mortgage Serial Bonds, the mortgage securing which is closed at the amount now outstanding.

Annual cumulative sinking fund of 3% will commence in 1923—sufficient to retire the entire issue of Series "A" Bonds before maturity.

Timber areas—1,822 square miles leasehold and 210 square miles freehold timber limits, estimated to contain 1,760,000,000 ft. b.m. saw logs and 4,650,000 cords pulpwood. Company in addition has leasehold cutting rights on 900 square miles of privately owned lands.

Company owns and operates two pulp mills, at Edmundston and Chatham, N.B., and twelve saw mills in New Brunswick and the eastern portion of Quebec. Each of the Company's mills is located in convenient proximity to the area from which its logs are obtained.

Annual output—	
Edmundston Mill—Bleached Sulphite Pulp	54,000
Dominion Mill—Easy Bleaching Sulphite Pulp	18,000
Total Pulp Production	72,000 tons

Lumber—130,000,000 ft. b.m., annually. Shingles—168,000,000 pcs. annually.

Plant and Property Valuation—\$14,000,000 against \$4,250,000 of Bonds outstanding, including this issue.

Net Liquid Assets (Working Capital), after deducting all current liabilities and including the proceeds of this issue, will be in excess of \$4,000,000.

Average Annual Net Earnings, after depreciation, available for interest charges on these Bonds, for the five years ended December 31st, 1920, were \$741,450, over four times interest charges on General Mortgage Bonds now to be issued.

Net Earnings, after depreciation, for year ended December 31st, 1920, available for interest charges on General Mortgage Bonds, amounted to \$1,276,301, nearly eight times interest charges on General Mortgage Bonds now to be issued.

We offer the unsold balance, if, as and when issued and received by us, at the price of:

99 and accrued interest, to yield 8.10%
