THE CARNIVAL: So far as regards the bringing of strangers into town the Carnival has been a great success.

NOTE AND COMMENT: The only Maritime Province paper that we have seen which justifies the arrest of Miss Tibbitts.

The efforts that are being made to advance the price of wheat by sensational stories of the failure of the crops in Europe and in the Northwest.

The Acadian Recorder is kind enough to remind us of the New York Herald's article about St. John in the year 1802.

New Brunswick is a province of 200,000 inhabitants, who are led by the United States, and who would starve to death in six weeks if their supplies of food from this country were cut off.
