

Minim Department.

Notre Dame, Côte-des-Neiges, was founded by the Fathers of the Congregation of the Holy Cross in 1869 for the education of children from the age of five to eleven. It is situated on the delightful slope of Mount Royal about three miles from St-Laurent. The new and magnificent buildings, erected in 1881, and furnished with all modern improvements, afford to the young and tender pupils all the comforts of home. Particular attention is given to the formation of their innocent hearts to virtue under the benign influence of religion. The rudiments of the French and the English languages, Geography and Arithmetic are taught with equal care. The dormitories, infirmary and culinary department are under the charge of the Sisters who likewise take a special interest in the cleanliness of the children. The discipline is mild and paternal. This course prepares the pupil for the higher studies pursued at St. Laurent.
