NUMBER 11.

THE ST. JOHN CHRONICLE.

THE WORLD UNANIMOUS!

HOLLOWAY'S OUTLINE.

THE GREAT COUNTER IRONIST!

The world of letters offers no way to the internal organs through the pores of the skin. This penetrating fluid, moving under the head, is carried on, in a circuit through the same channels, and reaching the seat of inflammation, promptly and invariably subdues it, whether located in the kidneys, the liver, the lungs, or any other part of the body. It penetrates the surface to the bone through the countless tubes that communicate with it. An summer can pass into the favored earth diffusing its cool and regenerating influence.
