Persons of a Full Habit, who are subject to headache,  
drowsiness, and singing in the ears, arising from too great a flow  
of blood to the head, should never be without them, as many  
dangerous symptoms will be entirely carried off by their timely  
use.

For Females, from the peculiar affections that attend  
them when they are arriving at maturity, and also at the decline,  
or "change of life," these Pills are truly excellent, removing  
all obstructions, depression of spirits, dullness of sight, nervous  
affections, hiccups, pimples, and sallowness of the skin, and  
give a healthy bloom to the complexion.

What may seem almost incredible is the astonishing  
rapidity with which they cure diseases hitherto considered in-  
curable.

Numbers of our first-class families keep them constantly  
on hand for the various ills of life, and rely on them im-  
pudently.

They are sold with the understanding that they exceed  
their recommendation, and are the best household medicine  
extant.
