## TEXAS FLD.

Damage of at Least Million Dollars Done To Railways, Crops, Livestock and Houses—Six Lives Reported Lost

DALLAS, Tex., July 31.—Only ray of hope which penetrates gloom of the flood situation common to the weather reports, which let fair skies, and the fact that Brazos River at Waco is falling. Railways are tied up worse ever before in the history of the state. The only railroad which has sustained its damage is the International and Great Northern. General Manager Agent Price, of that road, the actual damage to the Internal road will reach \$100,000, and road is not the worst sufferer. Lives lost was the total reported yesterday, five in the San Marcos Valley, one at Wylie.

An accurate estimate of losses is impossible, but with damage to allroads, the drowning of stock, the washing away of houses, residences and by-houses, in addition to the damage to cotton and crops, it is safe to say that a million dollars is a conservative amount. Losses have come from the 400 to 500 choppers who were cut off by flood in the Richland Creek bottoms, it is not now thought that any lives were lost there.

The Brazos River, attending rice farming lands for 20 miles south of Waco, is reported falling rapidly at Waco, but rising slowly at Hearne. It is estimated that there from 300,000 to 400,000 acres of cotton land under water near Hearne. A rough estimate of the number of cotton and other crops practically ruined in the Brazos bottoms is 100. The names of those drowned in the San Marcos valley are not known. Wylie an infant child of Charles was drowned.

## A SERIOUS DRUG

Has Done Great Damage Crops in Alabama.

MONTGOMERY, Ala.,—Reports received here by the cen office of the government weather department indicate a serious condition of drought in Alabama. Less rain fallen in the state during the last 10 months than in any similar period since 1839. Crops in many sections have been almost completely destroyed. Farmers are alarmed over the prospect. In the middle western counties there are large producers of cotton ground has not been thoroughly plowed since April. Early corn has bid adieu beyond recognition and the prospect is that the food crops will be a slight yield. The effect of the drought is conical, but in sections report the loss as high as 90 per cent.

## WAS THIS TRAGEDY?

Mysterious Man Got Several Bullet Wounds Dressed

RAVENNA, Neb. 31.—Dr. of this town, says that Monday night a stranger applied to him for some wounds dressed. Several bullet wounds appeared on the man's breast and the bullets having penetrated the entire body, coming out at the back. The man carried two revolvers. He was very reticent as to his identity. The origin of the wounds, Dr. Hale thinks the man was by the much wanted Washington desperado. The man quickly disappeared after his wounds had been dressed.

## DOMINION ALLIANCE

Will Seek to Extend Scope of Scott Act—Officers Elected.

(Special to the Star.)  
TORONTO, Ont., July 31.—The executive council of the Dominion Alliance for the suppression of the liquor traffic, met here yesterday under the presidency of John R. Dougal, of Montreal. It was decided to seek amendments at next session of parliament extending the scope of the Scott Act to all provinces; to secure its better enforcement; to embark upon a propaganda campaign as an educational factor, and to help prohibitionists to poll a full vote in all contests whether provincial or national. The council warmly commended the action of the majority of militia in refusing to act upon the recommendation of Major General O'Grady-Haley to re-introduce the sale of liquor in certain militia camps, and ordered a copy of the resolution forwarded to Sir Frederick Borchers. The Principal officers elected were as follows: Hon. A. Vidal; president, J. R. Dougal; provincial vice presidents, New Brunswick, Rev. Dr. McLeod and J. R. Woodburn; Prince Edward Island, Hon. D. Farquharson and Hugh McMillan; Nova Scotia, T. B. Flint and Rev. A. P. McGregor; corresponding secretary, F. S. Spence; recording secretary, J. H. Casson; treasurer, W. H. Orr.

## FREDERICTON.

Woman Arrested Charged With Theft in Amherst.

(Special to the Star.)  
FREDERICTON, July 31.—The police here received a couple of days ago a message from the chief of police of Amherst, asking them to arrest and hold a young woman named Lena Adams who was wanted for theft from her employer.  
Yesterday the police officers learned that a woman answering the description given was about the city and a sharp lookout has been kept for her. This afternoon Officers Phillips and Roberts arrested the woman and telephoned to the Amherst authorities, who are sending an officer for the prisoner. The woman, who appears to be about 30 years of age, says her home is in Woodstock and that she was on her way to Amherst. Another young woman was in company with her when the arrest was made, but their being nothing against her she was allowed to depart.

## MANITOBA CROPS.

(Special to the Star.)  
WINNIPEG, Man., July 31.—Crop reports received from points along the Canadian Northern railway's lines in Manitoba indicate a heavier crop than last year. Weather conditions have been most favorable for some time past, and the estimated yield will run from 18 to 30 bushels per acre for wheat and as high as 60 bushels to the acre for oats. Harvest will probably average one week later than last year, but the whole outlook is reported as never better.

## A WILD STORM.

WINONA, Minn., July 31.—The worst storm in the history of Winona struck this city last evening. Almost a cloud-burst lasted for half an hour, accompanied by a terrific wind. No loss of life is reported. The Bay State hotel and Central Methodist church were partially unroofed and the street car transfer offices were blown into the middle of the street. Many telephone wires were blown down and outside of the city cut off. Fountain City suffered great damage. Governor Farnsworth's pleasure barge Diana was completely dismantled and the bridges and sidewalks at that place were washed out.

## A SERIOUS COLLISION.

DENVER, Colo., July 31.—Fifteen persons were injured on a trolley-coach which was struck by a trolley car and overturned late last night at Alameda and Pearl streets. Mrs. L. A. Horton, of Denver, and C. J. McMillan, the bugler, received injuries which may result in death. The others, most of whom were tourists, were not seriously injured, although several of them were painfully bruised, and all were badly shaken up.

## LACE STRIPE STOCKINGS in all sizes, 23c. per pair at Dyke-man's.

## TARTE WILL ATTEND.

(Special to the Star.)  
TORONTO, July 31.—R. J. Young, secretary of the Canadian Manufacturers' Association, received a letter from Hon. Mr. Tarte in which the minister announced that he will attend the banquet of the Manufacturers' Association at Halifax on August 14. It is now feared that owing to the postponement of the coronation proceedings the colonial premiers who had signified their intention of being present at the Halifax banquet will be prevented from doing so.

## UNCLE SAM RETALIATES.

TORONTO, July 31.—A telegram from Fort Wayne, Ind., states that the extradition of Benjamin Riley and William Aker, wanted for wholesale robberies in Lambton and Kent counties, in the province, is refused on the ground that the men have proved an alibi. Three reputable witnesses from Canada had fully identified the accused men and the authorities here believe the United States officials are being influenced by the delay in the Gayner-Greene case.

WANTED—A case of Headache that KUMFORT Powders will not cure in from ten to twenty minutes.

## BLOOD AT LAST.

Troops Hurried Last Night to Shenandoah, Pennsylvania.

May Call Out Artillery—Yesterday's Riotous Demonstration Had Fatal Results.

SHENANDOAH, Pa., July 30.—A reign of terror compared with which the scenes enacted during the riots of 1900 seem insignificant, holds Shenandoah in its grasp tonight. Since six o'clock this evening Centre street, which is one of the principal streets of the town, has been in the hands of an infuriated mob. Two of the borough policemen were shot, one perhaps fatally. Joseph Beddal, a leading merchant and cousin of Sheriff Beddal, was brutally clubbed to death, and upwards of a score of strikers whose names at this writing could not be ascertained, were shot by policemen, and it is expected that many deaths will result.  
Sheriff Beddal arrived from Pottsville at 7:45 o'clock with a posse of deputies. He has taken up his headquarters at the Ferguson hotel. To the Associated Press reporter he admitted that he has asked Governor Stone to send the militia. The governor wired that if the citizens of the town petition for troops he will send them, and a petition is being circulated for that purpose now. It is almost certain that the troops will be here tomorrow. The trouble started about six o'clock this evening when Deputy Sheriff Thomas Beddal attempted to escort two non-union workers through the strikers lines of pickets. The workmen were dressed in their street clothes, but one of them carried a bundle under his arm, and this aroused the suspicion of the strikers. The bundle was torn from him and when it was found to contain a blouse and overalls, the man was taken from the deputy and beaten almost to death. In the meantime Beddal opened fire on the mob which had gathered by this time and emptied his revolver. Two of the shots took effect, one man being shot in the leg and the other in the foot. The deputy and the other strike breaker were now compelled to fly for their lives. The mob, however, was more threatening and demonstrative every moment. Joseph Beddal, a hardware merchant and brother of the deputy sheriff, was seen making his way through the crowd in an effort to reach his brother, and the mob, divining that he was carrying ammunition to those inside the depot, seized him and beat him with clubs and bludgeons into insensibility. He died en route to the miners' hospital.  
Shortly after this the entire borough police force arrived on the scene and escorted the deputy sheriff and his men to an engine which had been backed into the depot for that purpose. When the mob realized that prey was about to escape they surrounded the engine and the engine driver was afraid to move. In a few moments, however, the police fired a volley, dispersing the crowd for a brief period, and the engine turned on full steam and got away with his men. Stones were now thrown thick and whereupon Chief John Fry gave the order to fire. At the first volley the mob fell back and several were seen to fall. Their retreat, however, was but momentary. They returned with revolvers, stones and even a few shot-guns. They charged on the little band of policemen and made them fly for their lives. The policemen turned in their flight at short intervals and fired volley after volley at their merciless pursuers, but the mob seemed thoroughly infuriated and smoking revolvers seemed to have no terrors for them. When the Lehigh railway crossing was reached, a passing freight train blocked the passage of the police, two of them were caught and brutally beaten. One of them, Stiney Yacopsky, will die.  
It is estimated that upwards of one thousand shots were fired, and the wonder is that more fatalities did not result. More than twenty strikers, all of them foreigners, were shot, and at least two of them will die.

SHENANDOAH, Pa., July 31.—Nearly all the residents of this town were up all night anxiously awaiting the arrival of the militia. It was noticeable that the pickets who have been guarding the approaches to the mines were not on duty this morning, but if they had been their vigilance would not have been rewarded, for no person was venturesome enough to run the gauntlet after the exciting experience of yesterday. Brigadier General Gobin, Penna. National Guard, accompanied by the Pottsville and Pine View Companies of the 4th Regt., and all of the Schuylkill County companies of the Eight Regt. arrived this morning. General Gobin said that besides these two companies of the Fourth Regt. he has ordered out the entire Twelfth and Eighth Regts. and the governor's troop. If he finds that the conditions here warrant it, he intends to call out two batteries of artillery.  
WILKESBARRE, Pa., July 31.—President Mitchell issued the following statement today: "While I am informed of the causes of the regrettable occurrences at Shenandoah and consequently not in a position to say whether the miners or the deputies are responsible for it, I am, nevertheless much grieved to learn that there has been a serious violation of the law. I have repeatedly warned the miners that the persons who violated the law was the worst enemy the strikes could have, and I have directed our local officers and committee to be constantly on the alert for any breach of the peace. Our efforts in this direction will be redoubled and I trust that judgment will be withheld until the
