PLATOON OF THE 140TH FOR HARTLAND

Excellent accommodations
are being made ready for
the men in the town.

Special to The Standard.

Hartland, N. B., Jan. 5.—Lt. Col. Fowler, accompanied by Donald Munro, M. P. P., arrived here today to arrange for billeting a platoon of the 140th Battalion in Hartland for the winter. Accompanied by S. S. Miller, R. W. Cameron and others they visited available sites for the accommodation of the soldiers. Before leaving Col. Fowler told The Standard that at least fifty-two men would be stationed here as soon as the accommodations could be completed, which would probably be within a week. The armory over the post office will be fitted up with a shower bath and other toilet necessities, as well as bunks, and there those who have not permission to sleep at home will be quartered. The top flat of D. E. Morgan & Sons' new building opposite the station will be used as a cook house and dining room while the lower portion of the Star Theatre will be fitted up for drill purposes. Believing that the presence of the men here will stimulate recruiting

those who enlist later on will be added to the strength of the billet. Tenders will be asked at once for provisioning the men. Col. Fowler and Mr. Munro drove to Woodstock to-night.

Two more men went to Sussex to tonight to join the 140th, they were Cecil Dewett of Charleston, and Harold Newall of Carleton.

The Cause of Appendicitis Now Definitely Known

The commonest cause of appendicitis is constipation. Every doctor says so. When you require physic, don't use a cheap drastic pill—get Dr. Hamilton's Pills, which are made from the private formula of one of the greatest physicians. Dr. Hamilton's Pills strengthen the stomach, regulate the bowels and prevent any tendency to appendicitis. In one day you feel the tremendous benefit of Dr. Hamilton's Pills. By purifying the blood and cleansing the system they prevent headaches, lift depression and drive away weariness. No medicine so successful as Dr. Hamilton's Pills. Sold every where in 25c boxes, with yellow cover; get the genuine.

Postpone Demonstration.

EMBARGO ON THE EXPORT OF HORSES LIFTED

Sale of Horses to other
than British Possessions
is again permitted.

Special to The Standard.

Ottawa, Jan. 5.—The embargo on the exportation of horses has been raised. At the request of the British government, in April last, the exportation of horses suitable for use in war was prohibited to all destinations abroad other than the United Kingdom, British possessions and protectorates. The British government purchased large numbers of horses in Canada, but some time ago purchasing was stopped and the Canadian farmer and horse dealer was faced with a situation which prohibited the export of horses to the United States, notwithstanding the fact that the British government had ceased to buy. The matter was drawn to the attention of the Hon. Dr. Reid, Minister of Customs, and it was pointed out that the embargo was a hardship to those who had a market for their horses in the United States as a result of the discontinuing of British buying. Hon. Dr. Reid, through Hon. George Parley, took the matter up with the war office with the result that the embargo has been raised. Horses can now be exported to the United States, British possessions and protectorates and the Allies of Great Britain.
