DEAR OTHER VON BUELOW GRATEFUL FOR TRYING HARD AMERICAN AID TO WIN ITALY

As president of English Red Cross she writes appreciatively of American Red Cross Work.

Washington, March 26.—England's queen mother, Alexandra, has written an autograph note to Mrs. Whitlaw Reid, in London, expressing gratitude for the aid given by the American Red Cross in caring for sick and wounded British soldiers and sailors.

The Queen's note, made public at Red Cross headquarters here today, follows:

"As president of the English Red Cross Society, I beg you to kindly convey to the American Red Cross my highest appreciation of their magnificent gifts to this noble work, for which the whole English nation is profoundly grateful. I am most deeply touched by the kind assistance and sympathy shown us by the American people."

Mrs. Reid also forwarded a letter of thanks and appreciation she had received from Sir William Garston, chief of the supply division of the English Red Cross. Through the American ambassador at Vienna came a similar letter from Count Rudolf Traun, of the central organization of the Austrian Red Cross.

He Meant Every Word He Spoke Just Why J. A. Hill Recommends Dodd's Kidney Pills.

He Had Sore Back and Other Symptoms of Kidney Disease and Got Real Benefit from Dodd's Kidney Pills.

Sixty-Nine Corners, Ont., Mar. 26.—(Special.) "I am recommending Dodd's Kidney Pills as the best of medicines." The speaker was Mr. J. A. Hill, a well known resident of this place, and he left no doubt in the minds of his hearers that he meant every word he said.

"Some time ago," Mr. Hill continued, "I had a very sore back. It started from a cold and I suffered for six months with it. I also had stiffness in my joints and cramps in my muscles and I felt heavy and sleepy after meals. My appetite was fitful and my limbs were heavy. Then I decided to try Dodd's Kidney Pills. I took four boxes and received great benefit from them. That's why I recommend Dodd's Kidney Pills."

Every one of Mr. Hill's symptoms showed that his trouble was of the kidneys. That is why he got such benefit from Dodd's Kidney Pills. They are no cure all, but they do cure sick kidneys, and the kidneys are the keystone of health.

INDUSTRIAL SITUATION IN ENGLAND NEAR BEFFERY DOING BETTER THAN EXPECTED

Despite Kitchener's warnings stoppages of work continue — Government may act.

London, March 26, 9.45 p. m.—Despite Lord Kitchener's warning, and the agreement between the government and the trades unions that strikes should cease, stoppages of work still continue. Though the number of men involved thus far is small, fears are expressed that the disaffection may spread, and the government be driven to adopt the drastic measures which have been threatened in order to increase industrial production.

At Birkenhead this afternoon the men loading three steamers quit work, and announced that they would not resume their labors until Monday. Their ground was that they are not paid until the following week for work done Friday and Saturday.

On the Liverpool side of the Mersey a large number of dockers are threatening to strike for a similar reason, and to lay off for an entire week. At the Dowlais Wales Steel Works, government orders for materials needed in France and Belgium are being delayed by a strike of a comparatively small number of men, which has dislocated work in the establishment.

The Clyde engineers are much dissatisfied with the recent government arbitration award and intend to ask for a further increase in pay.

N. B. COD OIL DEALERS INTERESTED IN BIG BOSTON LAW SUIT

Dealers in cod oil in New Brunswick who have been selling oil to a Boston firm which supplies cod oil to a large drug manufacturing company in the States are much interested in a case which is to come before the Boston courts in April.

The Boston firm which does considerable business in the Maritime Provinces has had to take legal action against the manufacturing druggists, the latter having refused to pay a large amount, claiming that the oil supplied it were of an inferior quality. T. W. Johnson, a Boston lawyer, has been in St. John in connection with this case, and will visit Beaver Harbor, Grand Manan, Campobello and other places from which the firm he represents secured cod oil. Mr. Johnson's mission is to obtain from the dealers proof of the quality of oil supplied his firm. When the case comes up for trial it is expected some of the dealers will be asked to go to Boston to give evidence.

The case is an unusual one and is attracting considerable attention among fish dealers.

HOW THE STEAMER DELMIRA WAS SUNK

German submarine got steamer off Boulogne.—Crew given ten minutes to leave ship.

London, March 26, 3.15 p. m.—The steamer Delmira has been sunk by a German submarine off Boulogne, in the English Channel. The members of the crew were given ten minutes in which to leave their vessel. Subsequently they landed on the Isle of Wight.

Three revolver shots were fired from the submarine as a signal for the Delmira to heave to. The steamer's skipper, however, ordered full speed ahead, and declares he probably would have escaped but for the refusal of the stokers, all of whom were Chinese, to remain below and feed the furnaces.

The submarine therefore overhauled the steamer and ordered her crew to take to the boats. After torpedoing the Delmira the submarine towed her boats for an hour and a half, until another ship was sighted, when the tow lines were cast off and the underwater boat disappeared.

The Delmira was a British steamer of 2,011 tons net. She was engaged in the trans-Atlantic trade and arrived at Havre from St. John, N. B., on March 14. She was built in 1905 and was under command of Captain Lovelace.

PIMPLES APPEARED ON HIS FACE AND HANDS.

The primary cause of pimples arises from the blood not being in a good condition. When the blood becomes impure you will find that pimples will break out all over the body, but more particularly on the forehead, nose and chin, and although they are not a dangerous trouble, they make you appear unsightly both to your friends and yourself. What you need, when these pimples break out, is to get a real good blood purifying medicine such as Burdock Blood Bitters. One that will build up the system by cleansing the blood of all the impurities and poisons which cause the skin to break out in these eruptions.

Mr. F. A. McKenzie, Postage La Prairie, Man., writes: "Last summer I was all run down and under for work of any kind. All kinds of food seemed distasteful to me. Pimples appeared on my face and hands, and I seemed to grow worse every day. One day a friend advised me to try Burdock Blood Bitters. Half-heartedly I did so, and the results obtained were marvellous. I regained my health, I took on flesh and in a short time the pimples and skin eruptions disappeared entirely; thank to the healing powers of B.B.B. I freely recommend it to all sufferers."

B.B.B. is manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

FINANCIAL PHASES OF BELGIAN RELIEF

Report issued in London shows that \$20,000,000 worth of foodstuffs have been delivered.

London, March 26.—7 p. m.—A financial report issued here today by the American Commission for Relief in Belgium shows that foodstuffs of a total value of twenty million dollars have been delivered in Belgium since the inception of the commission's work. Nineteen million dollars worth of food is now on the way to the stricken country, or is stored for future shipment. Of the grand total, \$6,500,000 was provided by benevolent contributions, either of food or cash, and the balance of \$13,500,000 was provided by banking arrangements set up by the commission.

The benevolent contributions consisted of \$2,600,000 in cash, and \$5,900,000 in food. Of the benevolent contributions the United States provided \$4,700,000; Canada, \$900,000; Australia, \$900,000; the United Kingdom, \$1,200,000, and the balance of \$800,000 came from various parts of the world.

Clothing received and distributed has not been valued by the commission but it is estimated to be worth over a million dollars.

THE MEDEA'S SINKING WAS ACT OF VIOLENCE

Germans cannot escape responsibility by claiming 'twas done by mistake.

London, Mar. 26.—Reuter's Amsterdam correspondent gives the outline of a statement printed today by the Handelsblad of the sinking of the Dutch steamer Medea, Thursday, of the Dutch steamer Medea. The article says that the steamer's orange cargo could not have been considered conditional contraband, and adds:

"The sinking of the Medea is an act of arbitrary violence, which cannot be considered a lamentable error. This action, as well as attacks on Dutch ships from the air, can only be explained on the assumption that Germany feels certain that so long as no foreign troops or warships attack our country every act of arbitrary violence against Dutch subjects or property is permissible.

"We are convinced that complete compensation must be demanded from Germany. This last act is certain to arouse great uneasiness and bitterness here."
