

ST. CROIX TAKES SECOND GAME FROM MARATHONS

Locals Lost Yesterday by 7 to 3—Bangor Defeated Fredericton 10 to 3 in Game Marked by Several Fights

N. B. & Maine League Standing. Won. Lost. P.C. Fredericton 24 15 .615 St. Croix 21 14 .600 St. John 25 19 .563 Bangor 9 81 .225

Chiefly by better batting than the Greeks did, the St. Croix team yesterday's game on the local diamond before one of the largest mid-week crowds of the season. The border players from the St. Croix may always be depended on for a snappy article of ball.

Besides the fact that the locals were outbatted, there seemed to be another factor militating against the Marathons. Their recent slump seems to have disturbed their confidence as a team, and the result is not good. Individually they work hard for victory, but the "big" guards and at them" spirit seems to be lacking. The coming of McPherson to short and the advent of a new catcher may very well chase the jinx and how would it be a change of style with the arrival of the new men—all hands at it every minute with the belief at the outset that the game can be won. Bit up the coaching department as one of the changes.

The team, too, would be stronger for another pitcher, and too many opponents get away with outfield hits that should be gathered in. Let's get back to the fast style of two weeks ago. The boys can do it and the fans want it. There would be better results with the manager on the bench directing affairs. In several innings as they were right after everything and the way they sighted on "Dutch" Howard in the seventh not only drove away his confident smile but drove him to the bench and set the grandstand in an uproar. That pace kept up for one more inning would have changed the result, but it was not kept up and, instead, the St. Croix team started to run and pitch the game on ice. Woodbury pitched a good game on the whole, at times classy, but the errors were costly and the St. Croix batting opportune. The box score.

Notes of the Game. A long pull and a strong pull together and more confidence. Over anxiety causes a good many of our errors. Fast but cool is the combination wanted. We want to get into the batting a little more. Woodbury did not win his game, but he led the batters of his team—two hits for four times up. Fredericton finds it hard to take its medicine. Manager Conaughton's lads are climbing the ladder. Murphy is a good catcher, but let us hope he has not permanently joined the rough element. There are too many in that class now. Keane had only four errors and a fight to his discredit. Does President Hooper still uphold rosydom in fact, and cry it down by letter? The Capitals seemed to have been out-layed and out-batted and of course they seek some one to blame. Please remember it does not go in St. John. The umpire is the ruler on the diamond. That has to go. Umpire Rudderham is welcomed back to the N. B. and Maine League.

Bangor, 10; Fredericton, 3. No less than three scraps marred the game between Fredericton and Bangor yesterday. Bangor was having little trouble in putting it over the Caps when the first trouble arose. In the third inning Dolan slid home and was called safe by Umpire Labelle. Catcher Murphy objected and jostled the umpire and was promptly put out of the game. Stone took his place. A few minutes later Keane was spiked by Reed and in his usual hot-headed way told Reed what he thought of him, the result was another encounter, which had to be stopped by the other players. The last nip came in the fifth, when Twiley claimed that Stone was interfering with his bat, the feeling was in the air and in a minute the two players were at it hammer and tongs, but were quickly separated.

Bangor got away with a good start in the first inning, scoring three runs. They hit Dedrich and Woodcock, who succeeded him, here, getting twelve hits in all and scoring ten runs. Fredericton's six errors, four of which were made by Keane, had a lot to do with the defeat. Fredericton only got after Roper
