

EX-QUEEN LIL ON TRIAL

She Denies the Right of the Court Martial to Try Her For Treason.

She Knew Nothing of the Revolt—Speculation as to Fate of Conspirators.

Honolulu, Feb. 8.—(Correspondence of the United Press per steamship Mariposa.)—The trial for misprision of treason of the ex-queen before the military commission occupied portions of the 5th, 6th and 7th and included today. She gave brief oral testimony and caused to be read a written statement. She denied the right of the court to try her, and denied all complicity in or knowledge of any attempt to overthrow the republic and restore her as queen. She did not hear of any uprising until the next morning. The former leading royalists are organizing annexation clubs.

The delay in the arrival of the steamer Mariposa, which arrived in port this morning, was caused by unusually heavy weather throughout the entire voyage. The situation at the islands as described by all the passengers was more serene than at the last advice. C. F. Sawyer, of Boston, who married Miss Severano, daughter of the ex-Hawaiian minister, said everybody was anxiously awaiting the final report of the court-martial. Among the troops there is a well defined sentiment that severe punishment should be meted out to the ringleaders. F. G. Reed, president of the Los Angeles town council, says the excitement has resolved itself into annexation talk everywhere. Where formerly there was desire to proceed to extreme measures there is now no other feeling than to deal gently, though forcibly, with instigators of the late revolt. It is his opinion that deportation will occur, and he said in this connection that up to the very last moment it had been the intention of the government to deport Widemann, Gregg, Marshall and others. Their families were apprised of the contemplated move, and were at the wharf to bid goodbye to them. The army, however, had entered a very vigorous protest, and deportation was abandoned. There, he said, no danger of any further uprising. It has been the policy of the government up to this time to impress upon the royalists the futility of any such move, and this object will be borne in mind in any subsequent proceedings that the government may take.

Dr. McDaniel, of Santa Clara, who has acted as surgeon for the army during the recent uprising, that it seemed to be the general impression that in the event of any verdict being arrived at not commensurate with the punishment of the crimes, the committee of public safety would see that the conspirators would not get off with a sentence of transportation. It is impossible, he said, to state directly just what punishment would be meted out to the prisoners. The feeling ran very high against them.

President Dole spent two hours on board the steamer prior to her departure, doubtless in connection with the intended deportation of Widemann and six other whites. It was reported on board the Mariposa that the government had four prisoners under sentence of deportation on minor charges. The representative of the United Press was unable to verify the rumor, but finally discovered a young man named Smith, said to have been an apprentice on the United States steamer Boston, who deserted in Honolulu. It was said Smith had been sent on board the ship for a remark made against the provisional government. Smith refused to be interviewed.

The transportation of Muller, Crans-ton and Johnston was not accomplished without some diplomatic friction. The German consul when appealed to by Muller answered that it served him right and that he was lucky to get off with that. United States Minister Willis, on the contrary, took a different view of Crans-ton's appeal and thereupon entered a protest against his deportation without trial. Willis expressed his sorrow that the government should persist in such an arbitrary and illegal course and assured them that they should hear about it. The attorney-general assured him that the government had thoroughly considered the subject and were quite satisfied with their action.

At the conclusion of the trial a paper was read on behalf of the queen, in which she related that she had no knowledge either directly or indirectly of the intended revolt, nor had she any information concerning the arms or by whom procured. She admits that it was her intention to change her cabinet whenever her restoration should be effected and that she acted of her own free will and was actuated solely by the aim of doing good to her country. The queen expressed her regret at the reported danger to women and children at the hands of the Hawaiians, which she said had no foundation whatever. She denies the right of the court-martial to try her and claims that by so doing it violates the constitution and laws now in force in the country. She appeals to the court to remember that the government of Hawaii is on trial before the world and that it will be judged by the outcome. She concludes by saying that the prosperity and happiness of Hawaii are in their hands and that as they are commencing a new era in the nation's history she hopes they will have the wisdom to lead it in the path of forbearance and to consolidate all the people anxious to advance in the way of civilization outlined by American liberty.

In court on the 8th inst. the case of Mrs. Dominis the court required several passages in her statement stricken out before it could be admitted on record. Neumann spoke one hour, maintaining that the evidence failed to prove that the accused had any knowledge of the uprising. The judge advocate responded

for forty-five minutes, pleading with decision the possibility of her ignorance, with chief conspirator Nowlin living under her roof and official documents passing back and forth between her and Guilloch relating to the establishment of the new government at the very time when the Waimanalo were prepared to land arms and the insurrection was ripe. The trial closed at 2.30 p.m.

An act empowering the marshal to execute the sentences of the military commission is being pushed rapidly through the council.

NANAIMO NEWS.

Comment in Nanaimo re Mr. McGregor's Defeated Bill.

Nanaimo, Feb. 15.—The practical defeat of Mr. McGregor's bill in the legislature has caused much ill-feeling among the miners in this city, and the fact that Dr. Walkem absented himself on that occasion, is believed to have been for no other purpose than to evade voting for the measure.

The poultry show was brought to a satisfactory conclusion last night. The prizes were numerous and the competition in many instances was very keen. Some of the winners merely scoring one-third point above for first prize.

MANITOBA LEGISLATURE.

The Government Say They Will Stand by Their Public School System.

Winnipeg, Feb. 14.—The third session of the eighth legislature was opened today. Mr. Finley M. Young was elected speaker. The speech from the throne contained the following clauses: "You will be gratified to learn that through the efforts of my government a substantial increase in the provincial subsidy has been obtained from the Dominion authorities. As this question has been in controversy for some time, it is extremely satisfactory that the contention of the province has been practically conceded."

By the judgment of the judicial committee of the privy council recently pronounced on an appeal from the supreme court of Canada, it has been held that an appeal lies to the governor-general in council on behalf of the minority in this province, inasmuch as certain rights or privileges given by prior legislation to the minority in educational matters have been affected by the public schools act of 1890, and that therefore the governor-general in council has power to make remedial orders in respect thereto. Whether or not a demand will be made by the federal government that the act shall be modified is not yet known to my government; but it is not the intention of my government to recede from its determination to uphold the present school system, which if left open to its own operation would in all probability soon become universal throughout the province.

The commissioners appointed by the Dominion government, under authority of the house of commons, to investigate the excessive freight charges by the Canadian Pacific railway company have held numerous sittings. My government has assumed the duty of placing the evidence upon the subject in the fullest detail before the commissioners. The papers in connection therewith will be placed before you shortly. You will be asked to consider an act respecting the court of queen's bench, the object of which is a simplification of legal procedure. You will also be asked to consider an act to amend and consolidate the acts respecting foreign corporations, an act to amend the act respecting life insurance, an act respecting special surveys and an act to amend the succession duty act and other measures.

Inquiries have been made into the system of dairy instruction followed in the province of Ontario, and an estimate will be asked to provide for the cost of similar instruction on a less extensive scale in this province.

In accordance with the views set forth in a resolution of the legislature, it has been determined by the department of education to introduce a carefully prepared course of agriculture in the public schools, and during the past year a considerable amount of preparatory work has been done by Mr. Dickson, member for Lansdowne, tendered his resignation as a member of the legislature, owing to financial difficulties.

SOUTHERN SNOWSTORM.

Raging on the Gulf Shore—Enormous Losses Result.

Galveston, Tex., Feb. 15.—The heaviest snowstorm ever known in the history of this section of the state has fallen here, and now lies on the ground in huge drifts. The fall as shown by actual measurement has been seventeen inches, but in many places, especially along the ring of sand hills which line the beach on the gulf shore, drifts are ten feet deep, and in some places deeper. Reports from the coast region say the snowfall has been unprecedented for a distance of sixty miles in the interior. All along the gulf front railway communication has been very much interfered with and trains in all directions are delayed. All night trains to and from this city have been abandoned. It is expected that the loss to the stockmen will be very heavy, as the cattle were ill prepared for such unusual weather, and the spell which culminated in the snowstorm has prevailed now for nearly three weeks, being the longest period of low temperature ever known in the history of the state. The loss to the cattle interests will amount to hundreds of thousands of dollars. The wind is blowing stiffly from the north now, and the indications are for freezing weather in a few hours.

A MIRACLE IN TEXAS.

BED-RIDDEN AND WITHOUT HOPE OF RELIEF.

The Case Investigated by the Texas Christian Advocate, and Vouches for by a Well Known Physician.

From the Texas Christian Advocate.

Our representative has made a careful investigation of the H. E. Spaulding case at Longview, which is here published for the first time, and which will be read with great interest by medical men everywhere. In reply to the Christian Advocate's questions Mr. Spaulding said: About eight years ago while running a locomotive I contracted sciatic rheumatism in my left side from my hip down. It came on slow but sure and in a few months I lost control entirely of that member, it was just the same as if it was paralyzed. I was totally unable to move out of my room for a year and a half, six months of which I was bed-ridden. I tried every remedy suggested, and had regular physicians in constant attendance on me. I was bled and sent to Hot Springs where I spent three months under the treatment of the most eminent specialists, all of which did me no good, and I came back from the Springs in a worse condition than when I went. I came home and laid flat on my back and suffered the most excruciating agonies, screaming in pain every time anybody walked across the room, the only ease I obtained being from the constant use of opiates. After three months of this kind of agony during which time my entire left leg perished away to the very bone, my attention was called to a remedy named Dr. Williams' Pink Pills for Pale People.

By Mr. Allison who is now train dispatcher at Texarkana, and who was relieved of locomotor ataxia of twenty years duration. At his urgent and repeated solicitation I consented to give him a trial after taking a few doses I began to improve. I continued taking the pills and kept right on improving until I was finally cured. My leg is just the same size now as the other one, and I can sure that Dr. Williams' Pink Pills not only cured me but saved my life.

The reporter next visited Dr. C. H. Stansbury a graduate of one of the medical schools of Kentucky, and a man who enjoys the confidence of everybody in Longview. He said: "I know that Mr. Spaulding had a terribly severe attack of sciatic rheumatism, of which I tried to cure him; used everything known to my profession in vain, and finally recommended him to go to Hot Springs. He came back from the springs worse than when he went, and I thought it was only a matter of time until his heart would be affected and he would die. I also know that his cure is the direct result of Dr. Williams' Pink Pills."

"That is rather an unusual statement for a regular physician to make, doctor." "I know it is, but a fact is a fact, and there are hundreds of people right here in Longview who know what I say is the truth. I also know Mr. Allison, and know that he was relieved of a genuine and severe case of locomotor ataxia of twenty years standing."

THE POLITICAL POT.

Dissolution Still in Doubt—Quebec Presiding for a Session.

Ottawa, Feb. 15.—There is increased activity in political circles. Cabinet ministers are preparing for another stumping tour and apparently there is no preparation for a session.

The latest report in government circles today is that the elections will take place the last week in March.

P. for Montreal East, said he had notified Premier Bowell that if the government did not meet the situation with some sort of a pledge he would not run in Montreal, which he had represented as Conservative labor member for the past eight years. Other members who did not care to give their names spoke in the same strain.

The Emperor of Germany Suffering From a Severe Attack of Influenza.

London Papers Comment on United States Loan—The Pope Improved.

London, Feb. 16.—A number of letters addressed to places around New York were picked up on Deal beach last evening, and also one of the Elbe's life-boats.

The Statist, commenting on the new loan, says: The 3 1/2 per cent. bonds are a good investment and will be eagerly bought, but they will not end the crisis. It predicts that gold will go to a premium, but the United States will pay its creditors in gold, though its domestic currency is silver, the same as Russia, and India pays gold.

The Bttrria and Paris will carry £700,000 in gold, and the Chinese fleet at Wei-Hai-Wei Admiral Ting and the Chinese general committed suicide.

The Economist says it is absurd to pretend that the United States is under an obligation to pay gold. The case, the paper says, is identical with that of India, which if it elects to issue a gold loan can borrow at a less rate than 3 per cent, but which has to pay the addition one per cent. for the rupee loan.

The pope has improved. In the divorce division of the high court today a contractor named Beal was awarded £750 damages against Captain Paul Boynton. Boynton was charged with being criminally intimate with the wife of Beal.

The Standard's correspondent in Rome says: It is reported here that with a view to complying with the procedure customary in promoting apostolic delegates, Mgr. Satolli will be appointed nuncio in Lisbon before being elevated to the cardinalate.

The reichstag today adopted by an overwhelming majority the resolution favoring an international monetary conference.

The order of the pope promulgated at Buda Pesth declares that the offspring of mixed marriages shall be brought up in the Catholic faith.

SEALERS' CLAIMS.

An Amendment to be Moved to the Deficiency Bill.

Washington, Feb. 16.—When the general deficiency bill comes up for discussion Breckenridge will offer an amendment asking for an appropriation of four hundred and twenty-five thousand dollars for the payment of all claims made by Great Britain for damages in connection with sealing in Behring Sea. Among the appropriations authorized by the deficiency bill is \$50,000 for the enforcement of the Chinese exclusion act.

THE STORM CONTINUES.

Southern States Getting a Taste of the Frosty Weather.

Memphis, Tenn., Feb. 16.—Tennessee, Alabama, Mississippi and Arkansas are now experiencing the most severe and protracted season of cold weather ever known in this part of the country. Suffering with man and beast is widespread. During the last forty-eight hours snow has fallen almost continually. At Canton, Miss., there is five inches, and at Birmingham, Ala., it is two feet deep. In the latter city seventy families are suffering from the extreme cold and have been relieved by the associated charities. In the country the cattle are dying in droves.

From Arkansas City comes a report that the river is blocked with ice and many steamers, tugs and tows are frozen fast. From Winona, Miss., it is reported that a farmer named Thompson was frozen to death.

A special from Aberdeen, Miss., says a section hand on the Mobile and Olive railroad was frozen to death yesterday.
