

Fine Programme Given At G. W. V. A. Band Concert

Large Crowd Present in City Hall, West Side, Last Evening—Band Selections and Numbers by Assisting Artists Enjoyed.

No criticism as to the selection of the programme of excellence of performance can be made of the City Hall West Side, last evening by the band of the Great War Veterans Association. The entertainment was under the auspices of the Lindbergh, St. United Baptist Sunday School, and every seat in the hall was occupied. The applause was hearty and the assisting artists as well as the band were welcomed frequently.

Mayor Hayes was the chairman of the evening and in his introductory speech spoke of the men who for the band and the encouragement and assistance which should be given in all their undertakings.

The selections played by the band, under the leadership of Murray W. Long, were marked by a precision, unity and depth of expression which was most noticeable. The Highland Patrol, "Wee McGregor," which opened the programme, showed fine shading in the finale as the music drew away in the distance. In the selections from "Faust," the successive sweetness, pathos, gaiety and martial strains were brought out with wonderful effectiveness. This was perhaps the gem of the evening. Though a "Hanswurst" does not necessarily imply something funny, the bassoon solo "Lucy Loe," by Bandman Percy Belyea was a decidedly novel, and was very cleverly played, causing much amusement.

The humorous sketch of a Southern wedding was a very popular number and one that was greatly enjoyed. The cornet solo "Roses of Picardy," by Bandman T. N. Owens, was delightfully rendered.

Mrs. B. C. Perris' fine voice was heard to advantage in Tosti's "Good-bye to Summer," which she sang brilliantly, giving as an encore "Mary of Angkor." A. C. Smith was prevented by illness from being present and his place was taken by DeWitt Cairns who sang the ever popular "Veteran's Song" splendidly played, causing much amusement.

Much appreciated readings were given by Miss Vera Roberts and Mrs. L. Robertson, who responded to encores. Mr. Robertson's readings were given in broad Scotch and were very funny. Other band numbers on the programme were a beautifully played overture "Mazurka," by D. E. Auber; Selections from the City Choir Review (Norton) and the Grand Military Tattoo. (Major McKenzie Rozar).

Miss M. E. Mullin acted as accompanist. The first official concert of the G. W. V. A. Band was certainly a success and it marks a big stride ahead in musical matters in this city when the programme of such excellence can be given by St. John men.

Some High Altitudes Reached By Candidates In Revised Vote Standing

Candidates and Their Friends Are Advised Not to Wait Too Long in Sending in Subscriptions and Delay Now Might Mean the Loss of Votes—Those at the Bottom Today May be at the Top at Final Count.

When the ballots were counted yesterday, they revealed some very small gains for nearly all of the candidates and some new marks are now set, and the candidates can now begin to figure on what it is going to take to come out of the contest on Saturday night.

The next counting of the ballots will be at noon on Friday and the result of this counting will be published Saturday, the next and final counting, the one which will decide the winners, will be made by the judges on Saturday night. This last counting will be made as soon after 10 p.m. as the last returns are in and can be turned over to the judges for their counting. If candidates get their subscriptions in early, then the winners will be known early; if they wait until the last minute this will delay the count and the winners will not be known for some time.

There is such a thing as waiting too long before you send in your final subscription, you may plan on some mail, and that mail may be late and not get there in time to be included.

Great Steel Strike Gathered Further Momentum at Various Industrial Centres Tuesday

Continued from Page 1.
The statement of an official of the Carnegie Company, William B. Foster, secretary of the National Committee for organizing of steel workers, in charge of National Headquarters here, said reports received by him during the day from organizers and others in charge of steel districts, show that 25,100 men are participating in the strike. According to his figures, 9,000 additional men are out in the city of Pittsburgh, 8,000 more at Braddock, and 3,000 additional in Rankin, near here. He claims 20,000 additional men are out in the Chicago territory and 8,000 more in the Youngstown district, and 3,000 more in the Wheeling field.

While not giving any figures, Corporation representatives tonight disputed the figures, saying that if they were true many of the districts included in Foster's list would be completely shut down, which is not the case. The United States Steel Corporation, according to reports, has not met with as much success in operating some of its subsidiaries in other parts of Pennsylvania, as has the plants of the Carnegie Company in this immediate vicinity. In several localities its small works were closed down when it was found insufficient men had reported to keep the plants in successful operation. Representatives of the Carnegie interests here declared that this was due to lack of adequate protection for men willing to work.

Mills Close in Chicago.
Chicago, Sept. 23.—Closing of additional steel plants in South Chicago and Indiana Harbor and absence of appreciable industry in the mills which were attempting to operate with reduced forces in Gary, marked the second day of the steel strike in the Chicago area. The steel industry in the Chicago area claimed gains of approximately 10,000 in the number of strikers. Officials of the United States Steel Corporation, however, maintained the reticence which they have exhibited since the first strike murmurings were heard, and operators of independent plants settled down to a policy of watchful waiting. Among the rank and file of the strikers the holiday aspects of the walkout were accentuated.

The moving picture houses and other recreation places were booming and dance rooms were advertised by posters on social clubs. No signs of disorder were in evidence at any of the strike centres.

Today only the Gary mills of the United States Steel Corporation, the smaller establishments in Chicago and five independent plants in Hammond tried to operate. At South Chicago, a few men patrolled the silent mills as the guards and Indiana Harbor the banked fires smoldered and thin wisps of smoke curled lazily from the tall stacks.

A peculiar theft is reported to have occurred in a large store in St. John. A coat was hanging up in the shop was found to be minus the neck cuffs which were gone. Some one had been in need of fur cuffs and had quietly helped himself.

TEMPORARY FIXED PRICE FOR MILK SURE TO FOLLOW

Investigations Being Carried on at Toronto Show a Necessity for Establishing a Price to Protect Producers.

Toronto, Sept. 23.—When Major J. Lewis Duncan's committee investigated the price of milk tomorrow morning, it will, in all probability, fix a temporary increased price at which producers may dispose of milk to the distributors. Just before the committee adjourned tonight, D'Arcy Scott, representing the National Dairy Council, voiced the demand of the producers that pending the ultimate decision of the committee, an interim enhanced price from October 1 to September 1, suggested as \$3.00 per eight gallon be named. Major Duncan and his committee then took up the suggestion in private.

"We decided to wait for a full committee tomorrow morning," reported the chairman afterwards, "and see if we can agree on a temporary fixed price."

"Does that mean," he was asked, "that the principle of Mr. Scott's request is to be acted upon?"

"In effect, that is what is meant, but the committee will discuss the matter tomorrow morning with open minds," he replied.

General Manager Hughes, of the Farmers' Dairy, testified that his company had been producing milk for over 10 years in 1913, although the selling price has increased during that period from 7.10 cents to 1.35 cents a quart. The operating cost is now 3.71, and the profit, according to this statement, is four-fifths of a cent a quart.

Mr. Hughes stated that in eight months the Farmers' Dairy Company lost \$10,000 worth of milk bottles. He stated that the loss was due to the fact that the milk dealers' Association, said thousands of milk bottles went to the dumping grounds through citizens' indifference.
