## WOMEN GOLFERS TO REPRESENT CANADA IN IRISH MATCH

**DOROTHY CAMPBELL, MARY FOWNES, LOUISE ELKINS, FLORENCE HARVEY, EFFIE NESBITT.**

Five champion girl golfers, three being Canadians and two residents of the States, have sailed from New York for Portrush, Ireland, where they will compete in the women's golf championship of Great Britain, May 14-19. Dorothy Campbell, Hamilton, Ont., is champion of Ontario and the United States. Florence Harvey won the Canadian championship in 1903.

Effie Nesbitt is credited with being the longest driver of her sex, with a record of 223 yards. The girls from south of the line are Louise B. Elkins and Mary Fownes, Pittsburg. Miss Elkins won the championship of the north and south at Pinehurst, N. C., last summer. Miss Fownes was runner up.

Miss Campbell is acknowledged the best of the quartet and her companions are confident she will wrest the British championship from the holder, Miss Grant Suttle. They will all return to compete in the Canadian championship, July 27 and in the United States match at Baltusrol, in October.

## BASEBALL RIVALRY IS VERY KEEN

Great interest is being aroused in the baseball prospects and St. John fans may expect to see some lively ball for the next three months. Messrs. Donald, Bradbury and Ervin arrived in the city yesterday morning from Fredericton where they attended the lengthy session when the Maine and New Brunswick league was formed.

Fredericton, Woodstock, St. Stephen and Calais are putting strong professional teams in the league and the towns are greatly worked up over the prospect.

Up to date Fredericton citizens have contributed \$250 for the support of their team and the sum is expected to reach the thousand dollar mark before the end of the week.

While the best players in this city will be signed on by the Marathons and the St. Johns there will also be some importations from Boston and Montreal.

## CHAMPION PAPKE WILL HAVE HIS HANDS FULL

Jim Sullivan and the French Champion will Endeavor to Arrange Matches with the American Middleweights—Langford May Meet Jeannette—France Enthusiastic Over Boxing Game.

CHAMPION PAKKE.

New York, May 10.—Billy Papke, who is now generally regarded as the middleweight champion of the world, despite the many other claimants who are in the field, has returned to London from Australia. By his recent decisive defeat of Dave Smith at Sydney he has more than removed the doubt that temporarily rests in the minds of all sportsmen as to Smith's ability to beat him.

Papke was met on his arrival by Hugh D. McIntosh, who candidly anticipated being able to arrange a match between the American and Jim Sullivan, the holder of the middleweight title.

Sullivan has signified his willingness to enter the ring with Papke, the only point at issue being one of terms, as Papke considers that he is entitled to a much larger end of the purse.

McIntosh has also arranged a contest between Marcelle Moreau, the middleweight champion of France, and the American champion. The Frenchman has expressed a strong desire to take place here, the men had to be imported. The Parisians have taken to boxing, however, with the same enthusiasm as they have displayed in adopting other forms of English sport, and they have now several men who can claim to be in the first division of the middle, welter and lightweight classes. So far, they have not produced any frank rank heavyweights but there are several men who have taken so earnestly to the game that it will not be surprising if a worthy champion is some day discovered on the other side of the channel.

In his recent visits to Paris, McIntosh has been so impressed with the excellent showing made by the French boys that he has decided next season to institute a series of Franco-British contests in London. He will also send to Australia for next season a first-class team of French boxers. He believes that some, at least of these will more than hold their own with the Australians. One thing is certain, that these lads will give the public some stirring encounters, as they will not only box themselves, but they will force the others to go all the way.

Mr. McIntosh has recently had placed at his disposal one of the finest halls in the metropolitan area. In this palatial building he hopes during Derby week to bring off a return match between Sam Langford and McVeigh, who has the first of April, drew after 20 rounds. Langford has expressed some dissatisfaction with the decision given on that occasion and McIntosh is anxious to afford him and the English public an opportunity of a return match.

McIntosh also hopes shortly to complete negotiations for a finish bout between Sam Langford and Joe Jeannette in Paris on the Saturday preceding Grand Prix.

The progress that has been made recently in French boxing is surprising. Until very recently boxing was comparatively unknown in the French capital, and for any contests that took place there the men had to be imported. The Parisians have taken to boxing, however, with the same enthusiasm as they have displayed in adopting other forms of English sport, and they have now several men who can claim to be in the first division of the middle, welter and lightweight classes.

## BEATS THE WORLD'S RECORD AT THE CANDLEPIN GAME

**Worcester Bowler Gets 167 on Single String and 370 on Three String Total.**

(Boston Globe.)

Carl Hedberg of Worcester, individual candlepin champion of 1910, was the honor man in the National duck and candlepin bowling congress at the Crescent alleys in Lowell on Tuesday. The Worcester crack, in the two-men candlepin event, hit a single string of 167, which broke the world's competition string record by four pins.

The previous record of 163 was shared by Louis Hailas and Warren Brown of Boston, the latter scoring on Wednesday last. For his three strings in the event Hedberg had a total of 370, the best made by any man in the tournament. Unfortunately his partner, Butler, got a bunch of breaks and tough hits, scoring but 170. It gave the team a total of 640, and the two teams are tied for fourth money.

On his record single Hedberg opened by tripling strikes. He got 30 pins in the first box, 27 in the second and 18 in the third. On his fourth he got 9 pins and spared for 17 on the fifth, which gave him 101 pins at the half. He annexed a 16-pin spare on his sixth and cleaned up 10 pins on his seventh. A 15-pin spare on his eighth box gave him 142 pins, and then he got his first bad break, a six box. He finished with a 19-pin strike for 167 pins, four pins better than was ever done before.

## A GOOD JUNIOR GAME.

The junior ball players are commencing to get into shape for the summer and in every backyard and lot the youngsters are hard at work with bat and ball. Already several good games have been played by the boys' teams and one of the best took place last evening on the Crouchville flats when the East St. Johns took the Westland Roaders into camp to the tune of 2-3. Alexander and Sterling were between the points for the winners while the battery for the losing team was McKay and Beckwith. A feature of the game was a smashing three bagger by F. McManus.

**JOHNSON READY FOR JIM FLYNN.**

Chicago, May 10.—Jack Johnson, heavyweight champion, declared today he would take pleasure in "knocking the head off" Firman Jim Flynn. Al Kaufman's conqueror, if guaranteed \$10,000, win, loss or draw. If the terms are accepted, Johnson says the battle must take place before June 1st, as he sails for England on June 5th.

## GIRL WILL PITCH FOR QUAKERS

Philadelphia, May 10.—Charlie Dooin will spring something new in major league circles should any of his pitchers go back on him. The little red topped manager has found a young woman pitcher who, he declares, can hold her own with any of the major league pitching timber. He discovered her in the back lots of Philadelphia's north side, where she was playing ball with her brothers and their friends, and was striking out the boys in Mathewson style.

After much inquiry Dooin discovered that the young woman's name is Corolle Peale, and that she resides with her parents at No. 1945 North Thirtieth street. She has been playing ball for the last five years and has acquired a throwing arm of which any man might be proud.

Miss Peale has all sorts of curves, drops a fast ball, and has a ball which she has not mastered in the "split ball," and she declares she has not tried that, as she does not think it ladylike for a woman to play sports.

As a trout for the young woman Dooin has arranged for her to pitch a game next Saturday against the stars of the Bethlehem Country Club. This nice has defeated most of the amateur teams in this part of the country and could take a full out of many professional clubs.

Miss Peale is unable to account for her pitching ability.

"I simply stand up, give my arm a little twist, not like a girl, but straight like a man, and without thinking about it, bang! out comes a curve or a drop, and usually a good one, too."

## TWO GOOD GAMES ON VIC. ALLEY

There were two good games in the city championship on the Victoria alleys last night. The Stars won from the Specials with a total score of 1278 to 1186 and won the three strings. The second game was won by the Royals who defeated the Red Wings with a total pinfall of 1248 to 1144. The individual score was as follows:

## SUNSTAR IS DERBY FAVORITE

London, May 10.—Seldom has the Two Thousand Guineas, the first of the classics of the season on the London turf, been won more easily than it was by J. B. Joel's Sunstar, a brown colt, by Sunridge—Doris, which made practically all the running and won by two lengths from Lord Derby's Steadfast in the record time of 1m. 37 3/4 secs, with the winning owner's second string Lycan half a length away. Sunstar won so easily that he is nearly certain to start a hot favorite for the Derby. He is now at 5 to 2. Sunridge's stock had generally been spry, but The Story and the Guineas winner seem to be fairly well endowed with stamina. As between Sunstar and L. de Rothschild's Pietri, who started favorite, the running was a complete reversal of their two year old form, although Pietri facilitated such upheaval by absolutely retiring the race. He was orderly enough going out of the paddock, but arrived at the post he was the solitary one to provoke delay. At Sandown earlier on he had been mildly obstinate, but here he was unmistakably sour, declined to jump into his bit when the signal was at length given and never took hold of it in the race. He simply ambled along and finished tenth of fourteen. Some such ignominious display as this has been long threatened on Pietri's part. Mr. Rothschild can entertain but a shadowy hope of better things following in the Derby.
