DIVISIONAL ENGINEERS TO BE APPOINTED?

To Supervise Road Work—
John L. Feeney, C.E., Turns
Down Offer of Job with
Carter-Foster Government.

The provincial government is being severely criticized for its delay in appointing a road policy. No question is of more vital importance to the people of New Brunswick than that of good roads and the people naturally want to know what the new administration is going to do with respect to their maintenance.

The Carter-Foster government before coming into power pledged themselves to hand the management of the roads of the province over to a commission. This, however, they now seem reluctant to do. The services of the provincial engineer of roads, John L. Feeney, C.E., an engineer of standing and reputation, have recently been disapproved with. Mr. Feeney was offered a position as divisional engineer on the highways under his successor, Burton M. Hill, a railway constructional engineer of experience, but with little or no experience in road work. This offer Mr. Feeney promptly refused.

It is felt that Mr. Feeney was removed because the sympathies of his family are not directed in support of the present administration. The fact that the Carter-Foster government is offering appointments as divisional engineers would seem to indicate that the administration had in mind the carrying out of a plan somewhat similar to the new road policy of the Hon. Mr. Smith.

MARRIAGES

Robichaud-Pitman.

The Cathedral was the scene of a pretty wedding early yesterday morning when Miss Jessie Edna Pitman of this city became the bride of Henry H. Robichaud of Annapolis, N. S., in the presence of relatives and friends. The ceremony took place at nuptial mass, celebrated by Rev. William M. Duke. Following the ceremony, the wedding party returned to the home of the bride's parents in Brindley street, where a dainty wedding breakfast was enjoyed. Mr. and Mrs. Robichaud will reside in the city for the present, but will later remove to Annapolis, where they will make their home.

Plumbers' Strike.

The plumbers' strike is still in force and those who want plumbing done have to wait. No advances have been made by either side looking toward a settlement of the difficulty and from present indications the end is still far away. Yesterday one man broke away from the ranks of the strikers and it is understood went to work for G. and E. Black. Mr. Black, who was asked about the matter said he knew nothing of the strike and had no interest in it. "I know nothing of what the master plumbers or the men are doing and am not interested one way or the other," was his statement to the representative of The Standard.

Clergyman Has Recovered

Was Unable to Fill Appointments and Greatly Discouraged by Continued Ill-health.

Gananoque, nt., May 21.—The many friends of Rev. George Alton are pleased to learn of his recovery after a long period of ill-health from biliousness, stomach troubles and severe headaches.

Mr. Alton had become very much discouraged over his inability to obtain relief, and thought he would have to quit the ministry, when fortunately he read about Dr. Chase's Kidney-Liver Pills and began their use. He tells the particulars of his case in this interesting letter:

Rev. George Alton, Gananoque, Ont., writes: "I had been suffering from bilious attacks for four years. I was very weak, had headaches, and my stomach was so bad that I could hardly eat anything without being troubled by it. I had tried many cures, herbs, pills and salts, and was under the doctor's care for some time, but instead of getting better I seemed to get weaker. I was unable to fulfill my appointments on Sabbath and had to secure help. I used to take dizzy spells and could not walk across the floor straight. I had almost given up all hope and my wife said that the I did not get better we would have to quit the work of the ministry. However, in looking over the 'British Whig,' the well-known Kingston paper, I saw Dr. Chase's advertisements in it, and read how Dr. Chase's Kidney-Liver Pills had helped others who were troubled as I was. I resolved to give these Pills a trial, and I must say that in a short time I obtained relief. I continued taking them for some time, and now I am able to resume my work again. From this point I have obtained freedom from these pills. I would recommend them to all who suffer as I did."

Rev. C. Cunningham, 124 First Avenue, Toronto: "This is to certify that I am personally acquainted with Rev. George Alton of Gananoque, and believe his statement with reference to Dr. Chase's Kidney-Liver Pills, one pill a dose, 25c, a box, \$1.00, at all dealers, or Edmondson, Bates & Co., Limited, Toronto."

INSPECTION OF CADETS HAS BEGUN

Captain Robinson Black's
Itinerary—New Corps at
Chatham—The Inspection
at Moncton.

The Minister of Militia has been pleased to approve of the formation of A Company, Cadet Corps at St. Thomas College, Chatham. The new corps will come under the supervision of Captain E. Robinson Black, organizer and inspector of cadets for the Maritime Provinces.

The first annual inspection for the year 1916-17 took place at Moncton on Tuesday last when the inspector for the Maritime Provinces, Capt. Robinson Black, visited the Aberdeen Corps No. 560. The inspection was arranged at the special request of the instructor of the corps at a date much earlier than was contemplated owing to the patriotic desire of the greater number of the cadet boys to volunteer their services for farm work and to co-operate in the greater production scheme advocated by the Board of Education at the request of the national service committee.

The date selected was very threatening so far as weather conditions indicated, but fortunately the hour fixed for inspection, 4.30 p.m. sharp, the elements had granted a respite and amid enthusiastic cheering the inspector arrived punctually on the parade ground at Aberdeen school.

The greatest interest was evinced by the citizens of the town and the parents of the children, representatives of the school board and the mayor, accompanied by Dr. Carter, superintendent of education for New Brunswick, was also among those present.

As is customary no time was lost by Inspector Black in proceeding to put the boys through their different movements which were carried out in the following order:

Reception of the inspector by the general salute was first in order, after which a close inspection of the line was made. A march past under command of the instructor, Lt. W. L. McWalter and secondly under command of the Company Leader McWye, followed. Squad and company drill with and without arms, extended order. Physical training and signalling was then taken part in under the command of the respective officers and section commanders.

The inspection was completed and at 5.45 p.m. the inspecting officer addressed the corps, congratulating them on their patriotic try to co-operate in the greater production campaign by reason of which some extent the efficiency of the cadet corps for this year may slightly suffer, yet at the same time that he, the inspector, was highly pleased with the manner in which the different movements and drill were carried out.

The inspector also specially congratulated the corps' leader on his work and the signalling officer, Sergeant Clarke.

The prize for the best shot in the corps was won by the corps' leader, Capt. Wyse, his victory over Cadet McDougall being only one-tenth of ten per cent.

Before the proceedings closed Captain Black announced that as the competition was so keen he would present a special medal to Cadet McDougall. This brought forth unstinted applause for the popular inspector.

The secretary of the school was then invited by Inspector Black to present the medals, one on behalf of the militia department and a special silver medal, the gift of the organizer and inspector of cadets. Cheer after cheer went up as the boys received their well merited awards.

Three cheers were then called for Capt. Black, who wound up the proceedings by calling on the corps to give three cheers and a tiger for His Majesty the King.

Subsequently an invitation was given to Inspector Black, Major Hayes, Dr. Carter and others to a nice prepared tea in the Queen Mary tea rooms, contributed by the patriotic daughters of the Empire, presided over by Mrs. Chandler, Mrs. D. J. Purden, Mrs. Houston and many other ladies of the order.

The following tentative dates have been arranged for inspections by Captain Black in New Brunswick: Springfield, May 24; Hillsboro, May 25; Albert, May 25th (evening); Black and Sackville, May 26th; Fredericton and Norton, June 1st; Dalhousie, June 2nd; Robb's, Hampton and St. John, (St. Luke's and St. Mary's), June 4th; Sunny Brae, June 6th; Newcastle and Chatham, June 15th; Richibucto, June 15th; Sussex, June 22nd; St. John (St. Andrew's and St. Stephen's), June 23rd; St. Stephen and Milltown, June 25th; Woodstock, June 26th; West St. John, June 26th.

THE PROBATE COURT.

In the matter of the estate of John H. Davidson, letters of administration have been granted to Isabella Davidson. Inches & Hazen are proctors. In the matter of the estate of Elizabeth G. DeLong, late of Revere, Mass., letters of administration have been granted to Blanche Elizabeth Jacobson. Fred R. Taylor, K. C., is proctor.

Price of Coal Increases.

American anthracite coal advanced one dollar a ton yesterday and is now being sold for \$14 per ton in bulk. This brings the price up to within a dollar of the high figure attained at the time of the miners big strike in the United States some years ago. A coal dealer said that he did not know if there would be a decrease in the price of the high figure attained at the time of the miners big strike in the United States some years ago. A large number of citizens are placing their orders for next winter's supply at the present quotation not taking a chance of having to pay more next fall.

Wash Skirt Prices: 98c., \$1.25, \$1.60, \$2.65.

OAK HALL SCOVIL BROS. Limited
ST. JOHN, N. B.

FARMERS UP RIVER ARE SEVERELY HANDICAPPED

Cool Weather, Rain and Shortage of Fertilizer and Seed Unfavorable Elements—Maple Sugar Season Good.

Farming operations in the upper St. John river valley have been greatly retarded by the cold and wet weather of the past few weeks, according to L. M. Mitchell of Woodstock, who is in the city. Mr. Mitchell has travelled extensively this month through Carleton, Victoria and Madawaska counties. The farmers who make a specialty of potatoes are short of fertilizer and quite a percentage of them are short of seed as well, they having sold large quantities of the tubers during the bull market of the past winter and early spring.

The ground is cold and in the wet sections damp. It will probably be June before the potato grounds are all seeded. Similar conditions prevail on the Maine side of the border.

In Madawaska the maple sugar makers have had an excellent season, and the industry is of great importance to the people of that county.

At the headwaters of the St. John and its tributaries there is still much snow in the woods and the water is quite high.

OBITUARY.

Miss Laura Stafford.

The sudden death of Miss Laura Stafford, daughter of the late Patrick Stafford, occurred at her home, Sewell street, Sunday. The funeral will take place this morning at eight o'clock to the Cathedral.

Michael J. McCarthy.

Many residents of St. John will regret the death of Michael J. McCarthy, formerly of this city, which occurred recently in East Boston. Mr. McCarthy was about fifty-two years of age, and left his native town when but a boy. He leaves his wife, and seven brothers, all of whom now reside in the states. Mrs. E. J. Broderick and John Abbott, Britain streets, are cousins.

Mrs. J. Allan Belyea.

The death of Mrs. Florence A. Carpenter, wife of J. Allan Belyea, formerly of this city, took place in Jamaica Plain, Boston, on Sunday afternoon, May 20. Besides her husband she is survived by one son, Ralph, of Boston, and two sisters, Mrs. G. D. Jones, Pet-rodia, and Mrs. W. V. Hatfield, Waterville street. Mrs. Belyea was a daughter of High Sheriff Coles Carpenter of Carleton county, and was born in Woodstock. The body will be brought here by noon train today and the funeral held from Waterloo street Baptist church at three o'clock in the afternoon. Mr. Belyea, husband of the deceased, was at one time buyer for M. R. A. Ltd., later conducted a dry goods store in King street with his late brother, Robert, and about ten years ago moved to Boston with his family, taking a position with Jordan, Marsh & Co., Boston.

Alkali in Shampoos

Bad For Washing Hair

Don't use prepared shampoos or anything else, that contains too much alkali, for this is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is just plain mulsified coconut oil, for this is pure and entirely greaseless. It's very cheap, and beats anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

family, taking a position with Jordan, Marsh & Co., Boston.

Hamilton Ray Travis.

R. B. Travis, druggist, Main street, has received a despatch telling of the death of his brother, Hamilton Ray Travis, which took place in Dorchester, Mass., on May 17. The late Mr. Travis was about forty-eight years of age and was born in this city. He leaves besides his wife, two sisters and three brothers. The sisters are Mrs. Harold Climo and Mrs. Atkinson Morrison of this city; the brothers are John S. of St. Louis, Charles of White Head, Kings county, and R. B. Travis of this city, to whom the word came.

The death of Walter E. Young, of Jemseg, occurred last night at the General Public Hospital after an illness of nine days of pneumonia. Mr. Young was 24 years of age and was well known around Indian town where he had worked for a number of summers, and was very popular with the younger members of the community. He is survived by his parents, Edward and Ella Young, of Jemseg, one brother Arnold at home, two sisters, May of this city, and Vivian at home. The body will be taken to Jemseg by the steamer Champlain today, and the funeral will be held at Jemseg, Wednesday afternoon at 2 o'clock.
