ASK INVESTIGATION OF THE GUELPH JESUIT COLLEGE

Co-Operation of Ottawa Being Asked By Some of Guelph Church Ministers.

REV. K. H. PALMER AT THE CAPITAL

Declares Controversy Not Religious Fight and Begun By Roman Catholic.

Ottawa, July 3.—The co-operation of Ottawa is being asked in connection with the demand for an investigation of the alleged evasions of the military service act in the Jesuit Novitiate at Guelph.

Rev. K. H. Palmer, pastor of St. Patrick's, Guelph, there, who first gave publicity to the matter, is in Ottawa. When seen today he stated that he had come to Ottawa to see one or two of the ministers, and also to secure legal opinion on certain phases of the question.

"The best people in the Dominion are behind the demand for an investigation and one will have to be held," was the statement made by Mr. Palmer. He also stated that the very best legal advice is that the military service act is being evaded and that there is every reason for an investigation. "The Roman Catholics are as much interested in the case as are protestants," said Mr. Palmer. "This is not a religious row, it is not a matter of Protestant versus Roman Catholic. The first complaint that the military service act was being evaded by the Jesuit Novitiate came from a Roman Catholic who has a son at the front. Another Roman Catholic had boasted to him that he knew how to evade the act and that he had a son in the college. The Roman Catholic with the son overseas reported to the military representative and the information in turn came to me."

KENT COUNTY BEER HAS KICK TO IT

Such Is Report of M. V. Paddock, Analyzing Chemist, Who Has Samples From Chief Inspector Wilson.

Up in Kent county they are manufacturing beer with a kick to it, as some samples recently analyzed by M. V. Paddock show conclusively. On a recent trip to that county Chief Inspector Wilson secured a number of samples of the beer being sold and brought them to the city for analysis, and on the test being applied it was found they ranged from 4.2 to 16.6 of proof spirits.

Speaking of the number of drinks before the police magistrate on Tuesday morning the inspector said it must be remembered that no court had been held since the Friday before and under the circumstances eight persons was not a large number, when it was remembered that under license there have been as many as forty persons to face the court after a holiday.

LUMBER STOCKS IN ENGLAND DEPLETED

Liverpool, June 1.—Farnworth & Jardine's wood circular says:

Imports during May were very light and confined to descriptions necessary for government requirements. Fair consumption, leaving stocks in a depleted condition all round. Private transactions are becoming each month more a thing of the past, and as the "Timber Order, 1918," becomes more operative, the small amount of legitimate import business hitherto carried on, will apparently cease. The trade generally is awaiting with interest the scheme of rationing now due.

Canadian Woods.—Pine.—Stocks are unaltered, viz.—3,000 cubic feet. Wane Pine.—First-class. The entire stock stored in Manchester. Second-class. Holdings very small, but demand is weak. Square Pine, Red Pine and Oak.—No stock. Elm.—Square.—The small stock held in Manchester last month has been absorbed, leaving the market without supply. Pine Deals.—About 40 standard, imported to Manchester; consumption small, but stocks are light.

New Brunswick and Nova Scotia Pine.—Pine Deals.—Two Mersey, including the Manchester Canal, only imported a matter of 260 standards—the consumption small, amounting to 900 standards, compared with 4,400 standards for the corresponding month last year. The present stock, total

CANADA IN ADVANCE OF OTHER COUNTRIES IN PROVIDING FOR FUTURE OF INVALIDED SOLDIERS

Inter-Allied Conference Held in London Attracts Great Interest—King, Queen and Princess Beatrice Attend Canadian Exhibits Show in Connection With Conference — King George Pleased and Surprised At Efficiency of Canadian System.

Ottawa, July 3.—Reports received here of the inter-allied conference on after-care of disabled soldiers and sailors, held recently in London, indicate that Canada was found to be in advance of other countries in the systematic way in which she has gone about the important matter of the future of invalided soldiers. The representatives of the Invalided Soldiers' Commission of the Dominion who attended the conference were Senator J. S. McLeannan and Major R. T. MacKoen. Visitors to the Canadian Exhibits show in connection with the conference included the King and Queen and Princess Beatrice. The Princess accepted from Senator McLeannan a scarf, which had been woven by a disabled soldier in Montreal. The King expressed surprise at the shortness of time under the Canadian system in which ex-soldiers become well equipped for industrial life.

Well Advertised.
A great deal of space was given to the conference by the newspapers of London, one of them remarking that "the debates must have seemed, sometimes to the Canadian delegates to have been devoted to first principles, and to problems already solved in Canada."

The moving pictures entitled "Canada Work for Wounded Soldiers," were first shown to the conference, and then taken on a tour through the hospitals, where Canadian soldiers are convalescing in England, by Major MacKoen and Senator McLeannan, who addressed the Canadian soldiers on what the Dominion is doing to assist them to rehabilitate themselves in civil life. Senator McLeannan and Major MacKoen also visited Belgium and France to study the methods of these countries in connection with reconstruction. The films are being left in England with Lieut. Parkinson, who is to continue to show them to Canadian soldiers wherever they may be. Canadian representatives at the conference will shortly return to this country.

Special to The Standard.
Buctouche, July 3.—Today was one long to be remembered in the Parish of St. Mary's where priestly duties were being performed by the venerable Rev. Father Joseph Oullett, who celebrated the fiftieth anniversary of his ordination to the priesthood. Some thirty-five priests were present from far and near. At the conclusion of mass Father Oullett was presented with a congratulatory address, accompanied by an address by clergy of the diocese. The presentation was made by Father D. Legere.

CHANGING PRICES IN THE MARKET

Strawberries and Early Vegetables Climbed Price Ladder Yesterday.

More than strawberries climbed up and down the "ladder of price," yesterday. A visit to the market revealed that many staples were in the climbing list. Potatoes were selling at 30 cents per peck in some stalls and 20 cents at 40 cents; butter, 45c to 48c; radishes, 5 to 8 cts. per bunch; eggs went at 45 to 48 cents per dozen, and cucumbers at 20 cents each. Strawberries sold at 2 boxes for 25 cents but jumped to 18 and 20 cents per box in other stalls. One official stated he believed berries would go up again, as the recent rains had hindered the gathering of them and a temporary scarcity would cause prices to climb. He showed some new American beans which were going strong at 35 cents per pound, and cabbage at ten cents per pound. Prices differ in the same commodity in different places. A grocer on Charlotte street sold strawberries yesterday at 10 cents per box, whilst another on the same street was charging 18 cents. A countryman sold them at 2 boxes for 25 cents.

London, July 2.—German troops last night, after a strong bombardment, attacked to the northwest of Albert, north of the Somme, in an attempt to regain positions lost to the British on Sunday night. The enemy succeeded in gaining a footing in one of the British trenches but elsewhere were repulsed with loss.

LEMON JUICE TAKES OFF TAN

Girls! Make bleaching lotion if skin is sunburned, tanned or freckled.

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, shake well, and you have a quarter pint of the best freckle, sunburn and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of Orchard White for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles, sunburn, windburn and tan disappear and how clear, soft and white the skin becomes. Yes! It is harmless.

New York, July 2.—Irregularity is expected to continue in the market with professionals still disposed toward reactionary activity. Sentiment in these circles shows a tendency to sell active issues on rallies. We think the market may be a little overbought with the technique moderately vulnerable and requiring a new bull initiative for improvement of a broader nature.

We do not believe any recession would be important unless very unfavorable developments take place, and would be inclined to buy on weakness after recessions. There may be some diverting movements on specialties like American Beet Sugar. Professionals are still selling Baldwin Loco. Crue, and other active stocks on rallies. Good buying is noted in Anaconda and American Car Foundry. Speculative liquidation continues in New Haven. Stop loss orders for bull account are being caught in U. S. Steel.

Montreal, July 2.—Mark Workman, president of the Dominion Steel Corporation, leaves for Sydney, N. S., tomorrow morning, where he will spend the summer and give a considerable amount of attention to the carrying out of the plans of operation for extending the scope of operations of that company.

BOLSHEVIKI OUSTED AT VLADIVOSTOK

Czecho-Slovak Forces Defeat Red Guards and Gain Important Port.

Washington, July 3.—Advices received here today say that there was fighting in which some Red Guards were killed when the Czecho-Slovak forces ousted the Bolsheviki authorities at Vladivostok several days ago and took complete possession of the important port and terminal of the Trans-Siberian railroad.

London, July 2.—Shareholders of the Bank of British North America today passed a resolution giving effect to an agreement for the sale of the bank to the Bank of Montreal on the terms already published.
