Executive Holds Session in Fredericton — Thirty-one Being Operated.

The South African railways have just awarded to the manufacturers of "Natalite," a gasoline substitute, a six months' contract for motor fuel for use throughout their motor transport service, says Trade Commissioner P. J. Stevenson in a report to the Department of Commerce. It is undeerstood that "Natalite" was offered at a much lower price than galosine, which was quoted by the three leading foreign companies operating in South Africa.

"Natalite," which is a sugar cane distillate made largely from waste materials.

Sugar at New Pork, March 1 — (Noon)—
Prices continued their upward course through the entire morning despite heavy profit-taking in a few leaders, notably U. S. Steel. Sales during the first hour ran well over 300,000 shares. Sugar stocks mounted to new high records when raw sugar was quoted at the highest rate of the year. Coppers also made a good response to another increase in the price of the red metal to 167-S cents a pound. Boston, March 1—With foreign and domestic buying good, price of zinc has advanced to 7½ cents Bast St. Louis for prompt and March, 7.45 for April, 7.35 to 7.40 for May and 7.30 for June. This is a rise of approximately ½ cent during the last 10 days, and highest price since October, 1920. It is believed that zinc stocks in hands of American producers at end of February will show further decrease, as export shipments are understood to have been good so far this month.
